Additional advantages for active participants in The Honors College include priority enrollment, access to various engagement and social activities exclusive to honors students, and an honors housing option in Stout Hall (on a rooms-available basis).

Admission of new first-year students to The Honors College is based on a high school grade-point average of 3.85 or higher OR high school grade-point average of 3.75 and an ACT composite score of 27 (or comparable SAT-R score). If a student has a high school grade-point average of at least 3.75 and does not have a standardized test score or would like to be considered for Honors College admission without a standardized test score being taken into consideration, the student may petition for admission. The petition form is available when the student applies to The Honors College through the OSU admissions application. Oklahoma State University uses the highest cumulative GPA (weighted or unweighted based on a 4.0 scale) indicated on a student's official high school transcript for admission and scholarship purposes. GPAs not using a 4.0 scale will be converted to a 4.0 scale.

Students other than new first-year students may be admitted to The Honors College on the basis of their overall grade-point average (7-59 hours earned: 3.30; 60-93 hours earned: 3.40; 94 or more hours earned: 3.50). Transfer students must have completed at least seven college credit hours (not including concurrent enrollment while in high school) to be eligible on the basis of college performance if they do not have the required high school grade-point average and ACT score.
In addition to meeting the Honors criteria, admission to The Honors College is contingent on space being available. Please apply as early as possible for the best consideration. Students must be admitted to OSU to apply to The Honors College. Apply online at admissions.okstate.edu/apply (https://admissions.okstate.edu/apply/). There is no additional fee to apply to The Honors College. Honors eligibility is subject to periodic review, so be sure to check with The Honors College for current requirements.

For additional information about The Honors College, interested students should consult the Dean or Program Manager of The Honors College, 101 Old Central, or visit https://honors.okstate.edu (http://honors.okstate.edu).

OSU-Tulsa Honors Award

This award was created for OSU-Tulsa students and is ideal for transfer students. In general, the OSU-Tulsa Honors Award requires a minimum of 18 honors credit hours with a grade of "A" or "B", including a 3-hour thesis prep and 3-hour thesis or creative component, with a cumulative graduation/retention GPA of 3.50 or higher. Up to nine of the 18 honors credit hours can be transferred in from eligible honors programs. Students who earn the OSU-Tulsa Honors Award receive a certificate, and the award is posted to their undergraduate transcripts.

For additional information about the OSU-Tulsa Honors Award, interested students should consult Dr. Lindsey Smith, coordinator of the OSU-Tulsa Honors Award, 101 Old Central, or visit https://honors.okstate.edu.

Courses

HONR 1000 Introductory Honors Topics
Prerequisites: Introductory Honors Topics.
Description: Introduction to topics in various disciplines by faculty from the undergraduate colleges for freshman and sophomore students in the University Honors College. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.
Credit hours: 1-3
Contact hours: Contact: 1-3 Other: 1-3
Levels: Undergraduate
Schedule types: Independent Study
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 1010 Introductory Honors Seminar in Social Sciences
Prerequisites: Honors College participation.
Description: Introduction to topics in social science disciplines by faculty from the undergraduate colleges for freshman and sophomore students in the University Honors College. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 1020 Introductory Honors Seminar in STEM
Prerequisites: Honors College Participation.
Description: Introduction to topics in STEM disciplines by faculty from the undergraduate colleges for freshman and sophomore students in the University Honors College. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 1030 Introductory Honors Seminar in Arts and Humanities
Prerequisites: Honors College participation.
Description: Introduction to topics in arts and humanities disciplines. Offered for variable credit, 1-3 credit hours, maximum of 12 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 1093 Patterns and Symmetry in Mathematics (Q)
Prerequisites: Honors Program participation.
Description: Tessellations, or repetitive patterns in the plane and in space, and the symmetries, or rigid motions, that preserve them. Illustrations from art, architecture, science, and nature. For the Honors student.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Analytical & Quant Thought, Honors Credit

HONR 1103 The US Presidency (as seen on TV) (S)
Prerequisites: Honors College participation.
Description: This course will focus on the relationship between the U.S. Presidency and the media, starting from the Roosevelt administration. The course also examines the unique communication opportunities Presidents (and those seeking the office) can utilize, from news conferences to debates. Special consideration will be given to the impact of new and social media and whether it is diminishing the impact of television on coverage of the office.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, Society & Human Behavior

HONR 1113 Active Aging for L.I.F.E (DS)
Prerequisites: Honors College participation.
Description: Active aging allows people to realize their potential for physical, social and mental well-being throughout the life course. In this honors seminar you will acquire a great deal of information on a wide range of topics in order to build your personal understanding of the relationships between Longevity, Independence, Fitness and Engagement for active aging.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Honors Credit, Society & Human Behavior

HONR 1123 The Art of Mindful Living (H)
Prerequisites: Honors College Participation.
Description: Meditation and mindfulness are becoming ever-more relevant and important in our busy modern world and life. This course presents the basics for both understanding and practicing mindfulness so to live a more peaceful and fulfilled life.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 1133 Place-As-Text Seminar (H)
Prerequisites: Honors College Participation.
Description: Place-as-Text™ is a curriculum developed and taught by honors colleges and programs around the country. These courses focus on a place, often a city, and explore life and culture there through immersive, experience-based activities. Students will learn to observe closely, "read" what they encounter and experience, and independently analyze how cultural ideas create real living conditions.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 1153 Sex in College Culture Honors (S)
Prerequisites: Honors College Participation.
Description: Within college culture, individual identity and behavior, social expectations, and campus policies coalesce to influence the sexual experiences of college students. This course examines gender; sexual scripts; dating, hooking up, and relationships; sexual orientation; Greek life; and sexual violence as confined within and ultimately shaped by college culture.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, Society & Human Behavior

HONR 1503 Integrative Biology: The Mind (N)
Prerequisites: Honors College participation.
Description: The Mind connects biopsychology to real world behavior and shows how millions of years of cognitive evolution have shaped how we see the world and how we make decisions based on our perceptions. This is a natural science course that addresses important contemporary social issues and will be uniquely effective at helping prepare students to not only be successful young academics, but conscientious thoughtful members of society as well.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, Natural Science Reasoning

HONR 2013 Honors Law and Legal Institutions (S)
Prerequisites: Honors Program participation.
Description: An introduction to law in American society with reference to its European origins; its political, economic, psychological, and sociological dimensions; and the substantive law in selected areas. Introduction to legal reasoning and legal research techniques. For the Honors student.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit, Society & Human Behavior

HONR 2023 Constitutional Dimensions of Diversity (DS)
Prerequisites: Honors College participation.
Description: An introduction to American constitutional law as it relates to diversity issues through the study of landmark Supreme Court decisions affecting the rights of various minorities. Introduction to legal research techniques.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Honors Credit, Society & Human Behavior

HONR 2063 Ethical Issues Across Cultural Perspectives (H)
Prerequisites: Honors Program participation.
Description: An introduction to reasoned methods of evaluating ideas and arguments as they pertain to ethical issues from a global perspective. Concepts including obligation, justice, and ethnicity from Lao Tzu, Maimonides, Kant, and Indian wisdom stories. Environmentalism, technology, and cultural knowledge. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2073 The Story of Lizzie Borden: Axe Murder in American Culture (DH)
Prerequisites: Honors College participation.
Description: In 1892, Lizzie Borden was accused of killing her father and stepmother with an axe. She was eventually acquitted, but her story had captured the American cultural imagination. This course examines representations of the Lizzie Borden story in news reports, true crime, short fiction, poems, novels, plays, a ballet, and multiple films, exploring how changing concepts of gender shape the way in which the story is told in different media and in different moments in American history.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Human Heritage & Cultures, Honors Credit

HONR 2083 Honors Flash Fiction: A Tiny Genre with a Big Impact (DH)
Prerequisites: Honors College participation.
Description: This honors seminar explores diversity in contemporary American culture through the lens of flash fiction; very short stories.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Diversity, Human Heritage & Cultures, Honors Credit

HONR 2093 Tornadoes in American Culture (H)
Prerequisites: Honors College participation.
Description: This honors seminar will explore how tornadoes shape regional identities, produce diverse narratives, and influence art, literature and film.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2303 Magic Rings Symbol and Allegory (H)
Prerequisites: Honors College participation.
Description: A study of magic rings as symbols in Western philosophy, literature, and music. Works will include Plato's Republic, Wagner's Ring on the Nibelung, and Tolkien's Lord of the Rings.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2313 Don Juan: His Lives and Times (H)
Prerequisites: Honors College participation.
Description: A cultural history of the Don Juan figure in literature and music from the 17th century to the present. Works studied include those by Tirso de Molina, Molière, Mozart, Pushkin, Byron, Shaw, and Walcott.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2323 Witches, Murderers, Pirates, and Thieves: Early American Crime Narratives (H)
Prerequisites: Honors College participation.
Description: Tales of crimes – real, alleged and fictional – were very popular with readers in the 17th, 18th and 19th century Atlantic world, as they are today. As we work our way through tales of sensational crime, we will think about the cultural work that crime stories do; that is, we will consider how they explore ideas about human nature, civil society, authority, transgression, and the origins of evil.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2413 The Ancient World (H)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of art, history, philosophy and literature from ancient Greece and Rome as well as the religious ideas central to Judaism and Christianity. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. No degree credit for students with prior credit in HONR 2113. Previously offered as HONR 1013.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2423 The Middle Ages and Renaissance (H)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of art, history, philosophy and literature from the Middle Ages to the early Renaissance. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2113. Previously offered as HONR 1023.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2433 The Early Modern World (H)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of art, history, philosophy and literature from the late Renaissance to the mid-19th century. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2223. Previously offered as HONR 1033.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate

Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2443 Honors Romanticism to Postmodernism: 19th & 20th Centuries (H)
Prerequisites: Honors Program participation.
Description: Interdisciplinary study of art, history, philosophy and literature from the 19th century to the present. Team-taught by faculty from appropriate disciplines in a lecture and discussion format. For the Honors student. May not be used for degree credit with HONR 2223. Previously offered as HONR 1043.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit

HONR 2503 Confronting Pseudoscience
Prerequisites: Honors College participation.
Description: Using the tools of evidential reasoning and critical thinking this course examines the difference between a true scientific endeavor and pseudoscientific belief systems. In doing so it provides students with an understanding of scientific reasoning and its application in everyday life while exposing students to content from a range of the natural sciences.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 2514 Honors Scientific Inquiry
Prerequisites: Honors Program participation.
Description: A team-taught interdisciplinary course dealing with philosophy of science and the application of the scientific method in the natural and social sciences. Selected topics that involve interdisciplinary scientific inquiry. For the Honors student.
Credit hours: 4
Contact hours: Lecture: 3 Lab: 2 Contact: 5
Levels: Undergraduate
Schedule types: Lab, Lecture, Combined lecture and lab
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 2890 Introductory Honors Add-On
Prerequisites: Honors College participation and concurrent enrollment in a designated course.
Description: A supplemental introductory honors experience to partner concurrently with designated course(s). This course adds a different intellectual dimension to the designated course(s). Offered for fixed credit, 1 credit hour.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3000 Advanced Honors Topics
Prerequisites: Honors Program participation, junior standing.
Description: Topical study in various disciplines taught by faculty from the undergraduate colleges for junior and senior students in the University Honors Program. Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.
Credit hours: 1-3
Contact hours: Contact: 1-3 Other: 1-3
Levels: Undergraduate
Schedule types: Independent Study
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3010 Advanced Honors Seminar in Social Sciences
Prerequisites: Honors College participation.
Description: Advanced investigation of topics in social science disciplines for the Honors College. Offered for variable credit, 1-3 credit hours, maximum of 15 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3013 Holocaust Studies Seminar (GH)
Prerequisites: Junior standing and Honors College participation.
Description: An interdisciplinary study of one of the great atrocities of human history – the Holocaust. Addresses questions of good and evil, divinity and humanity, and truth and responsibility that arise from this event. For the Honors Student.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Human Heritage & Cultures, Honors Credit, International Dimension

HONR 3020 Advanced Honors Seminar in STEM
Prerequisites: Honors College participation.
Description: Advanced investigation of topics in STEM disciplines in the Honors College. Offered for variable credit, 1-3 credit hours, maximum of 15 credit hours.
Credit hours: 1-3
Contact hours: Lecture: 1-3 Contact: 1-3
Levels: Undergraduate
Schedule types: Lecture
Department/School: Honors College
General Education and other Course Attributes: Honors Credit

HONR 3023 Contemporary Cultures of the Western World: Honors (GH)
Prerequisites: Honors College participation.
Description: Interdisciplinary examination of one or more cultures of Europe and/or the western hemisphere. The course will explore characteristics of "Western" cultures and their manifestations in modern societies. Topics of study include diversity in social and cultural practices.
Credit hours: 3
Contact hours: Lecture: 3 Contact: 3

Awards

Minimum Overall Grade Point Average: 3.50
Total Hours: 30

Code	Title	Hours
Honors College Degree		
The General Honors Award and the College Honors Award are independent awards and stackable components of the Honors College Degree.		
General Honors Award		
To earn the General Honors Award only, students must complete the required General Honors Award hours and a minimum of 15 total honors hours.		
Complete 9 honors hours breadth requirement.		9
Complete 3 hours in honors seminar credit.		3
Select additional honors hours as needed to reach 15 total.		3
*No more than 12 credits of transfer honors may be used.		

*No Grade Below "B."

College/Departmental Honors Award	
To earn the College Honors Award only, students must complete the required College Honors Award hours and a minimum of 12 upper-division honors hours.	
Select 6 upper-division honors credits in your major field of study,with a minimum of 3 honors hours using major course prefix.	6
Complete 3 hours of honors pre-thesis course credit.	3
Complete 3 hours of honors thesis or creative component course credit.	3
*Upper-division honors seminar hours ordinarily cannot be used and would require departmental permission.	
*Transfer courses may not be used to complete this award.	
*No Grade Below "B."	
*To earn the General Honors Award and the College Honors Award, students must complete required hours for both awards and a minimum of 27 honors hours.	
Honors College Degree	
To earn the Honors College Degree, students must complete requirements for the General Honors Award and the College Honors Award and a minimum of 30 honors hours.	3
*No grade below "B."	
Total Hours	**30**

Code	Title	Hours
Tulsa Honors Award		
Select 6 open honors credits (can be lower- or upper-division)		6
Select 6 upper-division honors credits in your major field of study, with a minimum of 3 honors hours using major course prefix.		6
Complete 3 honors hours of pre-thesis course credit.		3
Complete 3 honors hours of thesis or creative component course credit.		3
*Only available for students enrolled at OSU-Tulsa.		
*No more than 12 credits of transfer honors may be used.		
*No grade below "B."		
Total Hours		**18**

The OSU Graduate College - Developing the person, the scholar, and the professional...

Graduate education at Oklahoma State University (OSU) is organized around the scholarly pursuit of new knowledge, both through didactic instruction and independent and group research conducted utilizing the facilities and resources of a major research university. OSU's national and international reputation is grounded in the scholarly research and creative work performed by faculty and students under the auspices of OSU's graduate programs.

The first graduate degree was conferred by OSU in 1912, and the Graduate College was organized in 1929. OSU offers more than 200 graduate degree programs, and certificates, including several interdisciplinary and joint-degree programs.

1.0 Overview

1.1 Graduate Students.

Nearly 6,000 graduate students currently study at OSU. Part of OSU's mission as a Land Grant University is to serve the people of the region, the state, the nation, and the world by making a first-class education available to all. In response to the growing diversity and demographic changes in the state and in the nation, OSU is committed to preparing graduates to live and work in a culturally pluralistic world. The Graduate College is proud of the diversity of its graduate student population and of their contributions to both the generation and dissemination of new knowledge through their involvement in the University's research and instructional programs. Numerous multicultural student organizations on campus provide information and support to international and diverse students to assist in the successful completion of their graduate studies.

1.2 The Graduate College.

The Graduate College supervises all graduate work offered by OSU, including graduate degree programs at OSU–Stillwater, OSU–Tulsa, OSU Center for Health Sciences in Tulsa, and OSU College of Veterinary Medicine in Stillwater. Professional medical degrees offered through the College of Veterinary Medicine and the Center for Health Sciences in Tulsa are not under the Graduate College. The Graduate College sets standards for admission to graduate standing and recommends to the Board of Regents those students who have completed work required for earning graduate degrees.

In addition, the Graduate College, collaborating with partners campus-wide, offers a number of student services and professional preparation opportunities specifically designed for graduate student success while at OSU as well as after graduation. These activities in the *360° Critical Skills for Career Success* in the Graduate Student Success center include graduate teaching assistant orientation programs, three-minute oral communication competitions, and thesis/dissertation writing workshops.

1.3 Graduate College Memberships.

The Graduate College is a member of the Council of Graduate Schools (CGS), the Conference of Southern Graduate Schools (CSGS), and the Midwestern Association of Graduate Schools (MAGS).

1.4 Organization of the Graduate College.

Consistent with its objective of maintaining the highest standards in graduate education, the Graduate College administers the policies and procedures specified and established by the Graduate Faculty, Graduate Council, Board of Regents for the Oklahoma Agricultural and Mechanical Colleges and the Oklahoma State Regents for Higher Education. The dean of the Graduate College is the senior administrator of the College as well as the dean for graduate students. The Graduate Council is the executive committee of the Graduate Faculty; it is elected by the Graduate Faculty to work with the dean of the Graduate College in the development and administration of applicable policy. The Graduate Council formulates and reviews policies concerning the conduct of graduate study at OSU, and Council members participate in the periodic review of graduate programs. All proposed policies and requests related to the initiation and development of graduate curricular offerings and programs are referred to the Graduate Council for review, comment, and approval.

1.5 Accreditation.

OSU is accredited by the Higher Learning Commission (HLC). Several programs within the disciplinary colleges are also accredited by other agencies; see "Accreditation (p. 18)" in "The University (p. 18)" section of the Catalog.

1.6 General Regulation.

Full authority over all academic decisions within the Graduate College rests with the dean of the Graduate College. The Graduate College policies and procedures described in the Catalog are subject to regular review and may be revised at any time by the dean of the Graduate College in consultation with the Graduate Council.

1.7 Responsibilities.

All graduate students are expected to read and to comply with the written regulations of their graduate programs and disciplinary college, as well as the Graduate College and University. The regulations presented in the Catalog may be supplemented by written departmental or program requirements available at departmental offices and/or websites. Admission to a specific graduate program obligates the student to understand and adhere to the policies of that program.

General regulations in the following sections relate to requirements for admission, enrollment, and academic standing. Subsequent sections outline requirements for the following credentials: Graduate Certificate, Masters, Specialist, and Doctoral degrees. Particular attention should be given to timing and substantive requirements for matriculation, especially admission, the Plan of Study, residency, language proficiency, research, dissertation/thesis/creative component/report, and graduation. The regulations are prescribed by the Graduate Council with the intent of assuring high-quality graduate programs and effective interaction of Graduate Faculty members and graduate students.

1.8 Email as Official Correspondence.

OSU uses the institutional O-Key email address as an official means of communication with OSU faculty, staff, administrators, and students. All students have an official OSU email address that is activated when they set up their O-Key account. Students are expected to activate and check their OSU email on a frequent and consistent basis to remain informed of their official University business and are expected to ensure that adequate email space is available to receive messages.

1.9 Tuition and Fees.

Refer to the "Tuition, Fees and Cost Estimates (p. 78)" section of the Catalog.

1.10 Exception Requests.

Any request for a waiver of, exception to, or deviation from, any requirement set forth in the "Graduate College" section of the Catalog must be in the form of a written petition to the dean of the Graduate College. Such petitions should include a supporting letter from the graduate faculty advisor and/or graduate program coordinator.

2.0 Services for Graduate Students

For a complete list of University services, please visit the "Current Student " link on the "Resources" menu on the Graduate College website (http://gradcollege.okstate.edu) or the "Student Life" link on the OSU website (http://go.okstate.edu).

2.1 Graduate and Professional Student Government Association.

The Graduate and Professional Student Government Association (GPSGA) is an official advisory body to the University President and dean of the Graduate College and serves as the representative voice for graduate and professional students at OSU. Its mission is to improve all aspects of post-graduate education and student life at OSU.

The Association represents each graduate and professional degree program. Representatives are nominated by the graduate programs with membership conferred by the GPSGA president. Each representative is appointed for a term of one year; a representative must be in good academic standing and enrolled full time.

The GPSGA provides funds for graduate and professional student organizations and in collaboration with the Graduate College, travel grants to help students defray costs incurred by attending and presenting at professional meetings. For more information consult gpsga.okstate.edu (http://gpsga.okstate.edu).

3.0 Funding Your Graduate Education

3.1 General Financial Aid.

One of the most common sources of funding for graduate students is graduate assistantships. Graduate teaching and research assistantships (GTAs/GRAs) support OSU's instructional and scholarly activities. Most academic programs routinely evaluate graduate admission applications not only for admission consideration but also for the possibility of assistantship offers. The graduate program makes assistantship offers. These awards assist students in paying for their graduate education and also offer opportunities to gain valuable skills and experience in their discipline and as a professional.

3.2 Office of the Bursar Payment Plan

OSU offers enrolled students a semester-based payment option, as an alternative to the traditional lump-sum payment method. This plan allows for university-billed expenses to be paid in regular monthly installment without a finance charges. The plan has a $25 application fee and additional information can be found at https://bursar.okstate.edu/billing_payment-option-plan (https://bursar.okstate.edu/payment-option-plan/)/.

3.3 Federal Financial Aid.

All domestic students who want to qualify for federal financial aid should complete the Free Application for Federal Student Aid (FAFSA). Students are encouraged to complete the FAFSA annually as soon after October 1 as possible to receive aid for the subsequent academic year. The FAFSA is available at www.studentaid.gov/h/apply-for-aid/fafsa.ed.gov (https://studentaid.gov/h/apply-for-aid/fafsa/).

3.4 OSU Short-Term Emergency Loans.

In addition to potential federal loans that may be awarded, OSU assists students in need of immediate funds through the Short-Term Emergency Loan Program. This program is designed to help OSU students who are currently enrolled and attending classes to meet educationally-related off-campus unexpected expenses. The program is not designed to pay a debt owed to OSU. Qualified students may borrow up to $500 less a $10 service charge one time per semester. Additional information about the Short-Term Emergency Loan Program can be found at https://financialaid.okstate.edu/aid/loans/stl (https://financialaid.okstate.edu/aid/loans/stl/).

3.5 Graduate Assistantships.

OSU recognizes two types of graduate assistants for students enrolled in master's, specialist, and doctoral degree programs. Graduate certificate seeking only and non-degree seeking students are not eligible for GTA or GRA positions or associated benefits.

A Graduate Teaching Assistant (GTA) must be admitted to and meet the requirements of the Graduate College, be fully admitted to a graduate degree program, enrolled, and be under the supervision of an appropriate graduate faculty member. In consultation with the supervisor, the GTA works to gain instructional skills and an increased understanding of the discipline. The GTA is provided a stipend and their primary responsibilities are to support the University's instructional mission. Services provided by a GTA may include: classroom or laboratory teaching; advising and mentoring of students; proctoring examinations; grading papers, homework, and/or projects; accompanying/coaching musical or vocal performances; providing artistic instruction or assisting with preparation and management of materials and programs that are utilized in imparting knowledge or in the instructional process; or providing other general assistance in the instruction process. A GTA may be assigned primary responsibilities in an extension, outreach, or service role for which those responsibilities support the instructional mission of the University. GTAs may not be given duties to support faculty research or those primarily clerical in nature.

A Graduate Research Assistant (GRA) must be admitted to and meet the requirements of the Graduate College, be fully admitted to a graduate degree program, enrolled, and be under the supervision of an appropriate graduate faculty member. A GRA is provided a stipend and their primary responsibilities are to provide general support to the University's research mission. These responsibilities may or may not relate directly to the student's thesis or dissertation. Duties of the GRA primarily involve applying and mastering research concepts, practices, or methods

of scholarship. Services provided by a GRA may include: assisting faculty members in a research or creative activity; performing degree-related professional or administrative services that supports research, instruction, professional development, or outreach missions of the University; developing and evaluating instructional materials or curricula; or assuming responsibility for designated scholarly endeavors.

Assistantship inquiries should be addressed to the unit head or graduate program coordinator of the unit/department/school/program in which the appointment is desired. The service expected is governed by the terms of the appointment.

3.6 Graduate Assistantship Responsibilities.

An offer of an assistantship is a commitment by a unit/department/school/program to provide financial support to admitted graduate students. Assistantships are an investment made by a unit/department/school/program and are granted primarily to enable the student to pursue an advanced degree and gain valuable experience. Accepting an assistantship brings with it a professional obligation to fulfill all of the responsibilities associated with the assistantship assignment. Included in this professional obligation is the expectation that students who have accepted an assistantship will diligently pursue their degree to completion. In recognition of this commitment and to provide adequate time for students holding assistantships to devote to study, employment as a graduate assistant is limited to a total, from all University sources (including external grants and contracts), of 0.50 FTE (an average of 20 hours per week) in the Fall and Spring semesters, and 0.75 FTE (an average of 30 hours per week) between the end of the Spring semester and the beginning of the Fall semester. Exceptions to this limitation may be requested by the employing unit or graduate program to the dean of the Graduate College.

A student with a 0.50 FTE assistantship is expected to devote, on average, 20 hours per week to their duties as a graduate teaching or research assistant; the remainder of academic effort is devoted to his or her own studies and research. The time devoted to the assistantship may vary from day to day and week to week as long as it does not exceed the average given above.

As part of a graduate student's educational experience, OSU makes a number of GRAs available on a routine basis. Graduate students on a GRA are expected to devote full-time effort to their graduate programs. While the GRA appointment provides a modest stipend for an average of 10 or 20 hours per week for a 0.25 or a 0.50 FTE assignment, respectively, in recognition of contributions to the OSU research enterprise, it does not indicate that no additional time and effort may be required of the graduate student who is actively pursuing a graduate research degree. Depending on the stage of the research project and the graduate student's advancement in the program, the student may be enrolled in research credit hours for academic credit or only enrolled in formal coursework. Irrespective of that enrollment, it is expected that the graduate student is working full-time toward completion of the advanced degree. OSU, like most institutions nationwide, does not define the research credit hour as equating to a specific amount of time and effort, as the nature of research is highly dependent on the individual's progress on the project. For instance, general OSU policy only requires a minimum enrollment in two credit hours when a graduate student is working on a research project and using OSU resources unless they are employed as a GTA/GRA.

In addition, all students holding a graduate assistantship are required to be full-time students - see "Enrollment Requirements" below. For fall and spring semesters, students employed 0.50 FTE must be enrolled in at least six credit hours to be considered full-time, while students employed less than 0.50 FTE must be enrolled in at least nine credit hours to be considered full-time. However, full-time enrollment for students admitted to doctoral candidacy is two credit hours. For the summer term, students employed at any level must be enrolled in at least two credit hours during any summer session to be considered full-time.

International students who are dependent upon an assistantship for their financial guarantee must remember that forfeiture of that assistantship may require the re-submission of a newly revised financial guarantee to the Office of International Students and Scholars. Students who forfeit their graduate assistantships risk rescission of tuition waivers, as well as any health insurance coverage for graduate assistants provided by the University.

Note that all graduate student benefit programs, such as tuition waivers, are only available to individuals with a primary classification as a graduate student enrolled in a degree program, which does not include certificate-seeking or non-degree seeking graduate students. OSU employees taking graduate classes do not qualify for graduate student benefit programs, irrespective of whether their employment is a benefit eligible position. One cannot selectively opt-out of certain benefits to seek eligibility for other benefits. Please contact the Graduate College or Human Resources if you have questions.

3.7 Graduate Assistantship General Benefits.

Graduate Teaching or Research Assistants employed at least 0.50 FTE in the fall/spring semester (average of 20 hours per week) are enrolled in a minimum of six (or two for doctoral candidates) eligible graduate hours will receive a tuition waiver (hours of enrollment must be required per the graduate degree program). GTAs and GRAs employed .50 FTE who are admitted solely into approved online graduate programs are eligible for an equivalent tuition waiver awarded for residential programs. International students enrolled in online graduate programs are not eligible for graduate assistantships. Summer tuition waivers for the same GTA or GRA for spring semester will apply during the summer regardless of summer employment. Tuition waivers cannot be applied to leveling, undergraduate, or some outreach type courses. Granting of these tuition waivers is also contingent upon the student submitting an electronic GTA/GRA (GSSI) tuition waiver agreement through the Graduate College website (https://gradcollege.okstate.edu/resources/current-student-resources.html), by the first day of the semester, in which they acknowledge their employment, enrollment, and good academic standing responsibilities. Once enrolled, good academic standing (i.e., not on academic notice – beyond conditional admission) is a requirement for OSU tuition waiver eligibility. For more information regarding tuition waiver benefits or academic standing, please visit the Graduate College website (gradcollege.okstate.edu (http://gradcollege.okstate.edu)).

Any graduate student employed as a GTA and/or a GRA less than 0.50 FTE total per week will not be eligible for any type of tuition waiver benefit.

3.7.1 Health Insurance Benefits.

Graduate Teaching or Research Assistants employed in a 0.25 FTE GTA/GRA position during the fall or spring semesters and who are enrolled in at least nine graduate credit hours throughout that entire semester are eligible for subsidized single-person-coverage health insurance through OSU for the fall (or spring) semester. Note: Spring semester eligibility coverage continues through the following summer regardless of employment or enrollment status.

Graduate Teaching or Research Assistants who are not eligible for health insurance coverage during the summer session by virtue of their eligibility during the previous spring semester but who are employed in a 0.25 FTE GTA/GRA position during the eight-week summer session and enrolled in at least two graduate credit hours are eligible for subsidized single-person-coverage health insurance through OSU for the summer term.

The University subsidizes the student's coverage on a semester-by-semester basis. Students receiving the GTA/GRA insurance are required to pay the semester health fee. Information on the policy is available at OSU Human Resources http://hr.okstate.edu/student-health-plan (http://hr.okstate.edu/student-health-plan/).

Eligible graduate students are automatically enrolled for the insurance coverage if they meet eligibility requirements. If students have other insurance coverage or choose not to be enrolled in the student health plan, they may complete a declination form to opt out. A declination form can be found at the following site http://hr.okstate.edu/student-health-plan (http://hr.okstate.edu/student-health-plan/). The form must be submitted by the deadline to OSU Human Resources, Benefits Office.

3.8 Health Insurance for International Students.

The Oklahoma State University Board of Regents requires that all visa-holding (i.e. non-immigrant) students at OSU be covered by health insurance. The OSU Student Insurance Policy is the recommended health insurance and will be billed to all non-immigrant student accounts automatically. Payment for the student insurance is included in the costs listed on the financial affidavit that international students are required to submit to receive a F-1 or J-1 visa.

The insurance premium can be waived for non-immigrant students sponsored by the United States Government, a foreign government recognized by the United States of America, or certain international, government sponsored or non-governmental organizations. Such waivers will be based on the government or organization guaranteeing payment of all health care expenses including evacuation and repatriation.

The insurance premium will also be waived for students who provide documented evidence of health insurance coverage by an employer. Non-immigrant students employed by OSU and eligible for both employer-provided insurance and international student health insurance may select between the two, as long as the insurance selected includes evacuation and repatriation coverage.

Students covered by a private medical insurance plan with benefits comparable to or better than the OSU plan, may request a waiver from OSU's international student health insurance requirement. Coverage must be for the first day of their first semester classes for a 12-month period.

To use alternate insurance, students must complete and submit a waiver request no later than the fifth day of classes. Waiver forms can be found on the International Students and Scholars (ISS) website at http://iss.okstate.edu.

Graduate Teaching or Research Assistants employed in a 0.25 FTE GTA/GRA position during the fall or spring semesters and who are enrolled in at least nine graduate credit hours throughout that entire semester are eligible for subsidized single-person-coverage health insurance through OSU for the fall (or spring) semester.

If a student holds an appointment as at least a 0.25 FTE OSU GTA or GRA position, OSU provides a subsidized, single-person student health insurance policy.

3.9 McNair Graduate Fellowships for former McNair Scholars.

Entering graduate students in residential degree programs who are graduates of a McNair Scholar Program as undergraduates may be eligible to become McNair Graduate Fellows. McNair Graduate Fellows receive a tuition waiver for all degree-eligible courses up to the number of hours in their degree program, irrespective of a qualifying assistantship. Such tuition waivers cannot apply to leveling or outreach-exception type courses. The McNair Graduate Fellow Tuition Waiver Program is competitive and is not guaranteed, irrespective of the McNair application waiver received. Please contact the Graduate College (grad-i@okstate.edu (gradi@okstate.edu)) for more information as restrictions apply. Also, note that all graduate student benefit programs, such as the McNair Graduate Fellow Tuition Waiver Program, are only available to individuals with a primary classification as degree seeking graduate students. OSU employees taking graduate classes do not qualify for graduate student benefit programs, irrespective of whether their employment is a benefit eligible position. One cannot opt-out of certain benefits in an a-la-carte manner to seek eligibility for other benefits. Please contact the Graduate College or Human Resources with additional questions.

3.10 City Year National Service Scholars.

Oklahoma State University is proud to partner with City Year through our shared visions and values of integrating the power of knowledge and service in addressing social problems. The OSU Graduate College City Year National Service Scholars Program provides City Year Alumni an application fee waiver and a tuition waiver for all degree-eligible courses up to the number of hours in their degree program; however, acceptance as an OSU Graduate College City Year National Service Scholar is competitive and is not guaranteed. Please contact the Graduate College or grad-i@okstate.edu for specific requirements.

3.11 Spouse/Partner Tuition Waivers.

A spouse/partner of a graduate teaching or research assistant who is receiving a tuition waiver that is associated with an eligible assistantship is eligible to apply for a waiver of the non-resident portion of tuition for all graduate level/eligible courses taken. Tuition waivers cannot apply to independent study, leveling, or certain outreach-type courses. Contact the Graduate College for details.

3.12 Student Employment.

Career Services provides assistance to OSU students seeking part-time employment or work study programs. Students are informed of job opportunities on campus and in the Stillwater community. Applications are available in room 360 Student Union. Jobs on campus usually offer 12 to 20 hours of work per week in clerical, technical, food service, or general labor positions. Rate of pay and work schedules vary.

Individual job search assistance is available with the graduate career consultant in the Student Union Career Services Office or with any of the college career consultants located in the respective disciplinary colleges. Services include resume and curriculum vitae development, written correspondence assistance, mock interviews and interview preparation, academic and non-academic job search assistance, workshops, and career fairs.

4.0 Admission to the Graduate College

Holders of baccalaureate or first professional degrees from accredited colleges and universities or those of recognized standing are eligible to seek admission to the Graduate College. Applicants must complete the web-based application and submit transcripts of all academic work and degrees received including any previous graduate coursework and degrees. No application for admission will be reviewed until the application fee is paid.

The prospective student should obtain transcripts for bachelor's degree(s) conferred or pending as well as for any graduate or professional coursework and upload these transcripts as part of their application (some programs may require applicants to upload transcripts from all institutions previously attended). If an applicant is offered admission to graduate studies, they will be required to have official transcripts submitted to the Graduate College.

To be official, transcripts must be issued from the school and must show the complete scholastic record, bear the official seal of the institution, be signed by the issuing officer, and be in a sealed envelope, or electronically delivered directly from the issuing institution. All transcripts become the property of OSU and are not released or returned.

When the applicant's file is complete, the faculty in the graduate program of the student's area of interest reviews the material and recommends an admission status to the dean of the Graduate College. The final decision for admission to the Graduate College is made by the graduate dean based on the graduate program's recommendations, prior academic performance of the applicant, and availability of space, facilities, and faculty mentors in the program. Admission decisions may be rescinded for reasons including but not limited to: the discovery of fraudulent statements or documents in the application; official test scores that become invalidated by testing agencies; and/or conduct/communication deemed to be threatening, harassing, or otherwise unprofessional. Admissions decisions are not appealable.

4.1 OSU Faculty Members.

No member of the faculty, with the rank of associate professor or above or equivalent rank at the time of completing the requirements, may be granted a graduate degree or certificate from this institution. This regulation also applies to faculty members in the schools of engineering holding the rank of assistant professor or above.

4.2 Types of Admission.

Admission to a graduate program at OSU is based on an evaluation of an applicant's overall record, experience, personal qualifications, proposed area of study, and fit with the graduate program. For admission without qualification, a GPA of at least 3.00 on a 4.00 scale or the equivalent is expected in undergraduate coursework or a 3.00 in any graduate or professional coursework already completed. Graduate programs are encouraged to evaluate applications holistically and may petition the Graduate College on behalf of an applicant for an exception to the cumulative GPA requirement. Academic programs may set more stringent admission requirements. Please check with the graduate program to which you are applying in order to determine any program specific requirements.

4.2.1 Admission Without Qualification.

Students planning to work toward a graduate degree in a recognized graduate program may be admissible without qualification - meaning they are in good standing - provided they meet all Graduate College and graduate program requirements.

4.2.2 Admission With Qualification.

Students planning to work toward a graduate degree in a recognized graduate program may be admissible with qualification - meaning subject to certain requirements - in order to attain good standing. A student can be offered provisional admission upon recommendation of the graduate program and with concurrence by the dean of the Graduate College. Admission with provisional status is granted to an applicant who does not meet one or more of the graduate program's admission requirements or when the applicant does not have all of the previous coursework. In this case, the graduate program requires specific provisions be met for admission in good standing. For example, a graduate program may require additional leveling coursework or higher test scores. The first obligation of a student admitted provisionally is to successfully meet all the provisions specified at the time of admission. Failure to meet these provisions could result in the dismissal from the program.

4.2.3 Admission With Academic Notice.

A student can be admitted with academic notice upon recommendation of the graduate program with concurrence by the dean of the Graduate College. Admission on academic notice is granted to an applicant who has deficiencies in previous academic coursework. A student admitted on academic notice must make at least a 3.00 GPA through the semester in which they complete nine hours of courses eligible for graduate credit. Upon successful fulfillment of these requirements the student will be granted good academic standing. Failure to meet the required level of academic performance while in probationary status may result in dismissal from the Graduate College.

4.2.4 Conditional Admission.

Several graduate programs at OSU will consider an applicant for conditional admission. An applicant can be admitted conditionally upon recommendation of the graduate program and with concurrence by the dean of the Graduate College. Conditional admission means that the applicant is academically qualified for admission to the graduate degree program but lacks a minimum English proficiency test score which satisfies the University's or graduate program's minimum (see "4.4 International Student Admission" for minimum requirements).

4.3 Non-Degree Seeking Student Status.

An applicant may be admitted to the Graduate College as a non-degree seeking student if they do not have immediate plans to become a degree candidate but wants to take graduate courses. Admission to the Graduate College as a non-degree seeking student means only that the student will be permitted to enroll in courses through the Graduate College. It does not imply that the student has been or will be admitted to a graduate program leading to an advanced degree or that the student will be able to obtain a graduate degree from OSU. Non-degree seeking students are not eligible for GTA or GRA positions or associated tuition waiver benefits.

4.3.1 Non-Degree Seeking Student Status Requirements.

Non-degree seeking students are subject to the same admission standards as degree-seeking students, including English language proficiency. Applicants for non-degree seeking student status are not automatically admitted without due deliberation of their past academic performance. A non-degree seeking applicant can be considered for admission "Without Qualification" provided their overall GPA is 3.00 or higher for all courses on their bachelor's degree transcript and/or transcripts from their graduate or professional coursework. An applicant whose GPA does not meet these criteria can be considered for admission

after consultation and recommendation of the Graduate College's non-degree seeking student advisor who may consider additional factors in making a decision, such as the following:

- length of time since last attendance at an institution of higher learning,
- a written appeal from the applicant explaining exceptional circumstances that warrant admission, and/or
- a letter of recommendation written by faculty who can speak to the applicant's potential for graduate work.

The prospective student is responsible for filing a new application for admission to the Graduate College should they wish to become a degree-seeking candidate. The new application will be evaluated by the graduate program and the dean of the Graduate College to ascertain admissibility to the degree program.

Given that non-degree seeking coursework is not guided by a Plan of Study or approved by an advisor, no more than nine semester credit hours of coursework taken while a non-degree seeking student may be used on a Plan of Study to meet requirements for a graduate degree (including a graduate certificate) program. In addition, only three semester credit hours of coursework taken while a non-degree seeking student may be used on a Plan of Study toward an MBA degree. Non-degree seeking students may not enroll in more than nine hours of courses eligible for graduate credit without permission of the dean of the Graduate College. To ensure that non-degree seeking students do not inadvertently exceed this limitation, an enrollment hold will be placed on each student's record in this status after the student has registered for six or more credit hours. This hold may be removed by the Graduate College (see below) once the student has formally re-acknowledged this nine-hour limitation.

Non-degree seeking students are subject to the same academic regulations as those graduate students admitted into degree programs. Such students are strongly encouraged to consult with the instructor of any course in which they intend to enroll in order to ensure they are adequately prepared for that course.

Non-degree seeking students may not enroll in thesis (5000) or dissertation (6000) courses.

Generally, International students with an F-1 visa, except students on Optional Practical training (OPT) or Curricular Practical training (CPT), may not be admitted or enroll as non-degree seeking students.

Academic advising for non-degree seeking student is provided by an advisor in the Graduate College. Students should contact the Graduate College at 405-744-6368 or grad-academici@okstate.edu for details.

4.4 International Student Admission.

International applicants are expected to submit applications, financial affidavits, transcripts and/or mark sheets, and, if required, official scores from an English proficiency examination. Completed applications and program recommendations for international applicants are due no later than February 1 for summer enrollment; May 1 for fall enrollment; and October 1 for spring enrollment. Applications that become complete after these deadline dates may be reviewed, but the Graduate College cannot guarantee application processing and an admissions decision be made in time. In these cases, applicants may request admission deferral.

4.4.1 English Proficiency.

As a condition of admission to graduate study at OSU, all persons for whom English is a second language are required to present proof of English competency regardless of the number of semesters or terms completed at OSU or in other institutions of higher education. A waiver of this requirement can be obtained for students who have completed a baccalaureate or graduate degree from an accredited institution of higher learning, at which English is the primary language of instruction, located in a country in which English is a recognized primary language. Note, that additional testing on-campus may be still necessary if employment as a graduate teaching assistant is desired. Graduate programs may have additional requirements.

Proof of English competency can be in the form of an official examination that must have been taken within the last two years.

Applicants who present a TOEFL score of at least 79 iBT/550 PBT or a PTE academic test score of at least 53, or an IELTS academic stream score of at least 6.5 satisfy the Graduate College's English proficiency requirements for admission to a graduate program. Note that some graduate programs require an English proficiency score or other tests above these levels, and applicants should contact the program for specific language requirements.

Applicants who present a TOEFL score of at least 61 IBT/500 PBT, but at less than 79 IBT/500 PBT, or a PTE academic test score of 44-52, or an IELTS score of 6.0, and, who demonstrate unusual academic promise may be admitted to graduate study on a conditional status upon petition to the Graduate College by the graduate program. Such applicants must successfully complete a minimum of 12 weeks of study at an intensive English program (IEP) approved by the Oklahoma State Regents for Higher Education State Regents. At least two-thirds (eight weeks) of the 12 weeks must be instruction at an advanced level. A list of State Regents' approved IEPs can be found in the OSRHE Academic Affairs Procedures Handbook. The OSU intensive English program, known as the English Language Institute (ELI), is a state-approved IEP. More information on the OSU ELI program can be found here https://global.okstate.edu/elic/index.html (https://global.okstate.edu/elic/).

Applicants, who do not submit a test score, can also seek admission to the OSU English Language Institute (ELI) in their first semester. These students will be issued an I-20 by ELI. After successful completion of an approved 12 week ELI program as described above, the student will be eligible for admission to their graduate program and will be issued an I-20 by the Graduate College. Concurrent enrollment in graduate courses and ELI is not permitted.

4.4.2 Spoken English Proficiency for Employment.

OSU policy requires all persons for whom English is a second language to demonstrate an acceptable level of spoken English before being employed in an instructional capacity, including laboratory assignments. Graduate students who serve only as laboratory assistants (e.g., setting up and/or maintaining equipment) or graders are not required to comply with these provisions. Any new international teaching assistant (ITA) is required to have a qualifying score of 26 or greater on the speaking portion of the iBT; a qualifying score of 8.5 or greater on the speaking portion of the IELTS academic test; or, take the ITA test prior to being approved for instructional assignments. All new ITAs are also required to participate in the international teaching assistant orientation. Any new international teaching assistant (ITA) who submits a PTE is required to take the ITA exam prior to being approved for instructional assignments. See https://gradcollege.okstate.edu/prospective-students/ita-exam-overview/index.html (https://gradcollege.okstate.edu/prospective-students/international-teaching-assistant-test.html) for specific policy requirements.

5.0 Transfer of Graduate Credits

Transfer credit for "non-aged" courses must be recommended by the graduate student's advisory committee through the submission of a Plan of Study, which requires approval by the dean of the Graduate College. See Section 7.0 for additional information on coursework time limits.

Transfer credit will only be considered if it was earned when the student was post-baccalaureate (i.e., after earning a bachelor's degree) at an accredited institution and the applicable course(s) was/were certified as graduate credit by that institution. All courses used as transfer credit must have a grade of "B" or better. Requests for transfer credit must include an official transcript.

Transfer of credits from medical professional programs (e.g., DO, DVM and MD) to graduate degrees may also be considered when a student was admitted to a medical professional program at an accredited institution and the applicable courses were certified for enrollment restricted to professional-level study. All courses used as transfer credit must have a grade of "B" or better or a grade of "pass" for those institutions which only offer professional courses as a "pass/fail" grading system. An official transcript must be submitted to the Graduate College in order to receive approval for transfer credit on the plan of study.

Up to three hours of transfer credit may be used toward an OSU graduate certificate and up to nine credit hours of transfer credit may be used toward any OSU graduate degree. A doctoral student may transfer more than nine hours if they have completed a master's degree and if the courses are approved by their advisory committee. Doctoral students must include a minimum of 30 hours of OSU credit on their Plan of Study.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

6.0 Enrollment Policies

6.1 Initial and Continuous Enrollment Policy.

A prospective student must enroll in courses at OSU within the time frame specified in the admission letter to retain active status. A prospective student who does not conform to these conditions must reapply for admission.

Any student who interrupts enrollment for one year (i.e., a consecutive period of one fall semester plus one spring semester plus one summer term) must re-apply for admission, and will be subject to the regulations in effect at the time of reapplication. See section 6.6 below for additional doctoral candidacy enrollment requirements.

6.2 Full-Time Enrollment.

To be considered enrolled full time, a graduate student must be enrolled in at least nine hours in either fall or spring semester and at least three hours during the summer sessions. Full-time enrollment for Graduate Teaching/Research Associate/Assistants (GTAs/GRAs) with a 0.50 FTE appointment is at least six hours in either fall or spring semester and at least two hours during a summer session.

6.3 Minimum and Maximum Enrollment.

Students are required to be enrolled in at least two credit hours in each semester in which they are using University resources (e.g., physical - laboratory, studios; electronic – library holdings; computing; human - faculty, staff). Students holding graduate assistantships should note that additional requirements apply (see below). Regardless of the number of hours taken, a student may not enroll in more than 12 (16 for the Spears School of Business graduate programs; 24 for the Physician Assistant Studies program) credit hours in the fall or spring semester without permission of the dean of the Graduate College. During the summer session, a student may not enroll in more than nine (15 for the Physician Assistant Studies program) credit hours taken in any session during the eight-week summer period. No more than three credit hours can be taken during the first summer session (intersession). Summer intersession is defined as any course that begins after the end of the spring semester and ends prior to the beginning of the eight-week summer session. For any short course session less than eight weeks in length, enrollment shall not exceed one credit hour for each week.

International students on F-1 or J-1 visas must maintain full-time status (as defined above) during the first semester of enrollment, and during each fall and spring semester thereafter.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

6.4 Graduating Semester Enrollment.

Degree-seeking graduate students must be enrolled in at least two credit hours of courses eligible for graduate credit during their graduating semester (defined as the semester in which they satisfactorily complete all degree requirements). However, a student would not need to be enrolled during their graduating semester if they meet all of the following conditions:

1. has been assigned an "Incomplete" (grade of I) in a non-research or creative component course;
2. the course is required for graduation; and,
3. the course in which the incomplete was received is the only graduation requirement left to fulfill.

Students must enroll in research, thesis, or dissertation hours, as appropriate, during each semester in which they are involved in research leading to a thesis or dissertation, irrespective of the number of credit hours of such courses either required or permitted for the degree.

6.5 Doctoral Candidacy Enrollment Requirements.

Doctoral students who have completed the requirements for admission to doctoral candidacy and had their "Admission to Doctoral Candidacy" form approved by the dean of the Graduate College may enroll in a minimum of at least two credit hours during any term and be considered full-time. This post-candidacy reduced enrollment option applies to all qualified graduate students, including GTAs, GRAs, international students, and veterans receiving VA benefits. A student is normally expected to primarily enroll in research hours or in program-approved courses after being admitted to doctoral candidacy.

Continuous enrollment post-candidacy is required of all students. Enrollment of a minimum of at least two credits per semester is required for every semester of a student's candidacy (summer session excluded, unless utilizing university resources) until graduation. It is ultimately the responsibility of each student to ensure that they meet this enrollment requirement. Students who are not able to maintain active status are strongly encouraged to consult with their program, advisor and the Graduate College to determine whether requesting a Leave of Absence (LOA) is the most appropriate course of action.

6.6 Reinstatement Fee.

Post-candidacy students who do not maintain continuous enrollment will be assessed a reinstatement fee based upon their residency status at the time of last enrollment as follows:

- Resident: $750/semester (summer session excluded) of non-enrollment
- Nonresident: $1,900/semester (summer session excluded) of non-enrollment

In addition to the reinstatement fee, students whose continuous enrollment disruption exceeds one academic year also must apply for readmission to the graduate program (see Enrollment).

During the readmission process, previous coursework will be evaluated for applicability in accordance with coursework (10 years) and time-to-degree (9 years) time limits (see Time to Degree Requirements).

Notification of the conditions of readmission and reinstatement will be provided if an acceptance occurs. New program requirements may apply based on the aforementioned enrollment policy. Please note that reinstatement and readmission are not guaranteed and significant challenges may occur that hinder a student's ability to complete a degree after a lapse in enrollment, such as the reapplication process (e.g., new letters of recommendation and unexpired standardize test scores); availability of the same graduate advisor, project and/or grant support; and new/revised program requirements, and/or core courses for degree.

6.7 Enrollment and Financial Assistance.

For the purpose of receiving monetary assistance through the Office of Scholarships and Financial Aid, the amount of the award is related to the total number of enrolled credit hours that apply toward the degree (for graduate students, such courses must be offered for graduate credit), such as 5000 and 6000 level courses. OSU graduate certificate and master's, specialist, and doctoral degree programs are federal aid-eligible programs, depending on a person's personal circumstances.

In general, a graduate student must be enrolled in four hours of courses eligible for graduate credit each fall and spring semester, and two hours of courses eligible for graduate credit in the summer term, to be eligible for federal financial aid. Some students may be required to enroll in more hours in the fall or spring or summer to receive the full amount of federal financial aid. Students should verify with their financial aid advisor in the OSU Office of Scholarship and Financial Aid about the number of hours they are required to take. Certifiable enrollment status, based upon a combination of enrollment and employment, only assists with the deferral of loan repayments, never qualification for aid, which is based solely on enrollment.

6.8 Enrollment as a Non-Degree Seeking or Degree-Seeking Graduate Student.

Students with a bachelor's degree are expected to enroll in the Graduate College unless they want to obtain another bachelor's degree. If they enroll as an undergraduate student, the courses taken cannot be given graduate credit at a later date.

6.9 Graduate Student Enrollment in Undergraduate Courses.

Students admitted to the Graduate College may enroll in, or audit, undergraduate courses or course sections that do not carry graduate credit if approved to do so by their graduate faculty advisor. Such courses cannot subsequently be used as part of a graduate Plan of Study and are not generally covered by graduate tuition waiver programs.

6.10 Undergraduate Student Enrollment in Graduate Courses.

An OSU undergraduate senior may take a limited number of courses for graduate credit toward an OSU degree program. Undergraduates admitted to an approved OSU accelerated master's degree program may utilize some of these credits for both a baccalaureate degree and graduate degree as outlined in section 11.15 of the Graduate College section of the University Catalog. All other undergraduates are subject to the graduate credit rules below.

The credits may not be utilized for both a baccalaureate degree and a graduate degree. The courses in question must be approved for graduate credit (as listed in the Course Catalog). The applicability of such graduate courses to a specific graduate program will be determined by the student's graduate advisory committee when the student enrolls in the Graduate College and submits a Plan of Study for an advanced degree.

To receive graduate credit for hours taken when not admitted to an approved OSU accelerated master's degree program, a Graduate Credit for Seniors form must be completed by the student to receive graduate credit for courses taken. This form must be submitted prior to the end of the second week of class instruction of a regular semester, or the first week of a regular summer session. The required form is available on the Registrar's website or upon request to grad-i@okstate.edu.

Such credit may be earned only if the following conditions are satisfied at the time of application:

1. Students must have a minimum overall (cumulative graduation/retention) undergraduate GPA of 3.00.
2. The total semester enrollment must not exceed 18 credit hours for a regular semester or nine credit hours for a summer session.
3. The student must be within 12 semester credit hours of completing requirements for the baccalaureate degree at the beginning of the semester or summer session in which courses are taken for graduate credit.
4. Admission to courses taken for graduate credit must have approval of the course instructor, the dean of the disciplinary college associated with the student's major, and the dean of the Graduate College.

No more than 9 semester credit hours taken while a senior may be approved for graduate credit. The student must earn a grade of "B" or higher in those courses for which he or she seeks graduate credit. Students are cautioned that institutions other than OSU may or may not allow courses taken for graduate credit during the senior year to be transferred into one of their graduate degree programs.

7.0 Time to Degree

Graduate College matriculation starts when a student first enrolls as an admitted, degree-seeking graduate student. That date will be used in calculating time limits for degree completion.

Students are expected to complete the degree requirements from first enrollment after admission within the following time limits: seven years for a graduate certificate degree program, seven years for a master's or specialist degree program, and nine years for a doctoral degree program. After that time, a student must submit a written petition to the Graduate College requesting an extension of time-to-degree limits. Credit for all

courses on a graduate Plan of Study must have been awarded within ten years of completion of all degree requirements. Any exception to these time limits must be approved by the dean of the Graduate College.

7.1 Leave of Absence.

OSU graduate students are expected to maintain active status through continuous enrollment from the time they matriculate until they graduate. Students who are not able to maintain active status are strongly encouraged to consult with their program, advisor, and Graduate College to determine whether requesting a Leave of Absence (LOA) is the most appropriate course of action. International students must consult with the International Students and Scholars (ISS) office to ensure compliance with Federal immigration policy. Example situations that may lead a student to explore a Leave of Absence request are medical, personal, and employment (see below for students seeking a leave of absence for military service). Students who do not have an approved leave of absence and are not continuously enrolled may experience negative consequences related to academic, visa, financial aid, and other student issues – see University policies and guidelines for additional information. A student status of "good standing" (academic and conduct) is generally required for a Leave of Absence. However, students placed on academic probation one semester prior to the semester that the LOA is requested to begin are eligible. Additionally, those students placed on academic probation in an earlier semester and remain on academic probation, but whose academic performance has consistently improved since the onset semester of probationary status, are eligible. Please see https://gradcollege.okstate.edu/resources/current-student-resources.html for additional Leave of Absence information.

Students who are members of the Armed Forces (including reserve components) who receive orders to perform a period of service should refer to OSU Leave of Absence for Military Service regulations.

8.0 Enrollment Procedure

Students are strongly encouraged to review the course offerings for the upcoming semester prior to attempting to enroll. For more information about enrollment and classes go to http://my.okstate.edu.

First semester graduate students must first obtain their advisor's clearance prior to enrolling.

Non-degree seeking students may be granted enrollment clearance through the Graduate College. Non-degree seeking students will be provided assistance with selecting coursework, issues surrounding the transferability of special student credits, applying to degree-seeking programs, and other academic topics.

If the student has not completed a Plan of Study or if this is the first semester as a graduate student, the student should consult with the graduate faculty advisor. The graduate faculty advisor can provide information about required courses, course sequencing, and other information in order to select appropriate courses. The advisor should give approval for course selections prior to enrollment.

If a Plan of Study has been completed, the student should verify that all planned courses are listed on the Plan of Study. Students should consult with their advisor any time they deviate from courses listed on the Plan of Study. The ultimate responsibility for completing degree requirements rests with the student.

Students who have active academic, financial, transcript or advising holds must clear these holds prior to attempting to enroll. Students can view any holds by logging into the Self Service portal at http://my.okstate.edu.

8.1 Last Day to Enroll.

Information regarding dates to enroll, when courses begin, and last days to drop are listed in the Class Schedule available at the Office of the Registrar's website at http://registrar.okstate.edu.

Generally, the sixth class day of a regular semester or the third class day of an eight-week session is the last day a course may be added (nonrestrictive) via the student enrollment system. A short course may be added no later than the first day of the short course.

8.2 Late Enrollment.

Graduate students should enroll prior to the end of the official enrollment deadline for the semester. If they do not, there are limited options to enroll in classes. The options available to the student depend on the number of weeks past the deadline and the student's current enrollment status.

During the second week of fall/spring or first week of an eight-week session:

- If a student wishes to add course hours or is not currently enrolled, they must submit a drop/add card signed by their advisor giving permission to enroll.
- If the student is adding a course they must have the instructor's signature on the add/drop card.
- If a student is non-degree seeking, they must have the signature of the dean of the Graduate College and the instructor of the course in which they wish to enroll.

After the second week of fall/spring or first week of an eight-week session graduate students may add any course which has not started.

After the Late Enrollment (restrictive deadline) period, due to special circumstances and under certain conditions, students may complete the Petition to Add a Course After the Restrictive Deadline (https://ostatemailokstate.sharepoint.com/sites/Registrar/regresources/Registrar%20Forms/Petition%20to%20Add%20Course%20After%20Restrictive%20Deadline.pdf) form to add a course. Submitting the petition does not guarantee approval of the request.

8.3 Other Enrollment.

In order to enroll in a given semester, a student must have received grades for at least six semester credit hours (including "I" and "R" and excluding "W") in the 12 months prior to the beginning of that semester.

9.0 Online and Outreach Courses

Courses offered online are considered equivalent to courses offered through traditional formats. However, some online courses classified as outreach may not be eligible for tuition waivers. Check with the Graduate College for eligibility before enrolling. Any student wishing to enroll in a graduate credit course offered online or through outreach must apply for admission to the Graduate College at OSU. Some limitations apply to International students on F-1 or J-1 visas and students on spousal/partner waivers (see Section 3.11).

10.0 Individual Study Credit (formerly Correspondence Education)

OSU does not offer graduate-level courses by individual study (formerly correspondence education) and does not accept credit taken by

individual study toward an advanced degree. Graduate students may enroll in individual study courses; however, such courses will not be considered as part of minimum graduate degree or certificate requirements. Tuition waiver programs are not applicable to courses taken through individual study. Courses taken through individual study do not count toward minimum enrollment requirements for any graduate student.

11.0 Academic Regulations

Also refer to "University Academic Regulations (p. 1004)" section in the Catalog.

11.1 Graduate Credit Courses.

Courses numbered 5000 and above are for graduate students. Seniors who have obtained prior approval from the Graduate College may enroll in graduate level courses in accordance with the provisions of "Enrollment" stated earlier.

11.2 Number of Times a Course Can be Used to Earn Multiple Degrees.

Typically, a graduate course can be used in more than one certificate or degree. For example, a student may initially earn a graduate certificate and later use the certificate coursework to earn a master's degree. Similarly, coursework from a master's degree may also be applied toward a doctoral degree. In both cases, the course credit has been used twice in earning the two graduate credentials – the certificate and the master's degree and a master's and a doctoral degree, respectively.

With approved Plans of Study, graduate courses can be used to earn no more than three degrees, (degrees include undergraduate and graduate certificates). This applies to both OSU courses and courses approved for transfer credit. This policy does not refer to the use of research credits, which cannot be used for multiple degrees.

11.3 Grades for Thesis (5000) and Dissertation (6000).

The grade of "SR," indicating satisfactory research progress, "UR" indicating unsatisfactory progress, or "IUR" indicating an incomplete (see section 6.2 "Grade Interpretation" in the "University Academic Regulations" chapter of the Catalog) will be assigned to thesis (5000) and dissertation (6000) courses at the end of the semester in which the course is taken. These grades are permanent and have no impact on a student's grade point average, but affect the graduate student's academic standing. Only courses in which a grade of "SR" (or a previously-awarded grade of "R," "A," "B," or "C") is earned may be used toward minimum degree requirements.

11.4 Grades for Creative Component Courses.

The "R" grade can be assigned in a course identified as a creative component portion of a master's degree by a graduate program. The grade of "R" may be assigned if more than one semester is required to complete the creative component. Upon completion of the creative component, the advisor submits a Change of Grade form to have the final grade entered.

11.5 Pass-No Pass Grading System.

Graduate students may take a course utilizing the Pass-No Pass grading system with the consent of their faculty advisors, but courses taken under this system cannot be used on a Plan of Study to meet graduate degree requirements. A student who chooses the pass-no pass option must do so by the last date on which a course may be added. See section 6.6 "Grades and Grading" in the "University Academic Regulations (p. 1004)" chapter of the Catalog.

11.6 Pass-Fail Grading System.

Graduate students may take courses utilizing the Pass-Fail grading with the consent of their faculty advisors; however, only a limited number of these hours can be used on a Plan of Study to meet graduate degree requirements, and these require advance permission of the dean of the Graduate College. Pass-Fail courses are typically internship, practicum, clinicals, seminar, special problems, and student teaching. See section 6.7 "Grades and Grading" in the "University Academic Regulations (p. 1004)" chapter of the Catalog.

11.7 Minimum Grade Requirements.

A grade-point average of "B" (3.00) is required to maintain good standing as a graduate student and meet requirements for a degree. No course with a grade of "D" or "F" can be used on the Plan of Study to satisfy the degree course requirements. At the graduate level, a grade of a "D" or "F" is a failing grade that can result in dismissal by the dean of the Graduate College, regardless of academic standing. To receive a graduate degree, a student must have a minimum 3.00 GPA in the coursework taken for graduate credit.

No course with a grade below "C" can be used as part of the minimum number of semester credit hours required for the graduate degree.

Some programs have more stringent requirements. The graduate program should be consulted concerning minimum grade requirements.

11.8 Annual Review of Student Progress.

The graduate program in which a student is seeking a graduate degree will provide a mechanism for assessing the student's progress toward degree completion at least once annually. If it is determined the student is not to be making adequate progress, then a specific plan to address and correct any inadequacies in progress will be prepared in a written document provided to the student and the dean of the Graduate College annually by June 30. Failure to correct these inadequacies may result in termination from the graduate program and/or Graduate College.

11.9 Academic Progress.

Each semester, the dean of the Graduate College reviews the academic progress of any graduate student who receives a grade of "F", "NP," "C" or lower in a class or "UR" in research. At the discretion of the dean of the Graduate College, one of four actions based on the student's current semester performance and past academic history will be taken as follows:

1. Program Notice. The graduate program is notified and is encouraged to review the student's performance to determine if any program intervention is needed.
2. Academic Notice. If a student's overall GPA drops below a 3.00, if a "F," "NP," or "UR" grade is earned, or if the dean of the Graduate College judges the student's overall academic performance so warrants then they are subject to being placed on academic notice. At the discretion of the dean of the Graduate College, this notice may be removed at the end of the semester only after the student brings his or her cumulative GPA for courses eligible for graduate credit taken at OSU to 3.00 or greater, earns a "P" or "SR" grade, and/or completes all degree requirements, whichever comes first.
3. No Further Enrollment Without Program Consent (NFEWPC).
   a. If the student was admitted on academic notice and did not meet the requirements of this admission, or

b. If they have received two consecutive grades of "F", "NP," and/or "UR", or
c. If the student was on academic notice the previous semester, or
d. If the dean of the Graduate College believes the student's overall academic performance warrants program intervention, then the student is not permitted to enroll further without the consent of the program. To continue in the program, the student must submit a written petition to the dean of the Graduate College requesting reinstatement and outlining a plan to remedy the academic situation. This petition must be accompanied by a letter of support from the unit head or graduate program coordinator. Failure to submit such a reinstatement petition could result in the cancellation of any pre-enrollment for the upcoming semester.

4. No Further Enrollment (NFE). The student has consistently performed below the acceptable standards for graduate students. The student is not permitted to continue graduate study at OSU.

11.10 Course Grade Appeals.

A student may appeal a grade given by an instructor in a case in which they believe the grade awarded is inconsistent with the announced grading policy. The student should consult the "Student Rights and Responsibilities" or contact the Office of Academic Affairs for information regarding initiating the appeals process.

11.11 Appeals of Research Grades and Non-grade Issues.

A student wishing to appeal a "UR" grade issued for a research course (5000 or 6000), or an academic issue not involving a grade should contact the dean of the Graduate College about the appeals process available to graduate students.

11.12 Advisory Committee Decisions-Criteria for Passing.

In decisions resulting from a vote of a graduate student advisory committee (e.g., PhD candidacy exam, final thesis defense, or approving a dissertation), a pass requires that no more than one member of the committee dissent. Graduate programs may impose more stringent requirements.

11.13 Discontinuance from a Program.

In instances when a student reaches a situation when it is no longer possible to complete the intended degree (e.g., failure of all permitted attempts of the PhD qualifying exam, comprehensive exam or candidacy exam), and is still in good academic standing with the Graduate College, a domestic student may be considered for transfer to non-degree seeking student status and be subject to all non-degree seeking student rules (including maximum number of hours that can later be used toward a graduate degree or certificate program). If visa restrictions prohibit the student's matriculation as a non-degree seeking student, the Graduate College will inform the Office of International Students and Scholars of the student's impending dismissal from the program; the student will have until the end of the semester to be admitted into another graduate program. This change in status is initiated with a letter from the unit head or graduate program coordinator to the student, copied to the dean of the Graduate College, and should detail the reasons for the student's potential dismissal from the program. In accordance with graduate program policies, students have a limited number of days from the intent to dismiss letter date to initiate the appeals process in the program. Graduate students should contact the dean of the Graduate College about the appeals process.

11.14 Second Graduate Degrees.

The Oklahoma State Regents for Higher Education (OSRHE) do not allow students to obtain a second degree in the same "major" as the first degree, even if the options are different. For example, it is not possible to earn both an M.S. degree in Electrical Engineering with an option in Control Systems and an M.S. degree in Electrical Engineering with an option in Optics and Photonics.

Completion of requirements for more than one option may be noted on the official transcript, but a second degree will not be awarded. Additionally, because of the OSRHE requirement for a coursework common core within master's degree options, it should not be assumed that obtaining an additional option within the same degree program and level will be possible. Careful discussions and planning with the graduate program coordinator prior to admission is imperative, if such study is desired.

While graduate and professional students may simultaneously pursue more than one degree and/or certificate, pursuing a second doctoral degree is not allowed without preapproval of the dean of the Graduate College prior to the application for admission.

11.15 Accelerated Master's Degree

Accelerated master's degree programs offer a streamlined path to a master's degree, reducing the time to earn a master's degree by sharing up to 30 percent of the coursework required for the stand-alone master's degree with the undergraduate degree. All shared courses must be approved for graduate credit. For example, a 30-hour master's degree may share 9 hours with the undergraduate degree, while a 45-hour master's degree may share 14 hours. The curriculum of an accelerated master's degree program is designed to fulfill all requirements of both the undergraduate and graduate degrees. Accelerated bachelor to master's degree programs require approval of the deans of the Graduate College and the relevant undergraduate college(s).

11.16 Awarding of Certificates and Degrees

The retroactive awarding of a newly approved graduate degree or certificate for prior coursework is prohibited. The majority of the coursework (greater than 50 percent) for a graduate certificate must be completed after the student is admitted to and enrolled in the degree program.

11.17 Theses and Dissertations

All students' theses, dissertations, and derivatives of these works are considered Personal Works under Section 7.02 of OSU's IP Policy 1-0202, and the student will own the copyright unless otherwise provided by the IP Policy. The University, however, retains a non-exclusive, irrevocable, royalty-free license to reproduce, distribute, and publish the works for any purpose without appropriate attribution.

12.0 Responsible Conduct of Research

All graduate students must complete Responsible Conduct of Research (RCR) training requirements prior to the submission of a Plan of Study. Students should consult with their graduate program coordinators as to what these requirements are in their programs. Graduate programs may impose more stringent requirements. A Plan of Study will not be approved by the dean of the Graduate College until the graduate program

has certified RCR completion. Information and University policies regarding RCR can be found at https://research.okstate.edu/compliance/policies.html.

12.1 Research Involving Human Subjects.

If the thesis, dissertation, formal report, or creative component involves the use of human subjects, the research project is governed by federal regulations that require review by the OSU Institutional Review Board (IRB). Approval to conduct the research must be obtained from the IRB before the research is started.

Failure to obtain IRB approval will result in the University's rejection of the thesis, dissertation, or formal report. While the Graduate College does not monitor degree capstone/creative components, this does not negate the student's responsibility to obtain IRB approval if human subjects are involved in that capstone/creative activity.

This section is meant to be informational only and does not contain a complete description of the IRB review process. All of the forms and guidance for completing the application are available on the IRB website https://research.okstate.edu/compliance/irb/forms.html.

13.0 Graduation Clearance Process

At the time of enrollment for the last semester or summer session of work toward a degree, graduate students must complete a Graduation Application with the Office of the Registrar. Completing the Graduation Application indicates that a student has met or will meet by the end of the semester in question, all program and Graduate College requirements to earn the degree they are seeking. If these requirements are not met, the student must complete a new Graduation Application for a future semester. The Graduation Application should be submitted as early as possible in the graduating semester but no later than the deadlines listed on the Graduate College Calendar.

13.1 Graduate Commencement and Diplomas.

The University holds one Graduate Commencement Ceremony at the close of the fall and spring semesters. Students who plan to meet graduation requirements at the close of the summer session are invited and encouraged to participate in the Graduate Commencement Ceremony at the close of the previous spring semester or return for the next ceremony on the fall. Although attendance is not compulsory, the University encourages all candidates for advanced degrees to participate in the Graduate Commencement Ceremony. Candidates should also notify the Office of the Registrar of the address to which the diploma should be mailed.

13.2 Graduate Records and Transcripts.

All permanent records are in the Office of the Registrar. Requests for grades, transcripts, diplomas, and degree-completion letters should be made to that office.

A graduate student who does not complete the requirements in time to receive the degree at the end of the semester may secure a statement from the Office of the Registrar when all requirements for the degree have been satisfied. Such a statement will not be issued until all grades for the semester have been recorded.

14.0 Interdisciplinary Studies, MS

Carol Powers, PhD — General Program Coordinator

The MS in Interdisciplinary Studies offers students the flexibility to create a program of study to fit background, experience, and career goals. By stacking graduate certificates and/or other focused graduate coursework, students can tailor their degree to make the most of their education. The MS is for students who wish to increase their competence in a particular thematic area(s) by taking a series of courses in several disciplines. This multidisciplinary approach provides educational opportunities leading to a variety of careers. Interdisciplinary studies consist of no fewer than two separate fields of study. The advisory committee will assist the student in formulating the Plan of Study.

14.1 Admission Requirements.

An undergraduate grade-point average of 3.00 is required for unqualified admission. Students with a grade-point average less than 3.0 may be admitted on academic notice with approval of the dean.

Applications to the program should include:

1. a cover letter indicating the personal goals and professional objectives to be obtained from the program;
2. transcripts from all schools previously attended;
3. three letters of recommendation from persons who can describe abilities, interest, and motivation as a student;
4. a proposed course of study.

Particular courses are not specified for the degree, though a research methods course is required; the advisory committee can assist in selecting appropriate courses. Up to nine graduate hours can be transferred from a regionally-accredited graduate program with consent of the advisory committee. The student chooses one of the two master's degree plans:

1. 30-hour plan, thesis, includes six-hours of research;
2. 32-hour plan, non-thesis. May include a culminating experience (e.g., internship, practicum, comprehensive exam, portfolio, or capstone project); may include a final report with no more than three hours of research

15.0 Graduate Certificate Programs

Graduate certificate programs offer students the opportunity for focused study of a body of knowledge at the graduate level, leading to the award of a transcripted academic credential that can be earned in a relatively short time. Graduate certificate programs can serve both as a steppingstone onto more advanced study leading to a master's or doctoral degree or as a stand alone educational achievement to assist an individual in their career. Many OSU graduate certificate programs are offered online or on the graduate-serving campuses (OSU-Stillwater, OSU-Tulsa and OSU-Center for Health Sciences in Tulsa). In addition, many graduate certificate programs allow students to enroll as either a certificate-seeking or a degree-seeking graduate student. Certificate-seeking students are not eligible for GTA or GRA positions or associated benefits but may be eligible for federal financial aid (https://go.okstate.edu/scholarships-financial-aid/). For the current graduate certificate offerings at OSU please see the Graduate College website for additional information.

15.1 Admission to a Graduate Certificate Program.

Any student admitted to the Graduate College may apply for admission to a graduate certificate program. Some certificate programs may have additional requirements, such as official scores on standardized tests, letters of recommendation, etc. Contact the appropriate graduate program for specifics.

15.2 Basic Requirements.

A graduate certificate requires completion of a minimum of 12 credit hours of coursework eligible for graduate credit. Specific certificate programs may have more stringent requirements.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

15.3 Transfer of Courses.

With the approval of the graduate program and the Graduate College, up to three hours of graduate-level credit with a grade of "B" or higher from another institution may be used toward certificate requirements. The GPA must be at least 3.0 on any transfer credit.

15.4 Academic Standing.

A grade-point average of "B" (3.00) is required on courses applicable to a graduate certificate. No grade lower than a "C" may be used as part of the minimum requirements for the certificate. Individual certificate programs may have more stringent requirements.

15.5 Plan of Study and Certificate Completion Procedures.

Upon application to a graduate certificate program, a student should complete a Plan of Study, listing the courses intended to be used in earning the certificate. This plan must be approved by the graduate program and the Graduate College prior to recording the credential on the student's academic record. During the semester of anticipated certificate completion, the student must complete a Graduate Application. This action will cause the graduate certificate to be recorded on the official transcript and a certificate will be printed, provided all requirements have been met.

16.0 Graduate Minors

Graduate minors offer students the opportunity to pursue coursework outside, or ancillary to, the requirements for the degree earned. Minors may not be earned independently of a degree granted by OSU.

16.1 Basic Requirements.

A graduate minor must include between nine and eighteen hours, inclusive, of coursework eligible for graduate credit.

Transfer of courses: No more than one-third of the credit for the minor may be earned through transfer credit of courses taken at other institutions, with the approval of the coordinator of the minor and the dean of the Graduate College. Transfer credit will only be considered if it was earned when the student was post-baccalaureate (i.e., after earning a bachelor's degree) at another accredited institution. All courses used as transfer credit must have a grade of "B" or better. Grades earned in courses transferred to Oklahoma State University will not be used in calculating the cumulative GPA.

16.2 Academic Standing.

A grade-point average of "B" (3.00) is required on courses applicable to a graduate minor. No grade lower than a "C" may be used as part of the minimum requirements for the minor. Individual minors may have more stringent requirements.

16.3 Plan of Study and Minor Completion Procedures.

Graduate students can declare a minor by entering it in the appropriate section of an original or revised Plan of Study submitted to the Graduate College prior to conferral of the degree. The pursuit of graduate minors is not denoted on the academic transcript while in progress. Graduate students can file for minor completion in the semester that the required courses for that minor will be finished. At that time, the graduate student should ask the coordinator for that minor area to submit a memorandum to the Graduate College certifying the completion of the minor requirements and listing the courses required for the minor. A notation of the minor will be added to the student's transcript with the conferral of a degree. The courses required for a graduate minor may be included on a Plan of Study for any graduate degree or they may be in addition to the degree requirements, depending on the overlap between the minor and the degree Plan of Study. However, the graduate minor must be earned in an academic field other than the student's graduate program or degree option (for example, a graduate student who is majoring in economics could not receive a graduate minor in economics).

16.4 Time Limits.

Requirements for the graduate minor must be completed at the time of conferral of the primary degree. All graduate courses used to complete the minor must have been taken within ten years prior to the date of completion of the graduate minor requirements.

17.0 Master's Degree Programs

17.1 Abbreviations.

MA - Master of Arts
MAG - Master of Agriculture
MAT - Master of Athletic Training
MBA - Master of Business Administration
MEN - Master of Engineering
MFA - Master of Fine Arts
MM - Master of Music
MPH - Master of Public Health
MS - Master of Science

17.2 Current Degree Inventory.

For the current listing of master's degrees offered at OSU see the Graduate College website: https://gradcollege.okstate.edu/programs/listing-by-degree.html#Masters.

17.3 Basic Requirements.

The master's degree may be earned by one of four plans as follows:

Plan I—thesis. Minimum 30 credit hours. Six hours of research required with a grade of "SR."

Plan II—non-thesis, creative component. Minimum of 30 credit hours. May include no more than three hours of research or creative component with a grade of "SR."

Plan III—non-thesis, (formal) report. Minimum of 30 credit hours. Requires one to three hours of research with a grade of "SR" or a departmental course.

Plan IV—non-thesis, coursework only. Minimum of 30 credit hours.

The numbers of credits specified for each plan are minimums set by the Graduate College. Graduate program requirements may exceed these minimums.

The graduate program, with the approval of the dean of the Graduate College, decides which alternatives are open to the students.

A student who holds a DVM, MD, DO, DDS, LLB, JD, or equivalent professional degree may apply up to nine hours credit toward a master's degree, subject to the recommendation of the advisory committee and the approval of the dean of the Graduate College. However, a student applying this credit may not transfer additional hours to OSU from other graduate programs.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

17.4 Residency Requirements.

Candidates for a master's degree must complete a minimum of 21 semester credit hours from OSU. Nine semester credit hours may be graduate courses taken at another accredited college or university with appropriate approvals.

17.5 Advisory Committee.

Upon recommendation of the graduate program and approval of the dean of the Graduate College, an advisory committee of no fewer than three voting members will be appointed. The advisory committee must include a minimum of three members of the Graduate Faculty. The chair of the committee need not necessarily serve as the student's research advisor, but must hold an OSU Graduate Faculty appointment and have familiarity with the academic requirements of the degree sought. To view the roles and responsibilities associated with members of advisory committees, go to https://gradcollege.okstate.edu/resources/best-practices.html.

17.6 Level of Courses Applied to Graduate Degree.

Graduate students must complete all semester credit hours at the graduate level through OSU as presented on the Plan of Study to meet requirements for the master's degree.

17.7 Plan of Study.

The Plan of Study for the degree must be submitted online to the Graduate College prior to completion of the second semester of enrollment for a master's program. The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (http://planofstudy.okstate.edu). The online submission request requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College. The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar.

Graduate credit, up to a maximum of nine hours, used to obtain one master's degree may, with the approval of the advisory committee, be counted toward completion of another master's degree.

17.8 Language Requirements.

A candidate for a master's degree may be required to demonstrate a reading knowledge of a modern foreign language. Any such requirement of the graduate program included on the Plan of Study and is noted at the time the preliminary plan is approved by the student's advisor.

A foreign language requirement for a master's degree may be met either by examination or by college credit, according to individual graduate program requirements.

17.9 Written Examinations.

Some graduate programs require a written examination covering the major and/or minor fields. It is usually taken before the thesis or report has been completed. Arrangements for taking the examination should be made with the graduate program at least three weeks in advance. The written examination must be passed before a final examination is scheduled, if a thesis or report option is used.

A student who fails all or part of the written examination should consult the chair of the examination committee to find out what must be done before taking another examination.

17.10 Thesis.

Any student working on a thesis should obtain a copy of the Graduate College Thesis/Dissertation Handbook available from the Graduate College at https://gradcollege.okstate.edu/resources/current-student-resources.html. A thesis must conform to the format specifications set forth in this document. The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. Any graduate student writing a thesis must attend a Thesis/Dissertation format workshop prior to submission of their approved thesis. The dates for the workshops are on the Graduate Calendar and a webinar version is available on the Graduate College website.

It is strongly recommended that a graduate student submit complete copies of their thesis to committee members at least two weeks prior to the defense date, that the defense presentation be publicized, and that the thesis defense occur on a date during the normal academic semesters and sessions. Graduate programs may have additional or more restrictive requirements for thesis defenses.

Immediately after the defense, the Thesis Oral Defense Results form, initiated by the student, must be submitted online through GC Round Up (http://planofstudy.okstate.edu). In addition, the student must electronically submit the Thesis Document Approval form (see template on the Graduate College website) with committee signatures to the Graduate College via grad-academici@okstate.edu. The thesis must have the necessary approval signatures before online submission. Directions to submit the thesis through the OSU website are given to the student after they submit the Thesis Document Approval form. Both the Thesis Document Approval form and the electronic submission of the thesis must occur no later than the final submission deadline date stated on the Graduate College Calendar.

17.11 Report.

The student must submit the Formal Report Approval form electronically to the Graduate College via grad-academici@okstate.edu.

17.12 Final Examination.

If the thesis or report option is used, the student should arrange with the graduate program for the final examination and to distribute a copy as described in the preceding section. The final examination may be oral or written or both.

The final examination is primarily a defense of the thesis or report. If the defense is judged inadequate, a decision on whether to permit re-examination will be made by the advisory committee. Another examination cannot be given for at least two months after a failure, and a graduate program may limit the number of times that the examination may be repeated.

Following satisfactory completion of the final examination, the candidate will make changes to the thesis or report as required by the committee and submit it in final form as described in the preceding sections.

Please see the Graduate College's Best Practices: Advisory Committees and Defenses document for additional guidance (https://gradcollege.okstate.edu/resources/best-practices.html).

18.0 Specialist in Education (EdS) Degree Program

The Specialist in Education degree is conferred as an appropriate recognition of achievement as evidenced by the following:

1. Successful professional performance in the area of the student's specialization.
2. Satisfactory completion of a program of graduate study of approximately two academic years.
3. Satisfactory performance on examinations designed to reveal the student's understanding of the field of specialization and its relation to other areas; and
4. Preparation of a thesis dealing with some aspect of concern to the student's profession and its defense before a committee of the Graduate Faculty.

18.1 Temporary Advisor.

At the beginning of a student's Specialist in Education program, the school head may designate a member of the Graduate Faculty to serve as temporary advisor to the student. The temporary advisor will guide the student in the selection of courses for the first semester.

18.2 Advisory Committee.

Upon recommendation of the school head or the graduate committee of the school and approval of the dean of the Graduate College, an advisory committee of no fewer than three voting members will be appointed. At least one member of the advisory committee must be designated as the Graduate College Representative and be a Full member of the OSU Graduate Faculty from a school or department outside the student's department. This committee:

1. conducts the preliminary examination and conference,
2. approves the proposed Plan of Study,
3. supervises the student's progress in the program,
4. supervises the research, and
5. arranges for and conducts the final examination.

The chair of the committee need not necessarily serve as the student's research advisor but must hold an OSU Graduate Faculty appointment and have familiarity with the academic requirements of the degree sought. To view the roles and responsibilities associated with members of advisory committees, go to https://gradcollege.okstate.edu/resources/best-practices.html.

18.3 Plan of Study.

The original Plan of Study for the degree must be submitted to the Graduate College prior to the end of the second semester (excluding summer sessions) of enrollment for a specialist in education program. The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (http://planofstudy.okstate.edu). The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar.

18.4 Credit Hour Requirements.

A minimum of 60 credit hours beyond the bachelor's degree or 33 credit hours beyond the master's degree are required for the Specialist in Education degree. This may include as many as 10 credit hours for the practicum study and accompanying report.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

18.5 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also:

1. pass a qualifying examination,
2. conduct an appropriate study of education,
3. show qualities of professional leadership, and
4. pass a final examination.

18.6 Residence Requirements.

While the Graduate College does not have a specific residence requirement that applies to all graduate programs, programs may require a period of time in residence for students enrolled in departmental graduate programs. Programs must inform students of any residence requirements upon their admission to departmental graduate programs. No more than nine hours may be transferred from another university.

18.7 Qualifying Examination.

A qualifying examination is required of all candidates for the Specialist in Education degree. The nature of this exam is determined within each specialization.

18.8 Credit Toward an EdD or a PhD.

A student holding an EdS may have the credit hour requirements for a PhD or EdD reduced to 30 hours subject to recommendation by the advisory committee and approval of the dean of the Graduate College.

19.0 Professional Doctorate (DBA, DFS, DHA) Degrees

Professional doctoral degrees prepare students for advanced professional knowledge with a practice perspective to learning, and variable levels of scholarly work. Frequently, professional doctoral degrees will contain training and advanced knowledge that is required by a relevant licensing board and professional organization. The professional doctoral degree requirements are components that provide examination and capstone experiences consistent with the profession's standards and the Graduate College's expectations for professional doctoral programs.

The following professional doctoral degrees are offered at Oklahoma State University:

Doctor of Business Administration, D.B.A., for degree requirements see the Spears School of Business

Doctor of Forensic Sciences, D.F.S., for degree requirements see the School of Forensic Sciences, Center for Health Sciences

Doctor of Health Care Administration, D.H.A., for degree requirements see the School of Health Care Administration, Center for Health Sciences

19.1. Basic Requirements

Professional doctoral degrees requires a minimum of 60 semester credit hours beyond the bachelors degree. Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

19.2. Plan of Study

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (http://planofstudy.okstate.edu). The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program.

The Plan must include all the acceptable graduate work that has been completed and all that will be taken for the degree. All courses on the plan should be taken at the 5000-6000 level. Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar.

19.3. Character of Work

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also comply with any other requirements of the major department.

19.4. Residence Requirements

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all programs, some may require a period of time in residence for students. Programs must inform students of any residency requirements upon their admission to the graduate program.

20.0 Doctor of Education (EdD) Degree Programs

The degree of Doctor of Education is a professional degree conferred in recognition of outstanding ability as an educator in some special field or fields as shown by:

1. satisfactory completion of a program of study;
2. passing examinations showing an understanding of the field of specialization and its relation to allied subjects;
3. the preparation of a dissertation demonstrating ability to approach problems with a high degree of originality and independence; and
4. passing an examination covering the dissertation and related fields.

20.1 Basic Requirements.

The Doctor of Education degree requires a minimum of 90 semester credit hours beyond the bachelor's degree, or a minimum of 60 semester credit hours beyond the master's degree in a related discipline. The Plan of Study must include ten hours, with a grade of "SR," for the doctoral dissertation. Students may use 90 hours beyond the bachelor's degree as a degree total only if admitted directly into the doctoral program from the bachelor's degree.

A student who holds a DVM, MD, DO, DDS, LLB, JD, or equivalent professional degree may also have the minimum credit hour requirement reduced to 60 hours, subject to the recommendation of their advisory committee and the approval of the dean of the Graduate College.
A student may receive only one 30-hour credit reduction in the EdD requirement regardless of the number of master's or professional degrees that he or she holds.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

20.2 Temporary Advisor.

At the beginning of a student's doctoral program, the school head will designate a member of the Graduate Faculty to serve as temporary advisor to the student. The temporary advisor will guide the student in the selection of courses for the first semester.

20.3 Advisory Committee.

Upon recommendation of the head of the graduate program and approval of the graduate dean, an advisory committee of no fewer than four voting members will be appointed. The duties of the advisory committee consist of:

1. advising the student,
2. assisting the student in preparing a Plan of Study,
3. assisting in planning and conducting the research,
4. supervising the writing of the dissertation, and
5. conducting the dissertation defense.

The chair of the committee need not necessarily serve as the student's research advisor but must hold an OSU Graduate Faculty appointment with doctoral chairing privileges, and have familiarity with the academic requirements of the degree sought. At least one member of the advisory committee must be designated as the Graduate College Representative and be a Full member of the OSU Graduate Faculty from a school or department outside the student's department. To view the roles and responsibilities associated with members of advisory committees, go to https://gradcollege.okstate.edu/resources/best-practices.html.

The student should consult the members of the advisory committee frequently and keep them informed on the progress of their work.

20.4 Preliminary Conference.

As soon as the student is notified that an advisory committee has been appointed, the student should arrange with the chair for a conference with the committee. During the conference, the preparation and qualifications of the student for graduate work will be discussed and appropriate plans made for future study.

20.5 Plan of Study.

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (http://planofstudy.okstate.edu). The online submission requires approval by

the advisory committee and the student's graduate program with final approval by the Graduate College.

Because the acceptance of work that the student desires to use toward the degree rests with the advisory committee, it is important to plan a complete program and have it approved by the dean of the Graduate College as soon as possible.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program.

The Plan must include all the acceptable graduate work that has been completed and all that will be taken for the degree. The plan should include:

1. all courses taken at the 5000-6000 level,
2. a minimum of 60 hours beyond the master's degree or 30 hours beyond the EdS, and
3. at least 10 hours of dissertation credit. Courses from a master's degree or EdS are not listed on the doctoral Plan of Study.

Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar.

20.6 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for receiving the degree. The student must also:

1. pass a qualifying examination,
2. prepare an acceptable dissertation,
3. demonstrate the ability to do independent study,
4. pass a defense of dissertation, and
5. comply with any other requirements of the major department.

20.7 Residence Requirements.

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all graduate programs, some may require a period of time in residence for students. Programs must inform students of any residency requirements upon their admission to graduate programs.

20.8 Language and Research Instruments Proficiency.

All candidates will be expected to have a command of those instruments necessary in the study of educational problems. The doctoral advisory committee of each candidate may require evidence of proficiency in one or more foreign languages, educational research, statistics and/or computer usage.

20.9 Admission to Doctoral Candidacy.

Admission to doctoral candidacy marks the transition into the research phase of a doctoral degree and indicates agreement that the student has demonstrated the ability to do acceptable graduate work and that satisfactory progress has been made toward a degree. Consideration for candidacy requires the presentation of a written research proposal for doctoral research to the doctoral advisory committee, who will assess the proposal and offer the student pertinent counsel, advice and feedback. The approval of the research proposal by the advisory committee is the basic requirement for admission to doctoral candidacy; individual programs will normally impose additional requirements, such as the successful completion of oral and/or written comprehensive or qualifying examinations. These additional requirements may occur in conjunction with the presentation of the research proposal, or they may occur at different times within the course of doctoral study. Admission to doctoral candidacy is conferred with the approval of the dean of the Graduate College, on behalf of the Graduate Council, acting upon the recommendation of program faculty. Admission to candidacy should occur fairly early in the graduate degree program. When the student has completed all requirements for Candidacy, they must initiate the Admission to Doctoral Candidacy form through GC Round Up (http://planofstudy.okstate.edu) for committee members' and the Graduate College's approval.

20.10 Dissertation Hours Taken as a Doctoral Candidate.

Admission to candidacy must occur at least six months prior to the date of the final dissertation defense. Since admission to candidacy may occur at various times related to the academic calendar, the student will need to be admitted to candidacy early in the fall semester to be eligible to schedule their final dissertation defense and graduate in the spring; early in the spring semester for summer graduation; and early in the summer session for fall graduation. (See the Graduate College Calendar for term-specific dates.) If a student is admitted to candidacy prior to the first day of a given term, all dissertation hours taken that term and following may be included in the hours of dissertation research required as a doctoral candidate.

20.11 Dissertation.

A dissertation is required of each candidate for the EdD degree. The dissertation has three principal functions:

1. training in research,
2. promoting professional growth, and
3. contributing to professional knowledge in education. Not every dissertation will be expected to serve these three functions in the same way or to the same extent.

The format specifications, procedures and regulations for the dissertation are the same as for the PhD. The EdD candidate should refer to the "Doctor of Philosophy" section in the Graduate College chapter of the Catalog on dissertations and submission procedures. The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. Any graduate student writing a dissertation must attend a Thesis/Dissertation format workshop prior to submission of their approved dissertation. The dates for the workshops are on the Graduate Calendar and a webinar version is available on the Graduate College website.

21.0 Doctor of Philosophy (PhD) Degree Programs

The Doctor of Philosophy (PhD) degree is granted in recognition of high achievement in scholarship and independent investigation. The student must prove his or her acceptability by:

1. successfully completing a series of courses comprising a Plan of Study;
2. passing various examinations demonstrating academic competence;

3. carrying out a research program under supervision and preparing an acceptable dissertation; and
4. demonstrating initiative, creative intelligence, and ability to plan and carry out research in his or her chosen field.

21.1 Current Degree Inventory.

For the current listing of doctoral programs offered at OSU see the Graduate College website: https://gradcollege.okstate.edu/programs/listing-by-degree.html#Doctoral.

21.2 Basic Requirements.

The Doctor of Philosophy degree requires the number of credit hours as specified by the degree program with a minimum of 60 credit hours beyond the bachelor's degree. These hours must include a minimum of 15 dissertation hours (6000) with a grade of "SR." The maximum number of dissertation hours (6000 with a grade of "SR") permissible on a Plan of Study must not exceed three-fourths of the total credit hours in the approved graduate degree program.

Also, see **Section 11.2** for the number of times a course can be used in multiple degree Plans of Study.

21.3 Temporary Advisor.

At the beginning of a student's doctoral program, the graduate program will designate a member of the Graduate Faculty to serve as temporary advisor to the student. The temporary advisor will assist the student in the early selection of courses. Often, it is the graduate coordinator who serves as the temporary advisor.

21.4 Advisory Committee.

Upon recommendation of the graduate program and approval of the dean of the Graduate College, an advisory committee of not fewer than four voting members will be appointed. The duties of the advisory committee consist of:

1. advising the student,
2. assisting the student in preparing a Plan of Study,
3. assisting in planning and conducting the research,
4. supervising the writing of the dissertation, and
5. conducting the dissertation defense.

The chair of the committee need not necessarily serve as the student's research advisor, but must hold an OSU Graduate Faculty appointment with doctoral chairing privileges, and have familiarity with the academic requirements of the degree sought. At least one member of the advisory committee must be designated as the Graduate College Representative and be a Full member of the OSU Graduate Faculty from a school or department outside the student's department. To view the roles and responsibilities associated with members of advisory committees, go to https://gradcollege.okstate.edu/resources/best-practices.html.

The student should consult the members of the advisory committee frequently keep them informed on the progress of their work.

21.5 Preliminary Conference.

As soon as the student is notified that an advisory committee has been approved, the student should arrange with the chairperson for a conference with the committee. During the conference, the preparation and qualifications of the student for graduate work will be discussed and appropriate plans made for future study.

21.6 Plan of Study.

The student should develop the Plan of Study with the advisory committee using the online Plan of Study application (http://planofstudy.okstate.edu). The online submission requires approval by the advisory committee and the student's graduate program with final approval by the Graduate College.

The original Plan of Study must be submitted to the Graduate College prior to the end of the third semester (excluding summer sessions) of enrollment in the doctoral program. The plan must include all the acceptable graduate work that has been completed and all that will be taken for the doctoral degree.

The Plan of Study must include all the acceptable graduate work that has been completed and all that will be taken for the doctoral degree. The Plan of Study should include:

1. all courses taken at the 5000-6000 level,
2. a minimum of 60 hours, and
3. a minimum of 15 (maximum of 45) dissertation hours (6000) with a grade of "SR" for the 60 hour doctorate or a minimum of 15 (maximum of 60) dissertation hours (6000) for the 90 hour doctorate.

Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements.

The Plan of Study is subject to modification. All changes must have the approval of the advisory committee and the student's graduate coordinator, and a final Plan of Study incorporating all changes should be submitted to the Graduate College by the eighth week of the semester in which the degree is to be conferred. See the Graduate College Calendar..

21.7 Character of Work.

The satisfactory completion of coursework (see "General Regulations") is only one requirement for earning the degree. The student must also:

1. pass a qualifying examination,
2. prepare an acceptable dissertation,
3. demonstrate the ability to do independent study,
4. pass a defense of dissertation, and
5. comply with any other requirements of the graduate program.

21.8 Residency Requirements.

A minimum of 30 credit hours must be taken at OSU. While the Graduate College does not have a specific residency requirement that applies to all programs, graduate programs may require a period of time in residence for students enrolled in departmental graduate programs. Programs must inform students of any residence requirements upon their admission to their graduate programs.

21.9 Language Requirement.

Foreign language or other proficiency requirements may be specified to meet the need for specific skills and areas of knowledge that facilitate research and contribute to wider understanding. Specific requirements are determined by graduate programs. In many fields, a reading knowledge of one or two modern foreign languages is an important part of scholarship and necessary for research. In other fields, proficiency in special and related disciplines may be required that will contribute to the needs of the individual program.

21.10 Admission to Doctoral Candidacy.

Admission to doctoral candidacy marks the transition into the research phase of a doctoral degree and indicates agreement that the student has demonstrated the ability to do acceptable, doctoral-level graduate work and that satisfactory progress has been made toward a degree. Consideration for candidacy requires the presentation of a written research proposal for doctoral research to the doctoral advisory committee, who will assess the proposal and offer the student pertinent counsel, advice and feedback. The approval of the research proposal by the advisory committee is the basic requirement for admission to doctoral candidacy; individual programs will normally impose additional requirements, such as the successful completion of oral and/or written comprehensive or qualifying examinations. These additional requirements may occur in conjunction with the presentation of the research proposal, or they may occur at different times within the course of doctoral study. Admission to doctoral candidacy is conferred with the approval of the dean of the Graduate College, on behalf of the Graduate Council, acting upon the recommendation of program faculty. When the student has completed all requirements for Candidacy, they must initiate the Admission to Doctoral Candidacy form through GC Round Up (http://planofstudy.okstate.edu) for committee members' and the Graduate College's approval.

21.11 Dissertation Hours Taken as a Doctoral Candidate.

Admission to candidacy must occur at least six months prior to the date of the final dissertation defense.

Since admission to candidacy may occur at various times related to the academic calendar, the student will need to be admitted to candidacy early in the fall semester to be eligible to schedule their final dissertation defense and graduate in the spring; early in the spring semester for summer graduation; and early in the summer session for fall graduation. See the Graduate College Calendar for term-specific dates.

21.12 Dissertation.

A dissertation (doctoral thesis) is required of each doctoral candidate. The subject of the dissertation must be approved by the advisory committee and the dissertation is prepared under the direction of members of the committee or a special dissertation committee approved by the advisory committee chair.

The dissertation must follow specifications in the Graduate College Thesis/ Dissertation Guidelines, available at http://gradcollege.okstate.edu (https://gradcollege.okstate.edu/resources/student-resources.html). The style of the document is to be determined by the advisory committee and should be reflective of publications in the student's discipline. Any graduate student writing a dissertation must attend a Thesis/Dissertation format workshop prior to submission of their approved dissertation. The dates for the workshops are on the Graduate Calendar and a webinar version is available on the Graduate College website.

It is strongly recommended that a graduate student submit complete copies of the dissertation to the advisory committee members at least two weeks prior to the defense date, that the defense presentation be publicized, and that the dissertation defense occur on a date during the normal academic semesters and sessions. Graduate programs may have additional or more restrictive requirements for dissertation defenses.

Immediately after the defense, the Dissertation Oral Defense Results form, initiated by the student, must be submitted online through GC Round Up (http://planofstudy.okstate.edu/). In addition, the student must electronically submit the Dissertation Document Approval form (see template on the Graduate College website) with committee signatures to the Graduate College via grad-academici@okstate.edu. The dissertation must have the necessary approval signatures before online submission. Directions to submit the dissertation through the OSU website are given to the student after they submit the Dissertation Document Approval form. Both the Dissertation Document Approval form and the electronic submission of the dissertation must occur no later than the final submission deadline date stated on the Graduate College Calendar.

21.13 Final Examination.

The student should arrange with the graduate program for the final examination and to distribute a copy of the dissertation as described in the preceding section. The final examination is primarily a defense of the dissertation. If the defense is judged inadequate, a decision on whether to permit re-examination will be made by the advisory committee. Another examination cannot be given for at least two months after a failure, and a graduate program may limit the number of times that the examination may be repeated. If the advisory committee decides against re-examination, the committee's decision is final. The outcome of the dissertation defense falls under the "professional and scholarly assessment made by faculty and advisory committees" and is not appealable.

Following satisfactory completion of the final examination, the candidate will make changes in the dissertation as required by the committee and submit it in final form as described in preceding section.

Please see the Graduate College's Best Practices: Advisory Committees and Defenses document for additional guidance.

Academic Calendar
Graduate College Academic Calendar

Refer also to the University Academic Calendar (p. 91).

2025-2026

	Fall	Spring	Summer
Class work begins	Aug 18	Jan 12	May 18
Admission to doctoral candidacy for summer graduates due in Graduate College		Jan 30	
Admission to doctoral candidacy for fall graduates due in Graduate College			Jun 5
Thesis/ Dissertation Graduation Review: Attend in-person review or watch the online tutorial	Oct 10	Mar 6	Jun 5

Last day to submit a revised plan of study (if needed) to Graduate College	Oct 17	Mar 13	Jun 19
Last day to file a Graduation Application* (formerly diploma application)	Nov 3	Apr 1	Jun 29
Admission to doctoral candidacy for spring graduates due in Graduate College	Nov 7		
Last day to submit results of Thesis/ Dissertation Oral Defense form to Graduate College to meet semester graduation deadlines	Nov 14	Apr 10	Jul 17
Last day to submit Thesis/ Dissertation Document Approval form to Graduate College to meet semester graduation deadlines	Nov 20	Apr 23	Jul 23
Last day to complete online submission of electronic dissertation or thesis to meet semester graduation deadlines	Nov 24	Apr 27	Jul 27
Term ends; Formal Reports, Creative Components due	Dec 12	May 8	Jul 31
Graduate Commencement	Dec 12	May 8	

*
Last day to file for your name to appear in Fall and Spring/Summer Commencement Book. Summer deadline is for graduation clearance only.

Faculty

The OSU Graduate Faculty are searchable by name and department in the Graduate Faculty Database on the Graduate College Website: http://graduatefaculty.okstate.edu/Default.aspx

Doctoral Degree Programs

- Agricultural Economics, PhD (p. 2955)
- Agricultural Education, Communications, and Leadership, PhD (p. 2956)
- Animal Science, PhD (p. 2957)
- Applied Educational Studies: Aviation and Space Eduation, EdD (p. 2958)
- Biochemistry and Molecular Biology, PhD (p. 2959)
- Biomedical Sciences, PhD (p. 2960)
- Biosystems Engineering, PhD (p. 2962)
- Business Administration, DBA (p. 2963)
- Business Administration: Accounting, PhD (p. 2964)
- Business Administration: Entrepreneurship, PhD (p. 2965)
- Business Administration: Executive Research, PhD (p. 2966)
- Business Administration: Finance, PhD (p. 2967)
- Business Administration: Hospitality and Tourism Management, PhD (p. 2968)
- Business Administration: Management Science and Information Systems, PhD (p. 2969)
- Business Administration: Management, PhD (p. 2970)
- Business Administration: Marketing, PhD (p. 2971)
- Chemical Engineering, PhD (p. 2972)
- Chemistry, PhD (p. 2973)
- Civil Engineering, PhD (p. 2974)
- Community Health Sciences, PhD (p. 2975)
- Comparative Biomedical Sciences, PhD (p. 2976)
- Computer Science, PhD (p. 2977)
- Counseling Psychology, PhD (p. 2978)
- Crop Science, PhD (p. 2979)
- Curriculum Studies: College Curriculum and Teaching, PhD (p. 2980)
- Curriculum Studies: Curriculum and Leadership, PhD (p. 2981)
- Curriculum Studies: International and Peace Curriculum, PhD (p. 2982)
- Economics, PhD (p. 2983)
- Education: Educational Administration, EdS (p. 2984)
- Education: Learning, Design and Technology, PhD (p. 2985)
- Education: Literacies and Language Arts Education, PhD (p. 2986)
- Education: Mathematics Education, PhD (p. 2987)
- Education: Science Education, PhD (p. 2988)
- Education: Social Foundations of Education, PhD (p. 2989)
- Education: Special Education, PhD (p. 2991)
- Education: Workforce and Adult Education, PhD (p. 2992)
- Educational Leadership and Policy Studies: Educational Administration, PhD (p. 2993)
- Educational Leadership and Policy Studies: Higher Education, PhD (p. 2994)
- Educational Psychology: Educational Psychology, PhD (p. 2995)
- Educational Psychology: Research, Evaluation, Measurement and Statistics, PhD (p. 2996)
- Electrical Engineering, PhD (p. 2997)
- English, PhD (p. 2998)
- Entomology, PhD (p. 2999)
- Environmental Science, PhD (p. 3000)
- Fire and Emergency Management Administration, PhD (p. 3001)
- Food Science, PhD (p. 3002)
- Forensic Sciences, DFS (p. 3003)
- Forensic Sciences, PhD (p. 3005)
- Geography, PhD (p. 3007)
- Geology, PhD (p. 3008)
- Health and Human Performance, PhD (p. 3009)
- Health Care Administration, DHCA (p. 3010)
- Health, Leisure and Human Performance: Health and Human Performance, PhD (p. 3011)
- Health, Leisure and Human Performance: Leisure Studies, PhD (p. 3012)
- History, PhD (p. 3014)
- Human Development and Family Science, PhD (p. 3015)
- Human Sciences: Design and Merchandising, PhD (p. 3016)
- Human Sciences: Human Development and Family Science, PhD (p. 3017)
- Industrial Engineering and Management, PhD (p. 3018)
- Integrative Biology, PhD (p. 3019)
- Language, Literacy, and Culture Education, EdS (p. 3020)
- Learning, Design and Technology, EdD (p. 3021)
- Learning, Design and Technology, PhD (p. 3022)
- Materials Science and Engineering, PhD (p. 3023)
- Mathematics, PhD (p. 3025)
- Mechanical and Aerospace Engineering, PhD (p. 3026)
- Mechanical and Aerospace Engineering: Unmanned Aerial Systems, PhD (p. 3027)
- Microbiology, Cell and Molecular Biology, PhD (p. 3028)
- Natural Resource Ecology and Management, PhD (p. 3029)
- Natural Resource Ecology and Management: Fisheries and Aquatic Ecology, PhD (p. 3030)
- Natural Resource Ecology and Management: Forest Resources, PhD (p. 3031)
- Natural Resource Ecology and Management: Rangeland Ecology and Management, PhD (p. 3032)
- Natural Resource Ecology and Management: Wildlife Ecology and Management, PhD (p. 3033)
- Nutritional Sciences, PhD (p. 3034)
- Petroleum Engineering, PhD (p. 3036)
- Photonics, PhD (p. 3037)
- Physics, PhD (p. 3039)
- Plant Biology, PhD (p. 3040)
- Plant Pathology, PhD (p. 3041)
- Psychology: Clinical, PhD (p. 3042)
- Psychology: Experimental Psychology, PhD (p. 3043)
- School Administration, EdD (p. 3044)
- School Psychology, EdS (p. 3045)
- School Psychology, PhD (p. 3046)
- Sociology, PhD (p. 3047)
- Soil Science, PhD (p. 3048)
- Statistics, PhD (p. 3049)

Agricultural Economics, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Core Courses		
ECON 6023	Microeconomic Theory II	3
ECON 6043	Macroeconomic Theory II	3
AGEC 6213	Advanced Econometrics	3
STAT 5253	Mathematical Statistics I	3
STAT 5263	Mathematical Statistics II	3
AGEC 6403	Advanced Production Economics	3
AGEC 6303	Advanced Agricultural Marketing [1]	3
AGEC 5703	American Agricultural Policy	3
AGEC 6102	Teaching Practicum in Agricultural Economics	2
Hours Subtotal		**26**
Electives		
Select at least 10 hours of electives: [2]		10
AGEC 5203	Advanced Agricultural Prices	
AGEC 5233	Primary Data Analysis in Economic Research	
AGEC 5321	Agricultural Marketing and Economic Development	
AGEC 5331	Agricultural Marketing: Advanced Concepts	
AGEC 5403	Production Economics	
AGEC 5503	Economics of Natural and Environmental Resource Policy	
AGEC 5603	Advanced Agricultural Finance	
AGEC 5723	Plan & Pol Devlpmnt	
AGEC 6103	Advanced Applications of Mathematical Programming	
ECON 6623	Economic Development I	
ECON 6643	Economic Development II	
Hours Subtotal		**10**
Thesis		
Total thesis hours based on advice of student's advisory committee. [2]		24
Hours Subtotal		**24**
Total Hours		**60**

1

Prerequisites of AGEC 5203 or AGEC 5311, 5321, and 5331.

2

Total number of hours for thesis must be approved by student's advisory committee and will need to reach a total of 34 hours combined with electives.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Agricultural Education, Communications, and Leadership, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60 (Beyond the Master's Degree)

Code	Title	Hours
Required Courses		
AECL 5101	Orientation to Graduate Programs in Agricultural Education, Communications and Leadership	1
AGCM 5203	Theory and Practice in Agricultural Communications	3
AGED 5823	Advanced Methods of Teaching Agriculture	3
AGED 6103	History and Philosophical Foundations of Agricultural and Extension Education	3
AGLE 5303	Foundations of Leadership Theory	3
AECL 5863	Methods of Technological Change	3
AECL 6223	Program Evaluation in Agriculture and Extension	3
Hours Subtotal		**19**
Statistics and Research Courses		
AECL 5983	Social Sciences Research in Agricultural Sciences and Natural Resources	3
Select 9 hours from the following:		9
REMS 5953	Statistical Methods in Education (or equivalent)	
STAT 5013	Statistics for Experimenters I	
REMS 6003	Analyses of Variance (or equivalent)	
STAT 5023	Statistics for Experimenters II	
REMS 6013	Multiple Regression Analysis in Behavioral Studies (or equivalent)	
Select one qualitative research methods course.		3
Specialization		
Select 11 hours.		11
Hours Subtotal		**26**
Dissertation Hours		
AECL 6000	Doctoral Dissertation in Agricultural Education, Communications and Leadership	15
Hours Subtotal		**15**
Total Hours		**60**

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Animal Science, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 64 (Beyond the Bachelors Degree)

Code	Title	Hours
Required Courses [1]		
STAT 5013	Statistics for Experimenters I	3
STAT 5023	Statistics for Experimenters II	3
STAT - 3 additional hours		3
ANSI 5110	Seminar	2
or ANSI 6110	Seminar	
Hours Subtotal		**11**
Twenty (20) hours from:		20
ANSI 6000	Doctoral Research and Dissertation	
Hours Subtotal		**20**
Electives		
Select 33 hours of graduate courses (no more than 6 hours of ANSI 5010 and FDSC 5120		33
Hours Subtotal		**33**
Total Hours		**64**

1

Combined Required Courses, Electives and Other Requirements hours must total 64 hours.

Animal Science Requirements

- At least 75 percent of total credit hours must be 5000/6000 level courses.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Applied Educational Studies: Aviation and Space Eduation, EdD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 61

Code	Title	Hours
Required Courses		
AVED 5553	Aerospace Proposal and Procurement	3
AVED 5573	Aerospace Defense Acquisition	3
AVED 5593	Influencing Public Policy in the Aerospace Industry	3
AVED 6000	Doctoral Thesis	10
AVED 6103	Doctoral Seminar in Aerospace Education	3
AVED 6303	The Application of Qualitative Methods in Aviation Research	3
AVED 6313	Administration of Aviation Institutions	3
AVED 6413	Development of Air and Space Flight	3
AVED 6553	Foundations of Airline Executive Leadership	3
AVED 6613	Aviation Executive Development	3
AVED 6773	Applied Aviation and Space Research	3
Hours Subtotal		**40**
Electives		
Select 21 hours of the following:		21
AVED 5453	Advanced Aviation Security	
AVED 5563	Aerospace Leadership and Management	
AVED 5773	Historical Significance of Aviation	
AVED 5823	Space Science	
AVED 5883	Aviation Economics	
AVED 5893	Aerospace Executive Decision Making	
AVED 5963	Airport Operations	
AVED 5973	Aerospace Law	
AVED 5993	Ethics in Aviation	
REMS 5013	Research Design and Methodology	
REMS 5953	Statistical Methods in Education	
SCFD 6113	Theoretical Foundations of Inquiry	
Hours Subtotal		**21**
Total Hours		**61**

Graduate College Doctor of Education (EdD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Education (EdD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Biochemistry and Molecular Biology, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 90 (Beyond the Bachelor's Degree)

Code	Title	Hours
Required Core Courses		
BIOC 5002	Research Compliance and Biochemistry Graduate Colloquium	2
BIOC 5112	Articulation of Research Logic	2
BIOC 5120	Biochemistry and Molecular Biology Graduate Research Colloquium [1]	1
BIOC 5753	Biochemical Principles	3
BIOC 5753	Biochemical Principles	3
BIOC 5853	Molecular and Integrative Metabolism	3
BIOC 5930	Advanced Biochemical Techniques	3
BIOC 6110	Seminar [2]	2
Three hours from:		3
BIOC 6740	Physical Biochemistry	
Plus 4 advanced (6000-level BIOC courses)		12
BIOC 6723	Signal Transduction	
BIOC 6733	Functional Genomics	
BIOC 6753	Epigenetics	
BIOC 6773	Protein Structure and Enzyme Function	
BIOC 6793	Plant Biochemistry	
Hours Subtotal		**34**
Electives		
Select 41 hours from the following:		41
BIOC 4723	Introduction to Bioinformatics	
BIOC 5102	Molecular Genetics	
BIOC 5824	Biochemical Laboratory Methods	
BIOC 6820	Selected Topics in Biochemistry (15 Hours Maximum)	
Hours Subtotal		**41**
Required Research		
BIOC 6000	Research	15
Hours Subtotal		**15**
Total Hours		**90**

1

Course to be taken 1 time each year prior to year of graduation.

2

Course to be taken 2 times at one credit each.

Total Hours: 60 (Beyond the Master's Degree)

Code	Title	Hours
Combined 45 hours of required core courses, other core courses, and electives.		45
Required Core Courses		
BIOC 5002	Research Compliance and Biochemistry Graduate Colloquium	
BIOC 5112	Articulation of Research Logic	
BIOC 5120	Biochemistry and Molecular Biology Graduate Research Colloquium [1]	
Other Core Courses Listed Below as Required by the Student's Advisor and Graduate Thesis Advisory Committee:		
BIOC 5723	Introduction to Bioinformatics	
BIOC 5753	Biochemical Principles	
BIOC 5853	Molecular and Integrative Metabolism	
BIOC 5930	Advanced Biochemical Techniques	
BIOC 6110	Seminar	
BIOC 6723	Signal Transduction	
BIOC 6733	Functional Genomics	
BIOC 6740	Physical Biochemistry	
BIOC 6753	Epigenetics	
BIOC 6773	Protein Structure and Enzyme Function	
BIOC 6793	Plant Biochemistry	
Electives		
Select 15 hours minimum from the following:		
BIOC 4723	Introduction to Bioinformatics	
BIOC 5102	Molecular Genetics	
BIOC 5824	Biochemical Laboratory Methods	
BIOC 6820	Selected Topics in Biochemistry	
Hours Subtotal		**45**
Required Research		
BIOC 6000	Research	15
Hours Subtotal		**15**
Total Hours		**60**

1

Course to be taken 1 time each year prior to year of graduation.

Other Biochemistry and Molecular Biology, PhD, Requirements

- Pass PhD Preliminary Examination.
- Pass PhD Candidacy Examination: Present and pass the defense of a written research proposal.
- The student's Graduate Committee must approve the written thesis, and an oral defense on the content of the thesis must be passed

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Biomedical Sciences, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Degree Core		
Required Courses		
Thirty hours from:		30
BIOM 6000	Research and Dissertation	
BIOM 6662	Research Ethics and Survival Skills for the Biomedical Sciences	2
BIOM 6922	Scientific Communication in Biomedical Sciences	2
Hours Subtotal		**34**
Optional Electives		
Select 26 hours from the following:		26
BIOM 5010	Special Topics in Biomedical Sciences	
BIOM 5020	Biomedical Sciences Seminar	
BIOM 5116	Clinical Anatomy	
BIOM 5122	Introduction and Survey of Human Structure	
BIOM 5133	Neuroanatomy	
BIOM 5144		
BIOM 5215	Medical Biochemistry	
BIOM 5316	Medical Microbiology and Immunology	
BIOM 5616	Graduate Biomedical Physiology	
BIOM 5621	Introduction to Translational Research	
BIOM 5631	Disease Research in Medicine	
BIOM 5641	Cornerstones of Vertebrate Paleontology	
BIOM 5653	Evolutionary Physiology	
BIOM 5663	Graduate Pharmacology	
BIOM 5672	Scientific Outreach Training for Graduate Students	
BIOM 5683	Chronic Inflammation and Cancer Development	
BIOM 5693	Principle Concepts of Cellular and Molecular Immunology	
BIOM 5703		
BIOM 5983	Principles of Neuroscience	
BIOM 5993	Principles of Neuroanatomy	
BIOM 6175	Molcular And Cellular Biology	
BIOM 6183	Cellular and Molecular Biology of Pain	
BIOM 6193	Paleommalogy	
BIOM 6214	Advanced Topics in Medical Biochemistry	
BIOM 6233	Enzyme Analysis	
BIOM 6243	Human Nutrition	
BIOM 6263	Techniques in Molecular Biology	
BIOM 6333	Immunology	
BIOM 6343	Microbial Physiology	
BIOM 6353	Molecular Virology	
BIOM 6363	Immunobiology of Infectious Disease	
BIOM 6413	Graduate General Pathology and Laboratory Medicine	
BIOM 6523	Cardiovascular Physiology and Pharmacology	
BIOM 6543	Environmental Toxins in the Brain	
BIOM 6583	Neuroinflammation	
BIOM 6613	Environmental Physiology	
BIOM 6643	Neurophysiology	
BIOM 6653	Graduate Seminar In Signal Transduction	
BIOM 6663	Neuroethology	
BIOM 6673	Genomics	
BIOM 6705	Advanced Gross Anatomy	
BIOM 6723	Field Techniques in Vertebrate Paleontology	
BIOM 6733	Human Microbiome in Health and Disease	
BIOM 6743	Foundations in Medical Genetics, Molecular Biology and Development	
BIOM 6752	Foundations in Medical Cell and Tissue Biology	
BIOM 6762	Foundations in Medical Biochemistry	
BIOM 6771	Foundations in Medical Pharmacology	
BIOM 6781	Foundations in Medical Immunology	
BIOM 6793	Foundations in Medical Microbiology	
BIOM 6800	Critical Readings in Biomedical Sciences	
BIOM 6810	Structure and Function of the Human Cardiovascular System	
BIOM 6820	Structure and Function of the Human Gastrointestinal/Hepatic System	
BIOM 6830	Biomedical Perspectives on Human Hematology	
BIOM 6840	Structure and Function of the Human Musculoskeletal System	
BIOM 6843	Vertebrate Osteology	
BIOM 6850	Structure and Function of the Human Renal System	
BIOM 6860	Structure and Function of the Human Reproductive Systems and Reproductive Biology	
BIOM 6870	Structure and Function of the Human Respiratory System	
BIOM 6880	Biomedical Perspectives on Psychiatry	
BIOM 6810	Structure and Function of the Human Cardiovascular System	
BIOM 6820	Structure and Function of the Human Gastrointestinal/Hepatic System	
BIOM 6830	Biomedical Perspectives on Human Hematology	
BIOM 6840	Structure and Function of the Human Musculoskeletal System	
BIOM 6850	Structure and Function of the Human Renal System	
BIOM 6860	Structure and Function of the Human Reproductive Systems and Reproductive Biology	

BIOM 6870	Structure and Function of the Human Respiratory System	
BIOM 6880	Biomedical Perspectives on Psychiatry	
BIOM 6900	Structure and Function of the Human Endocrine System	
BIOM 6910	Structure and Function of the Human Nervous System	
BIOM 6933	Cornerstones of Graduate Biomedical Sciences	
BIOM 6943	Advanced Vertebrate Paleontology	
BIOM 6952	Paleohistology Techniques	
BIOM 6962	Evolutionary Biomechanics	
BIOM 6972	Role of Nicotinic Acetylcholine Receptors in Neuropsychiatric Disorders	
Hours Subtotal		**26**
Other Requirements		
Research Proposal		
Qualifying Exam		
Dissertation Defense		
Total Hours		**60**

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Biosystems Engineering, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Required Courses		
BAE 5501	Seminar	1
BAE 6101	Teaching Practicum in Biosystems Engineering	1
Advanced Math (if advanced math was not completed in Master's program)		3
Hours Subtotal		**5**
Specialization and Dissertation		
Combination of Dissertation and Specialization to total 55 hours.		55
Core Courses (By Specialty Area)		
Machine Systems		
BAE 5413	Advanced Data Acquisition and Control	
Environment and Natural Resources		
BAE 6313	Stochastic Methods in Hydrology [1]	
BAE 6333	Fluvial Hydraulics [2]	
BAE 6343	Ground Water Contaminant Transport [3]	
BAE 6520	Problems in Soil and Water Engineering [4]	
Bioprocessing and Biotechnology		
BAE 5213	Renewable Energy Engineering	
BAE 5283	Advanced Bioprocess Engineering	
BAE 5413	Advanced Data Acquisition and Control	
CHE 5123	Advanced Chemical Reaction Engineering	
CHE 5373	Process Simulation	
CHE 5743	Chemical Engineering Process Modeling	
STAT 5303	Experimental Designs	
Research and Additional Requirements		
BAE 6000	Doctoral Research and Dissertation	
Hours Subtotal		**55**
Total Hours		**60**

1

Prerequisites: BAE 4313 or CIVEN 5843 and STAT 4053.

2

Prerequisites: ENGSC 3233 or equivalent.

3

Prerequisites: AGRON 5583 or CIVEN 5913.

4

Prerequisites: CHEM 1515, BAE 4313 or equivalent.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Business Administration, DBA

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Core Courses		
MGMT 6343	Contemporary Research in Management I	3
MGMT 6353	Research Design	3
BADM 6913	Mixed Methods in Management Research	3
BADM 6513	Org Science I: Micro Issues in Business	3
BADM 6523	Org Science II: Macro Issues in Business	3
MKTG 6100	Advanced Seminar in Marketing	3
EEE 6343	Entrepreneurship Processes	3
FIN 6660	Seminar in Finance	3
MSIS 6300	Contemporary Topics in MSIS Research	3
BADM 6713	Theory Building and Scientific Research in Business	3
BADM 6533	Creativity, Innovation and Leadership	3
Hours Subtotal		**33**
Electives		
Any doctoral level or equivalent course that aligns with a student's individual area of interest. Elective courses must be approved by an advisory board for a minimum of 9 hours.		9
Hours Subtotal		**9**
Thesis		
BADM 6723	Dissertation Design	3
15 hours from:		15
BADM 6000	Research and Thesis	
Hours Subtotal		**18**
Total Hours		**60**

Learn more about Graduate College 2025-2026 Doctor of Business Administration (DBA) (p. 2927) Degree Program Requirements. Check the Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Business Administration: Accounting, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Research Methods		
ECON 5213	Introduction to Econometrics	3
ECON 6013	Microeconomic Theory I	3
or AGEC 5403	Production Economics

Twenty-one hours from:		21
CS 6000	Doctoral Dissertation	
Hours Subtotal		**21**
Total Hours		**60**

1

For Ph.D. students who have not earned a master's degree, at most one grade of "C" in a core course is acceptable providing it is offset by a grade of "A" in another core course.

2

A student who has completed a master's degree at another university may petition to have one or more of the OSU core courses waived in favor of equivalent graduate-level course(s) taken elsewhere. The question or whether or not a course at another university is equivalent to an OSU core course is entirely up to the judgment of the department.

3

These elective hours cannot include any courses claimed Core Requirements, Research Specialization or Secondary Area of Study, nor may they include any courses used on the plan of study for a master's degree, nor may they include any hours of CS 5000 or of CS 6000.

4

Students who have not completed a master's degree must satisfy the above elective requirements in this item plus the elective requirements for the master's degree (under the thesis option) in this department.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

SCFD 6990	Seminar in Social Foundations	
Hours Subtotal		**24**
Cognate Area		
Students take 9 credit hours in a concentration or cognate area based on their research interest and in consultation with their advisor and dissertation committee. These areas are available at Oklahoma State University, especially in the College of Education, Health and Aviation and the College of Arts and Sciences. They can be, but are not limited to, the following areas:		9
History; Philosophy; Sociology; International Studies; Comparative Education; Gender and Women's Studies; Higher Education; Educational Administration; Educational Technology; Pedagogy; STEM Education; College Teaching; Qualitative Inquiry; Research, Evaluation, Measurement, and Statistics; Special Education; Curriculum Studies; Media and Culture		
Hours Subtotal		**9**
Independent Research		
CIED 6000	Doctoral Dissertation	15
Hours Subtotal		**15**
Total Hours		**69**

1 Requires REMS 5013 and REMS 5953 as prerequisites.

2 Requires REMS 6003 as prerequisite.

3 Requires REMS 6013 as prerequisite.

4 Must take if no equivalent course has been taken in Master's program.

Education: Social Foundations of Education Requirements

- All students admitted into the Ph.D. degree option in Social Foundations are expected to meet all university requirements and the

requirements for admission to the Ph.D. in Education. Students with little or no background in social foundations may be required to take additional leveling coursework. The Social Foundations admission committee determines such prerequisite considerations. Specific graduate courses that may be required as a leveling course include SCFD 5223, SCFD 5873, SCFD 5923, SCFD 5990, SCFD 5998.

- Students will be expected to use technology resources appropriately in course projects, assignments, and research. Ph.D. in Education (69 credit hours minimum, with typically no more than two 5000-level courses (in addition to SCFD 5713, SCFD 5883, if these courses are taken as part of Ph.D. coursework). Leveling courses are not included in the 69 hours.)

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Education: Workforce and Adult Education, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 72

Code	Title	Hours
Required Courses		
SCFD 6983	Diversity and Equity Issues in Education	3
SCFD 6113	Theoretical Foundations of Inquiry	3
Hours Subtotal		**6**
Extended Inquiry		
Select 12 hours from the following:		12
REMS 6003	Analyses of Variance	
REMS 6013	Multiple Regression Analysis in Behavioral Studies	
SCFD 6123	Qualitative Research I	
SCFD 6190	Qualitative Research: Selected Methods	
SCFD 6193	Qualitative Research II	
Other courses as appropriate and available		
Hours Subtotal		**12**
Specialization Structure (Core for WAED)		
WAED 6103	Philosophy of Workforce and Adult Education	3
WAED 6233	Managing Knowledge in Learning Organizations	3
CIED 6503	Doctoral Seminar	3
WAED 6353	Future of Technology, Work and Society	3
WAED 5010	Seminar	3
Hours Subtotal		**15**
Specialization Electives		
Select 15 hours from the following:		15
WAED 5123	Administration & Evaluation of Workforce and Adult Education	
WAED 5133	Internationalism, Globalization and Workforce Education	
WAED 5153	Curriculum Planning in Workforce and Adult Education	
WAED 5233	Advanced Instructional Procedures in Workforce and Adult Education	
WAED 5313	Overview of Workforce and Adult Education	
WAED 5333	Administration and Supervision of Workforce Education Programs	
WAED 5340	Special Problems in Workforce and Adult Education	
WAED 5423	Individualized Competency Based Instruction and Customized Training	
WAED 5720	Workshop	
WAED 5910	Developing and Analyzing Teaching Content	
WAED 6343	Financing Workforce and Adult Education	
WAED 6880	Doctoral Internship in Workforce and Adult Education	
Others by permission of doctoral committee chair		
Hours Subtotal		**15**
Cognate Area		
Coursework comprising a cognate area can come from inside the College of Education, Health and Aviation or from outside the College. Courses selected for the cognate need approval of the doctoral committee chair and must be 5000- and 6000-level courses.		9
Hours Subtotal		**9**
Independent Research		
WAED 6000	Doctoral Dissertation	15
Hours Subtotal		**15**
Research and Scholarship Preparation		
In additional to the requirements listed above for degree completion, students must have (a) presented at a professional conference and (b) submitted an article for refereed publication. Faculty will support and mentor candidates through these processes.		
Total Hours		**72**

Total Hours: 69

Code	Title	Hours
Domain I - Research and Inquiry		
Required Courses for Domain I		
REMS 6003	Analyses of Variance	3
REMS 6013	Multiple Regression Analysis in Behavioral Studies	3
SCFD 6113	Theoretical Foundations of Inquiry	3
Other coursework recommended for expertise in the Research and Inquiry Domain:		9
REMS 5963	Computer Applications in Nonparametric Data Analyses	
REMS 6023	Psychometric Theory	
REMS 6033	Factor Analysis in Behavioral Research	
SCFD 6123	Qualitative Research I	
SCFD 6193	Qualitative Research II	
REMS 6373	Program Evaluation	
REMS 6383	Program Evaluation II	
REMS 6663	Applied Multivariate Research in Behavioral Studies	
REMS 6673	Item Response Theory	
REMS 6683	Multilevel Modeling Methods in Education	
REMS 6693	Structural Equation Modeling for Behavioral and Educational Research	
CIED 6253	Designing and Conducting Mixed Methods Research	
Hours Subtotal		**18**
Domain II: Foundations of Educational Psychology		
Required Courses		
EPSY 5001	Colloquium: Educational Psychology	1
EPSY 5320	Seminar in Educational Psychology	8
EPSY 6213	Advanced Educational Psychology	3
EPSY 6533	Human Motivation	3
Select at least three courses from the following (two must be 6000-level):		9
EDTC 6613	Instructional Systems Design	
EPSY 5403	Issues in Adolescent Development	
EPSY 5473	Psychology of Adult Learning	
EPSY 5603	Developmental Issues in Instruction	
EPSY 5663	Creativity for Teachers	
EPSY 5963	Developing Resources to Support Educational Programs	
EPSY 5983	Instructional Effectiveness in Higher Education	
EPSY 6043	Adult Development	
EPSY 6153	Advanced Research in Educational Psychology	
EPSY 6163	Emotion and Cognition	
EPSY 6443	Theories and Problems in Educational Psychology	
SCFD 6983	Diversity and Equity Issues in Education	
Hours Subtotal		**24**
Area of Expertise Domain III:		
Select 12 hours		12
Student-scholars select 12 hours related to an area of expertise based on student career goals, expertise, interest and background. Examples of areas of expertise may derive from the other domains, such as measurement or program evaluation in a specific context; instructional development for students with diverse needs; studies of gender, race, class, ability; multicultural issues in education; adult development or aging learners; social and emotional needs of children, and many others.		
Hours Subtotal		**12**
Dissertation (Doctoral Thesis)		
EPSY 6000	Doctoral Dissertation	15
Hours Subtotal		**15**
Total Hours		**69**

Graduate College Doctor of Philosophy (PhD) Requirements

SCFD 6113	Theoretical Foundations of Inquiry	3
SCFD 6123	Qualitative Research I	3
Hours Subtotal		**21**
Educational Psychology Degree Core		
Select a minimum of 9 hours:		9
Human Development		
EPSY 5103	Human Development in Psychology	
EPSY 6043	Adult Development	
Learning and Cognition		
EPSY 5463	Psychology of Learning	
EPSY 6163	Emotion and Cognition	
EPSY 6533	Human Motivation	
Hours Subtotal		**9**
Research, Evaluation, Measurement, and Statistics Specialization		
Select 12 hours from the following, including 9 hours at 6000-level:		12
(The following is not an exhaustive list. Additional relevant coursework may be found in other departments: e.g., PSYC, STAT, SOC, HDFS. Check Catalog for applicable prerequisites.)		
REMS 5373	Educational Measurements	
REMS 5963	Computer Applications in Nonparametric Data Analyses	
REMS 6033	Factor Analysis in Behavioral Research	
REMS 6320	Doctoral Seminar in REMS	
REMS 6383	Program Evaluation II	
REMS 6663	Applied Multivariate Research in Behavioral Studies	
REMS 6673	Item Response Theory	
REMS 6683	Multilevel Modeling Methods in Education	
REMS 6693	Structural Equation Modeling for Behavioral and Educational Research	
REMS 6850	Directed Reading	
STAT 5043	Sample Survey Designs	
SCFD 6190	Qualitative Research: Selected Methods	
SCFD 6193	Qualitative Research II	
Hours Subtotal		**12**
Cognate Area		
Select minimum of 9 hours:		9
Courses will be selected from one or two cognate areas to develop and improve knowledge and skills in a content and/or methodological area. Following are some examples of congnate areas and relative choices in coursework. This is not an exhaustive list.		
Student Development and Higher Education		
EDLE 5953	Developing Educational Organizations	
Mathematical Sciences		
MATH 5593	Methods of Applied Mathematics	
STAT 5093	Statistical Computing	
STAT 5123	Probability Theory	
STAT 5133	Stochastic Processes	
STAT 5213	Bayesian Analysis	
STAT 6113	Probability Theory	
STAT 6223	Advanced Statistical Inference	
Institutional Research		
STAT 5033	Nonparametric Methods	
Measurement and Cognitive Psychology		
PSYC 4813	Psychological Testing	
EPSY 5663	Creativity for Teachers	
EPSY 6533	Human Motivation	
EPSY 6163	Emotion and Cognition	
PSYC 5823	Cognitive Processes	
Hours Subtotal		**9**
Qualifying Exams		
Students must pass a written and oral comprehensive exam. Passing the exams qualifies students for Admission to Doctoral Candidacy, and they should move to the dissertation proposal phase.		
Dissertation Hours		
REMS 6000	Doctoral Dissertation	15
Hours Subtotal		**15**
Applied Experience		
Each student will select two suggested experiences.		
Total Hours		**66**

1 REMS 5013 and REMS 5953 are required prerequisites.

Hours Subtotal		**29**
Total Hours		**62**

Students admitted to the program with department approved aged graduate-level coursework are required to take two refresher courses in current theory and practice. Upon completion of these courses with a grade of B or better, students can count six hours from the leveling courses and up to 24 credit hours of approved aged graduate-level coursework towards the 30 hours of credit needed for the 62-credit hour doctoral degree program. The Plan of Study will include these six refresher course hours and up to 24 credit hours from their department approved aged coursework.

Independent Study Opportunities		
The doctoral advisory committee and the individual student will work together to select the most appropriate additional coursework for the Plan of Study. Students may wish to work one-on-one with a faculty member, or engage in an independent project in a field-based setting. These types of experiences are generally addressed within the independent study coursework, which allow flexibility in credit hours and academic assignments. These courses are generally established as contracts with a specific faculty member.

Human Sciences: Design and Merchandising, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60 Hours

Code	Title	Hours
Core Courses [1]		
Coursework in DM or related content area		18-27
Coursework in Research Methods and Statistics		9-15
EDHS 6993	Graduate Seminar in Education and Human Sciences	3
Hours Subtotal		30-45
Dissertation [1]		
15-30 hours from:		15-30
DM 6000	Doctoral Dissertation (Offered for variable credit, 1-12 hours, maximum of 30 credit hours.)	
Hours Subtotal		15-30
Total Hours		**60**

1

Combined core and dissertation hours must total 60 hours.

General Graduate College Requirements

- A minimum Grade-Point-Average of 3.00 is required
- A minimum Grade of "C" is required in all degree applicable courses
- No courses utilizing the Pass-No Pass grading system are permitted
- GRAD 5082 or GRAD 5092 may not be used to meet degree requirements

Additional Doctor of Philosophy (PhD.) Requirements

- 90 credits beyond the Bachelor's degree, 60 credits beyond the Master's degree are required
- At least seventy-five percent of coursework on the Plan of Study must include 5000 and 6000 level courses
- A minimum of 15 hours at the 6000 level with a grade of SR for the doctoral dissertation must be complete. The maximum number of dissertation hours (6000 with a grade of SR) permissible on a Plan of Study must not exceed three-fourths of the total credit hours in the approved graduate degree program
- Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements
- A minimum of 30 in-residence credit hours are required

Non-Course Requirements

- Doctoral Candidacy
- Dissertation Defense
- Dissertation Submission/Approval

Additional State/OSU Requirements

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; one-fourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2031.

Human Development and Family Science		
HDFS 5213	Lifespan Development	3
HDFS 5523	Family Theory	3
HDFS 6113	Professional Development in HDFS	3
HDFS 6123	Risk and Resilience in Human Development and Family Science	3
Electives		
Select 9 hours, at least 3 from outside of HDFS recommended) from the courses below:		9
HDFS 5513	Issues in Family Science	
HDFS 6283	Seminar in Human Development	
HDFS 6583	Seminar in Family Science	
Other courses in HDFS or related areas, subjective to committee approval		
Specializations		
Select one of the following specializations:		3
Human Development Specialization		
HDFS 5253	Theory and Research: Social and Emotional Development	
Family Science Specialization		
HDFS 6523	Advanced Family Theory	
Research Methods and Statistics		
HDFS Methods		
HDFS 6133	Advanced Research Methods in Human Development and Family Science	3
HDFS 6190	Research Internship	6
Select two courses from one of the following sequences (6-8 hours): [1]		6-8
Sequence 1 (2 of the following)		
STAT 5023	Statistics for Experimenters II	
STAT 5063	Statistical Machine Learning with R	
STAT 5303	Experimental Designs	
Sequence 2		
REMS 6003	Analyses of Variance	
REMS 6013	Multiple Regression Analysis in Behavioral Studies	
Sequence 3 [1]		
PSYC 5304	Quantitative Methods in Psychology I [1]	
PSYC 5314	Quantitative Methods in Psychology II [1]	
Tracks		
Take two 3-hour courses in advanced statistics or qualitiative/ quantitative research methods (6 semester-hour minimum)		6
Qualitative Track		
HDFS 6143	Structural Equation Modeling for HDFS Applications	
HDFS 6153	Multilevel Modeling for HDFS Applications	
REMS 6663	Applied Multivariate Research in Behavioral Studies	
REMS 6373	Program Evaluation	
Qualitative Track		
SCFD 6113	Theoretical Foundations of Inquiry	
SCFD 6123	Qualitative Research I	
SCFD 6193	Qualitative Research II	
SOC 5273	Qualitative Research Methods	
Dissertation (minimum 15 hours)		
Fifteen hours from:		15
HDFS 6000	Doctoral Dissertation	
Total Hours [1]		**60**

1

Total hours for degree will be 62 for students choosing Sequence 3.

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Industrial Engineering and Management, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Required Courses		
Select 27 hours of courses eligible for graduate plan of study with the approval of the advisory committee.		27
Eighteen hours from:		18
IEM 6000	Doctoral Research and Dissertation	
Hours Subtotal		**45**
Electives		
Select 12 hours of IEM graduate courses or research credits with the approval of the advisory committee. [1]		12
Hours Subtotal		**12**
Dissertation		
IEM 6903	IEM Doctoral Seminar	3
Hours Subtotal		**3**
Total Hours		**60**

1

At least 75 percent of total credit hours must be 5000/6000 level courses.

Additional Industrial Engineering and Management, PhD., Requirements

- Minimum 60 hours required
- At least seventy-five percent of coursework on the Plan of Study must include 5000 and 6000 level courses
- A minimum of 15 hours at the 6000 level with a grade of SR for the doctoral dissertation must be complete. The maximum number of dissertation hours (6000 with a grade of SR) permissible on a Plan of Study must not exceed three-fourths of the total credit hours in the approved graduate degree program
- Credit for all courses on a graduate Plan of Study must have been awarded within 10 years of completion of all degree requirements
- A minimum of 30 in-residence credit hours are required
- Non-Course requirements:
  - Doctoral Candidacy
  - Dissertation Defense
  - Dissertations Submission/Approval

Integrative Biology, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60

Code	Title	Hours
Seminar		
Select three hours of approved seminar		3
5000-level or 6000-level courses or seminars		
Select 25 approved hours to complete the graduate program Plan of Study		25
Dissertation		
Select 15 approved hours to complete the graduate program Plan of Study		15
Additional Courses		
Select a minimum of 17 approved additional hours to complete degree requirements.		17
Total Hours		**60**

Other Requirements

- Comprehensive Exam

Graduate College Doctor of Philosophy (PhD) Requirements

MSE 5013	Advanced Thermodynamics of Materials	3
MSE 5023	Diffusion and Kinetics	3
MSE 5043	Advanced Materials Characterization	3
MSE 6010	Materials Science and Engineering Seminar for PhD Students	0
Hours Subtotal		**9**
Electives		
Student must complete 27 hours of MSE or other approved 5000- and 6000-level courses offered at OSU from preselected list of MSE, CHE, ECEN, or MAE courses, or additional courses in engineering or science per committee approval.		27
Hours Subtotal		**27**
Dissertation		
Thirty-six hours from:		36
MSE 6000	Doctoral Dissertation	
Hours Subtotal		**36**
Total Hours		**72**

Total Hours: 60 (Group II - Beyond the Master's Degree from Outside OSU)

Code	Title	Hours
Required Courses		
Select from the following:		9
MSE 5013	Advanced Thermodynamics of Materials	
MSE 5023	Diffusion and Kinetics	
MSE 5043	Advanced Materials Characterization	
MSE 6010	Materials Science and Engineering Seminar for PhD Students	
Hours Subtotal		**9**
Electives		
Select 21 hours of elective MSE or other approved 5000- and 6000-level courses offered at OSU.		21
From pre-selected list of MSE, CHE, ECEN, or MAE courses, or additional courses in engineering or science per committee approval.		
Hours Subtotal		**21**
Dissertation		
Thirty hours from:		30
MSE 6000	Doctoral Dissertation	
Total Hours		**60**

Total Hours: 60 (Group III - Beyond the Master's Degree from OSU)

Code	Title	Hours
Required Courses		
Group III student must meet the Required Course requirements of MSE 5000- and 6000-level courses offered at OSU. The student in this Group III should have already completed the three required courses for the PhD program during his/her MS degree in Materials Science and Engineering at OSU. If any of the remaining Required Courses were taken as an Elective by the student during his/her MS degree, they will not be required to take them again. However, if the student had not completed any of the remaining Required Courses during his/her MS degree in Materials Science and Engineering at OSU, the student must take them to complete the Required Course requirements for PhD degree in MSE at OSU.		
Select from the following:		9
MSE 5013	Advanced Thermodynamics of Materials	
MSE 5023	Diffusion and Kinetics	
MSE 5043	Advanced Materials Characterization	
MSE 6010	Materials Science and Engineering Seminar for PhD Students	
Electives		
Group III student must complete a minimum of 15 hours and a maximum of 30 hours of required and elective coursework for his/her PhD degree in MSE at OSU. This includes the hours for any Required Courses taken after enrollment in the MSE PhD program at OSU. Elective Courses taken by the student at OSU which were used toward fulfilling his/her MS degree requirements in MSE at OSU, will not be considered toward his/her PhD degree in MSE. The student will be allowed to use a maximum of 15 hours of coursework toward his/her PhD degree in MSE at OSU, i.e., the hours for core courses for the MS degree program.		15-30
Dissertation		
Thirty to forty-five (30-45) hours from:		30-45
MSE 6000	Doctoral Dissertation	
Total Hours		**60**

Additional Materials Science and Engineering, PhD, Requirements

- Upon approval by the committee, students may choose other appropriate elective courses from engineering, physics and chemistry departments.
- Requirement for taking the “Required” courses for Group III Ph.D. students will be waived if they have taken that course while doing their M.S. degree at OSU. The same course however, cannot be counted towards fulfilling the credit hour requirements for two degrees (M.S. and Ph.D.) at OSU. The student will be required to fulfill the remaining coursework credit hour requirement for the Ph.D. degree by taking “Elective” courses.
- Students entering the Ph.D. program without an undergraduate/graduate degree in Materials Science and Engineering or related degree will be required to complete the ENSC 3313 Materials Science (undergraduate course) with an “A” grade or better in their first year at OSU. This will not be counted towards their degree requirements.

Nutritional Sciences, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 60 (Beyond the Master's Degree)

Code	Title	Hours
Degree Program Requirements		
Nutritional Sciences		
Required Core Courses		18-30
NSCI 5033	Macronutrients in Human Nutrition	
NSCI 5043	Micronutrients in Human Nutrition	
NSCI 6960	Seminar: Emerging Topics in Nutrition (Taken twice before graduation.)	
Select one of the following:		
NSCI 6451	Advanced Grant Writing in Nutritional Sciences	
NSCI 5103	Grant Writing for the Professional	
GRAD 5891	Special Topics in Grantmanship	
AGED 5203	Grant Seeking	
Or equivalent		
Suggested courses to complete required core: (p. 3034)		
Human Sciences		
Required Core Courses		3
EDHS 6993	Graduate Seminar in Education and Human Sciences	
Research Support Courses		
Required Core Courses		18-30
Select 3 hours from the following:		
NSCI 5123	Research Approaches and Translation in Nutritional Sciences	
Or equivalent		
Select 3 hours from the following		
STAT 5023	Statistics for Experimenters II	
STAT 5083	Statistics for Biomedical Researchers	
REMS 6003	Analyses of Variance	
Or equivalent		
The remaining 12-24 credits of coursework should consist of courses in intermediate and advanced statistics, advanced research methodology and advanced research methods:		
Select from Electives to complete coursework (courses from this list used for Nutritional Sciences core electives may not be selected): (p. 3034)		
Dissertation		
Required Core Requirement		15-30
NSCI 6000	Doctoral Dissertation	
Total Hours		**60**

Suggested Courses and/or Electives

Code	Title	Hours
NSCI 5023	Advanced Nutrition in the Pathophysiology of Chronic Disease	3
NSCI 5133	Advanced Nutrition for Exercise and Sport	3
NSCI 5363	Maternal and Child Nutrition	3
NSCI 5373	Childhood Nutrition	3
NSCI 5393	Nutrition and Aging	3
NSCI 5553	Global Nutrition and Food Security	3
NSCI 5563	Nutritional Assessment	3
NSCI 5613	Nutrition Education and Behavior Change	3
NSCI 5643	Advanced Medical Nutrition Therapy	3
NSCI 5713	Public Health Nutrition and Food Policy	3
NSCI 5743	Advanced Laboratory Techniques in Nutritional Sciences	3
NSCI 5870	Problems in Nutritional Science	1-4
NSCI 6033	Functional Foods and Phytochemicals	3
NSCI 6870	Independent Study in Nutritional Sciences	1-3
BIOC 4113	Molecular Biology	3
BIOC 5102	Molecular Genetics	2
BIOC 5824	Biochemical Laboratory Methods	4
BIOC 6763	Nucleic Acids and Protein Synthesis	3
BIOC 6773	Protein Structure and Enzyme Function	3
BIOC 6783	Biomembranes and Bioenergetics	3
BIOL 4215	Mammalian Physiology	5
BIOL 5283	Endocrinology	3
CPSY 5173	Gerontological Counseling	3
CPSY 5473	Basic Counseling Skills	3
CPSY 5503	Multicultural Counseling	3
HDFS 5413	Contemporary Perspectives in Adult Development and Aging	3
HDFS 5423	Research Perspectives in Gerontology	3
HDFS 5433	Theories of Aging	3
HHP 5853	Clin Ex Test & Prescript	3
HHP 5873	Human Bioenergetics	3
HLTH 5113	Psychological Aspects of Health	3
HLTH 5323	General Epidemiology	3
HLTH 5453	Cultural Issues In Health	3
MGMT 5113	Individual and Organizational Behavior	3
REMS 5013	Research Design and Methodology	3
REMS 5963	Computer Applications in Nonparametric Data Analyses	3
REMS 6013	Multiple Regression Analysis in Behavioral Studies	3
REMS 6033	Factor Analysis in Behavioral Research	3
REMS 6373	Program Evaluation	3
REMS 6663	Applied Multivariate Research in Behavioral Studies	3
SCFD 5873	Culture, Society and Education	3
SCFD 5913	Introduction to Qualitative Inquiry	3
SCFD 6123	Qualitative Research I	3
SCFD 6193	Qualitative Research II	3
SOC 5213	Techniques of Population Analysis	3
SOC 5273	Qualitative Research Methods	3
SOC 5333	Global Population and Social Problems	3
STAT 4043	Applied Regression Analysis	3
STAT 5033	Nonparametric Methods	3

STAT 5043	Sample Survey Designs	3
STAT 5053	Time Series Analysis	3
STAT 5063	Statistical Machine Learning with R	3
STAT 5073	Categorical Data Analysis	3
STAT 5091	Sas Programming	1
STAT 5303	Experimental Designs	3

Total Hours: 80 (Beyond the Bachelor's Degree)

Code	Title	Hours
Students accepted into the 80-credit PhD option will first complete all requirements for the MS degree in Nutritional Sciences (Nutrition thesis or Dietetics Research non-thesis options). Students will earn the MS in Nutritional Sciences upon successful completion of the thesis, as appropriate, and the first 30 credits.		30
Students will then complete a minimum of 50 credits beyond the MS degree including:		50
A minimum of 15 and maximum of 30 credits of dissertation coursework (NSCI 6000)		
Complete a minimum of 20 hours of coursework including at least one graduate course in NSCI that is not listed below. These 20 hours will include:		
NSCI 6960	Seminar: Emerging Topics in Nutrition (Taken 2 times before graduation.)	
NSCI 6451	Advanced Grant Writing in Nutritional Sciences (or equivalent)	
EDHS 6993	Graduate Seminar in Education and Human Sciences	
Three courses to develop an area of specialization		
Select one of the following:		
STAT 5023	Statistics for Experimenters II	
STAT 5083	Statistics for Biomedical Researchers	
REMS 6003	Analyses of Variance	
Or equivalent		
Total Hours		**80**

Graduate College Doctor of Philosophy (PhD) Requirements

Learn more about Graduate College 2025-2026 Doctor of Philosophy (PhD) Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Petroleum Engineering, PhD

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 68

Code	Title	Hours
Degree Program Core:		
PETE 5313	Advanced Drilling Modeling and Simulation	3
PETE 5333	Advanced Production and Flow Assurance	3
PETE 5373	Advanced Well Stimulation	3
PETE 6813	Research Methods in Petroleum Engineering	3
Hours Subtotal		**12**
Three hours from:		3
PETE 6010	Petroleum Engineering Seminar	
Degree Progrram Guided Electives:		**21**
Petroleum Engineering (CEAT)		
PETE 5210	Special Topics in Petroleum Engineering	
PETE 5303	Petroleum Geomechanics	
PETE 5343	Advanced Reservoir Engineering	
PETE 5363	Petroleum Economics and Investments	
PETE 5413	Advanced Well Design and Operational Analysis	
PETE 5513	Directional Drilling	
PETE 5613	Advanced Well Completions	
PETE 5990	Special Problems in Petroleum Engineering [1]	
PETE 6110	Advanced Topics in Petroleum Engineering	
Chemical Engineering (CEAT)		
CHE 5123	Advanced Chemical Reaction Engineering	
CHE 5373	Process Simulation	
CHE 5733	Neural Networks	
CHE 5743	Chemical Engineering Process Modeling	
Geology (CAS)		
GEOL 5023	Petroleum Geology	
GEOL 5133	Structural Styles in Oil and Gas Exploration	
GEOL 5353	Advanced Well Log Analysis	
GEOL 5483	Petroleum Water Management	
GEOL 6133	Unconventional Petroleum Reservoirs	
GEOL 6283	Geology of Shales	
GEOL 6503	Rock Fractures	
Mathematics (CAS)		
MATH 5063	Calculus of Several Variables	
MATH 5023	Advanced Linear Algebra	
MATH 5233	Partial Differential Equations	
MATH 5263	Introduction to Partial Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
MATH 5563	Finite Element Methods for Partial Differential Equations	
Statistics (CAS)		
STAT 5013	Statistics for Experimenters I	
Mechanical Engineering (CEAT)		
MAE 5233	Advanced Fluid Dynamics I	
MAE 5253	Multiphase Flow	
MAE 5563	Finite Element Methods	
MAE 5573	Continuum Mechanics	
Hours Subtotal		**24**
PETE 6000	Doctoral Thesis [2]	32
Total Hours		**68**

1 A maximum of 3 credit hours of PETE 5990 may be counted toward the guided electives requirement.

2 6 hours of PETE 5000 may be substituted for PETE 6000 or 6 Hours of other coursework may be substituted for PETE 6000 at the discretion of Petroleum Graduate Coordinator.

Total Hours: 60 (Beyond the Master's Degree)

Code	Title	Hours
Required Courses		
Introductory (one is required if not previously taken)		
PLP 3343	Principles of Plant Pathology (Introductory - no graduate credit)	
ENPP 5343	Principles of Plant Pathology	3
Pathogens courses		
ENPP 5104	Mycology	4
PLP 5724	Physiology of Host-Pathogen Interactions	4
Additional Pathogen courses		
Select 7-8 hours, depending on advisory committee decision.		7-8
PLP 5003	Plant Nematology	
ENPP 5014	Plant Virology	
ENPP 5304	Phytobacteriology	
Concepts courses [1]		
Select 6-7 hours, depending on advisory committee decision.		6-7
ENPP 5523	Integrated Management of Insect Pests and Pathogens	
PLP 5613	Host Plant Resistance	
PLP 6303	Soilborne Diseases of Plants	
Professionalism		
ENPP 5870	Scientific Presentations (Both fall and spring semesters - 1 credit hour each)	2
Optional if two semesters of PLP 5870 were previously completed during an OSU ENTO-PLP master's degree program.		
Recommended course:		
ENPP 5992	Career Skills and Professionalism for Scientists	
Plus additional courses to complete the graduate program and Plan of Study.		33
Total Hours		**60**

1

Completion of PLP 5524 or PLP 5613 is required for the degree program.

Total Hours: 90 (Beyond the Bachelor's Degree)

Total Hours: 106 (Beyond the Bachelor's Degree)

Code	Title	Hours
Core Courses		
Select three courses:		9
PSYC 5823	Cognitive Processes	
PSYC 5813	Lifespan Cognitive Developmental Psychology	
PSYC 6483	Neurobiological Psychology	
PSYC 6253	Seminar in Human Development	
PSYC 6563	Advanced Social Psychology	
PSYC 6613	Experimental Learning Theories	
PSYC 5304	Quantitative Methods in Psychology I	4
PSYC 5314	Quantitative Methods in Psychology II	4
PSYC 6223	Research Design	3
PSYC 5660	Teaching Practicum	2
PSYC 5000	Thesis (minimum of 6 hours)	6
PSYC 6000	Dissertation (minimum of 15 hours)	15
3 Hours Quantitative Requirement		3
3 Hours History Requirement		3
Fulfilled by PSYC 4493, outside course, or waived by CTC if psychology was major or minor as undergraduate.		
Hours Subtotal		**49**
Clinical Core Requirements		
PSYC 5113	Psychopathology	3
PSYC 5333	Systems of Psychotherapy	3
PSYC 5153	Cognitive Assessment	3
PSYC 6753	Assessment of Personality	3
PSYC 6083	Principles of Evidence-Based Psychological Treatment	3
PSYC 6133	Ethnic and Cultural Diversity in Psychotherapy	3
PSYC 6650	Practicum (continuously enrolled 1 hour for a minimum of 2 years)	6
PSYC 6990	Advanced Internship in Clinical Psychology (1 hour for three semesters)	3
Eighteen hours from:		18
PSYC 6640	Clinical Practicum	
Hours Subtotal		**45**
Subspecialty Training		
Select 12 from one of the following subspecialties:		12
Adult Psychopathology		
Student must take four elective courses chosen in consultation with program advisor		
Clinical Child Psychology		
The following courses should be taken by students interested in the Clinical Child Psychology subspecialty. Students must take two additional elective courses, to be determined by the student and his or her advisor.		
PSYC 6173	Child Psychopathology and Treatment	
PSYC 6723	Child Diagnostic Methods	
Health Psychology		
The following courses should be taken by students interested in the Health Psychology subspecialty. Student must take two additional elective courses, to be determined by the student and his or her advisor.		
PSYC 6443	Behavioral Medicine	
PSYC 6143	The Psychology of Substance Abuse	
Pediatric Psychology		
The followng courses should be taken by students interested in the Pediatric Psychology subspecialty.		
PSYC 6173	Child Psychopathology and Treatment	
PSYC 6723	Child Diagnostic Methods	
PSYC 6523	Family Treatment Methods	
PSYC 6453	Pediatric Psychology	
Hours Subtotal		**12**

Finance and Investment Banking, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

A student may not have a grade lower than "C" and must maintain a grade-point-average of 3.0 over all courses applicable to this certificate.
Total Hours: 15

Code	Title	Hours
Required Courses		
FIN 5013	Business Finance [1]	3
FIN 5053	Theory and Practice of Financial Management	3
FIN 5223	Investment Theory and Strategy	3
FIN 5343	Valuation and Financial Modeling	3
Select 1 course from the following:		3
FIN 5653	Bond Markets	
FIN 5213	International Business Finance	
FIN 5813	Portfolio Management	
FIN 5763	Derivative Securities and the Management of Financial Price Risk	
FIN 5363	Energy Finance	
FIN 5833	Student Managed Investment Fund	
FIN 5103	Securities Industry Essentials	
FIN 5633	Computational Finance	
Other graduate courses as approved by program coordinator.		
Total Hours		**15**

1

If a student has taken the equivalent of FIN 5013, they need to take an extra elective.

Guided Electives		
Select 6 hours from the following: [1]		6
HESA 5340	Hidden Student Populations (Group of one-hour courses, each with a focus on a specific hidden population - up to 6 credit hours)	
HESA 5213	Student Development Theory	
SCFD 6983	Diversity and Equity Issues in Education	
SCFD 5873	Culture, Society and Education	
SCFD 5990	Problems and Issues in Social Foundations	
SCFD 6990	Seminar in Social Foundations	
EPSY 5103	Human Development in Psychology	
EPSY 5463	Psychology of Learning	
EDLE 6633	School Leadership and Community Collaboration	
WAED 5013	Foundations and Characteristics of Adult Learning	
WAED 5203	Foundations of Adult and Continuing Education	
SPED 5633	Behavior Characteristics of Exceptional Individuals	
SPED 5993	Culturally Responsive Teaching in Special Education	
CIED 5623	Multicultural and Diversity Issues in Curriculum	
HDFS 5223	Resilience in Individuals and Families	
HDFS 5253	Theory and Research: Social and Emotional Development	
HDFS 5293	Human Development Theory	
HDFS 5543	Family Crisis and Trauma	
HDFS 5573	Adolescent in Family Context	
HDFS 5673	Family Dynamics of Addiction	
HDFS 5753	Leadership and Management of Community Service Programs	
Total Hours		**12**

1

Students select interdisciplinary electives in areas across campus through consultation with their advisor and with consideration of their individual interests and leadership in their current and future educational spaces. Electives may come from the pre-approved list or submitted for faculty review and approval.

Graduate College Certificate Requirements

Learn more about Graduate College 2025-2026 Graduate Certificate Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Hospitality and Tourism Analytics, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Courses		
HTM 5503	Big Data Analytics in Hospitality and Tourism Management	3
HTM 5263	Applied Revenue Management in Hospitality and Tourism Management	3

International Disaster and Emergency Management, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 18

Code	Title	Hours
Global Studies Core Requirements		
GS 5513	Global Crisis Management	3
GS 5013	Contemporary Issues in Global Studies	3
or GS 5110	Internship in Global Studies	
or GS 5200	Study Abroad	
Fire and Emergency Management Program Core Requirements		
FEMP 5623	Emergency Management in the International Setting	3
FEMP 6313	Comparative and International Dimensions of Emergency Management	3
Electives		
Select two courses and six credit hours minimum from the following:		6
AGCM 5503	Risk and Crisis Communication in Agricultural Sciences and Natural Resources	
FEMP 5213	Disaster Response	
FEMP 5223	Preparedness and Planning	
FEMP 6303	Populations at Risk	
GS 5020	Independent Study	
GS 5070	Special Topics in Global Studies	
GS 5200	Study Abroad	
GS 5413	Global Development	
GS 5523	Transnational Criminal Organizations and the War on Drugs	
GS 5533	Complex Emergencies	
MGMT 5163	Fundraising for Nonprofit Organizations	
Total Hours		**18**

Graduate College Certificate Requirements

Learn more about Graduate College 2025-2026 Graduate Certificate Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

K-12 STEM Educator, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Courses		
SMED 5050	Seminar in Integrated Mathematics and Science Applications	3
SMED 5313	Introduction to K-12 Engineering Education	3
SMED 5333	Developing Informal and Formal STEM Programs in Schools	3
Select three hours from the following:		3
SMED 5223	Teaching Science in the Schools	
SMED 5243	Environmental Education in the Curriculum	
SMED 5253	Teaching Rational Number Concepts, Proportional Reasoning, and Classroom Interactions	
SMED 5273	Number Concepts and Assessment at the Elementary Level (PK-6)	
SMED 5280	Workshop in Science Education	
SMED 5283	Inquiry Teaching and Learning in Science and Mathematics Education	
SMED 5293	Teaching and Learning Mathematics in Technology	
SMED 5323	Technology for the K-12 STEM Educator	
SMED 5813	Assessment in Science Education	
SMED 5913	Teaching Geometry and Spatial Visualization	
SMED 5923	Teaching Algebra and Mathematical Tasks	
SMED 5933	Teaching Data and Probability in Schools	
These 12 hours could also be used to satisfy specialization coursework for the MS in Teaching, Learning, and Leadership with an option in Mathematics/Science Education degree.		
Total Hours		**12**

Graduate College Certificate Requirements

Learning and Motivation, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Coursework		
EPSY 5103	Human Development in Psychology	3
EPSY 5463	Psychology of Learning	3
EPSY 5553	Motivation in Educational Contexts	3
Select one course from the following:		3
EPSY 5473	Psychology of Adult Learning	
EPSY 5603	Developmental Issues in Instruction	
EPSY 5983	Instructional Effectiveness in Higher Education	
Total Hours		**12**

Graduate College Certificate Requirements

Learn more about Graduate College 2025-2026 Graduate Certificate Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Marketing Analytics, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Required Courses		
MKTG 5733	Introduction to Marketing Analytics	3
MKTG 5743	Advanced Marketing Analytics	3
Hours Subtotal		**6**
Electives		
Select 6 hours from the following:		6
BAN 5511	Web Analytics and Digital Marketing	
BAN 5521	GIS Applications in Marketing Analytics	
BAN 5551	Optimization Applications in Marketing Analytics	
BAN 5561	Customer Lifetime Value Models in Marketing	
BAN 5563	Strategic Marketing and Business Analytics	
MKTG 5243	Base SAS Programming for Database Marketing	
MSIS 5633	Predictive Analytics Technologies	
MSIS 5303	Prescriptive Analytics	
Other graduate courses as approved by the program director		
Hours Subtotal		**6**
Total Hours		**12**

Graduate College Certificate Requirements

Learn more about Graduate College 2025-2026 Graduate Certificate Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Mathematics, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Admission requirements: Bachelor's degree with a GPA of 3.0 and relevant prerequisite course work to enroll in graduate math classes.		
No grade below B. Minimum 9 hours in residence at OSU.		
12 hours of graduate credit math courses (course numbers 5000 or above). No thesis hours allowed (MATH 5000 or MATH 6000). Credits must be tranferrable to OSU.		12
At most 3 hours can be taken from the following list:		
MATH 5033	History of Mathematics	
MATH 5073	Introduction to Analysis	
MATH 5083	Intermediate Analysis	
MATH 5203	Intermediate Differential Equations	
MATH 5263	Introduction to Partial Differential Equations	
MATH 5273	Complex Variables	
MATH 5343	Introduction to Topology	
MATH 5423	Geometry and Algorithms in Three-Dimensional Modeling	
MATH 5453	Mathematical Interest Theory	
MATH 5503	Introduction to Optimization	
MATH 5513	Introduction to Numerical Analysis	
MATH 5673	Combinatorics	
MATH 5713	Number Theory	
MATH 5753	Introduction to Cryptography	
MATH 5803	Groups and Representations	
Recommended courses for PhD students:		
MATH 5023	Advanced Linear Algebra	
MATH 5043	Advanced Calculus I	
MATH 5053	Advanced Calculus II	
MATH 5143	Real Analysis I	
Recommended courses for electrical engineering students interested in Artificial Intelligence:		
MATH 5073	Introduction to Analysis	
MATH 5513	Introduction to Numerical Analysis	
MATH 5533	Matrix Methods in Machine Learning	
MATH 5553	Numerical Analysis for Linear Algebra	
Recommended courses for students in math education and teaching undergraduate mathematics		
MATH 5003	Abstract Algebra I	
MATH 5023	Advanced Linear Algebra	
MATH 5083	Intermediate Analysis	
MATH 5913	Introduction to Research in Mathematics Education	
Recommended for any student pursuing a graduate certificate.		
MATH 5023	Advanced Linear Algebra	
Total Hours		**12**

Graduate College Certificate Requirements

Learn more about Graduate College 2025-2026 Graduate Certificate Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Medical Sciences, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 19

Code	Title	Hours
Required Courses		
BIOM 5122	Introduction and Survey of Human Structure	2
BIOM 5215	Medical Biochemistry	5
BIOM 5316	Medical Microbiology and Immunology	6
BIOM 5616	Graduate Biomedical Physiology	6
Total Hours		**19**

Must maintain a GPA of 3.0 in all courses applicable to the GCRT-MSCI Plan of Study.

Graduate College Certificate Requirements

Learn more about Graduate College 2025-2026 Graduate Certificate Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Museum and Curatorial Studies, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 15

Code	Title	Hours
Core Courses		
HIST 5053	Museum Studies	3
ART 5810	Museum Studies Internship	3
or HIST 5030	Public History Internship	
Hours Subtotal		**6**
Guided Electives		
Select 6 hours of the following: [1]		6
HIST 5033	Introduction to Public History	
HIST 5063	Historic Preservation	
HIST 5073	Digital Methods in History	
ART 5813	Museum Exhibition	
ART 5723	History of Museums and Collecting	
ART 5733	Museum Education	
Hours Subtotal		**6**
General Electives		
Select 3 hours of graduate-level electives: [2]		3
Hours Subtotal		**3**
Total Hours		**15**

1

Students must choose one HIST class and one ART class.

2

May include additional hours of internship. May include History, Art History, Business Administration, Education, Zoology, among others, and are subject to the approval of the program coordinator.

Graduate College Certificate Requirements

Learn more about Graduate College 2025-2026 Graduate Certificate Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Neuroscience, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 12

Code	Title	Hours
Core Courses		
PSYC 5073	Principles of Neuroscience	3
or BIOL 5073	Principles of Neuroscience	
or BIOM 5983	Principles of Neuroscience	
Select one of the following:		3
HHP 5063	Neuroanatomy	
BIOM 5993	Principles of Neuroanatomy	
Electives		
Select six hours from the following (select from appropriate section):		6
Stillwater and/or Tulsa offerings		
BIOL 5293	Behavioral Neuroendocrinology	
CHEM 6303	Physical Organic Chemistry	
ECEN 5783	Medical Imaging	
HDFS 5213	Lifespan Development	
HDFS 5283	Developmental Disabilities	
HHP 5923	Readings in Neurophysiology	
HHP 5823	Applied Neuromuscular Physiology	
PSYC 5823	Cognitive Processes	
PSYC 6483	Neurobiological Psychology	
PSYC 6583	Developmental Psychobiology	
CHS/Tulsa offerings		
BIOM 6513	Neuropharmacology	
BIOM 6972	Role of Nicotinic Acetylcholine Receptors in Neuropsychiatric Disorders	
BIOM 6543	Environmental Toxins in the Brain	
BIOM 6583	Neuroinflammation	
BIOM 6663	Neuroethology	
BIOM 6010	Topics in Biomedical Sciences	
BIOM 6183	Cellular and Molecular Biology of Pain	
Total Hours		**12**

Special Education, GCRT

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 18

Code	Title	Hours
Select six courses from the following:		18
SPED 5623	Characteristics of Students with Mild/ Moderate Disabilities	
SPED 5743	Planning, Compliance and Current Practices	
SPED 5883	Classroom and Behavior Management	
SPED 5673	Improving Literacy Skills of Individuals with Disabilities	
SPED 5993	Culturally Responsive Teaching in Special Education	
SPED 5783	Assessing Students with Disabilities	
SPED 5723	Transition Into Adulthood for Individuals with Disabilities	
SPED 5123	Characteristics and Teaching Methods for Students with Autism Spectrum Disorders	
CIED 5473	Reading & Writing Difficulties	
SPED 5683	Models of Instruction in the Inclusive Classroom	
SPED 5643	Working with Families of Students with Diverse Needs	
Total Hours		**18**

Admission Requirements

Admission to the 18-hour Special Education Graduate Certificate Program will require the following:

- Successful completion of a bachelor's degree with a transcript documenting 3.0 or higher GPA in a Bachelors degree from an accredited institution
- A written Statement of Goals
- A resume/vita
- A 3.00 GPA on graduate work completed before applying to the OSU SPED program

An applicant who does not meet criteria for admission can be considered for provisional/probational admission. Provisional admission will constitute that applicants may be accepted on a provisional admission, potentially requiring candidates to take additional coursework/leveling courses as a prerequisite to the listed graduate certificate courses. Candidates admitted on a provisional basis will be reviewed for full admission pending completion of prerequisite coursework, earning a minimum of a "B" grade in all prerequisite coursework. Candidates admitted on a probational basis will be reviewed for full admission pending completion of initial graduate certificate coursework with an average 3.0 GPA.

Students may transfer up to 3 credit hours of graduate level special education coursework to the graduate certificate from an accredited college/university (if taken within 3 years prior to 18-hour graduate certificate application). The courses must have been completed with a letter grade of a "B" or better. All transfer credits must be approved by the student's advisor and/or special education program coordinator.

Retention in the program requires students to maintain the Graduate College's requirement of a GPA of 3.0 to maintain good standing (see http://gradcollege.okstate.edu/current_student/academic_progress.html (https://nam04.safelinks.protection.outlook.com/?url=http%3A%2F%2Fgradcollege.okstate.edu%2Fcurrent_student%2Facademic_progress.html&data=02%7C01%7Cjeff.packham%40okstate.edu%7C07b161783a5043af181708d7a394db20%7C2a69c91de8494e34a230cdf8b27e1%2B0nCyscez8rReg7o0Gg%3D&reserved=0)).

Completion of the Graduate Certificate in Special Education requires completion of the coursework in good standing (GPA of B, or 3.0).

Sport Communication, GCRT

Thesis Option

Total Hours: 30[1]

Code	Title	Hours
Graduate-level seminars		
ART 5920	Art History Graduate Seminar	6
Hours Subtotal		**6**
Other Requirements		
ART 5013	Theory and Methods in Art History	3
Select 9 hours related to the student's curricular track or geographic areas.		9
Select 6 hours outside of the art history program but related to the student's area of study.		6
Hours Subtotal		**18**
Thesis		
ART 5000 (Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.)		6
Hours Subtotal		**6**
Total Hours		**30**

1

At least 21 credit hours must be graduate (5000 or 6000) level courses.

Other Thesis Requirements

- Completed master's thesis and oral defense.
  - Thesis and defense will be supervised and evaluated as to its success or failure by a committee of 3 full-time faculty members with graduate college standing.
  - At least 2 members of the committee must be drawn from the art history faculty, with one of those being the committee chair.
- Plan of Study grade-point-average of 3.0.

Non-Thesis Option

Total Hours: 36[2]

Code	Title	Hours
Graduate-level seminars

Select 9 hours related to the student's curricular track or geographic areas.		9
Select 12 hours outside of the art history program but related to the student's area of study.		12
Hours Subtotal		**24**
Thesis		
ART 5000 (Offered for variable credit, 1-3 credit hours, maximum of 6 credit hours.)		6
Hours Subtotal		**6**
Total Hours		**36**

2

At least 27 hours of the 36 total must be graduate (5000 or 6000) level courses.

Other Non-Thesis Requirements

- Submission of qualifying paper (after the completion of 27 hours) judged satisfactory by a committee of 3 full-time faculty members with graduate college standing. The qualifying paper must be between 15-20 pages in length. It may take one of the following forms: 1) A research paper on a focused topic (a traditional seminar paper); or 2) A scholarly catalog essay. The public presentation may take place in the department as part of the art history roundtable series of talks or at an academic conference.
- Plan of Study grade-point-average of 3.0.

Biochemistry and Molecular Biology, MS

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Thesis Option

Total Hours: 30

Code	Title	Hours
Coursework		
Combination of core courses and other requirements to equal 24 hours.		24
Required Core Courses		
BIOC 5002	Research Compliance and Biochemistry Graduate Colloquium	
BIOC 5112	Articulation of Research Logic	
BIOC 5120	Biochemistry and Molecular Biology Graduate Research Colloquium [1]	
BIOC 5753	Biochemical Principles	
BIOC 5853	Molecular and Integrative Metabolism	
BIOC 5930	Advanced Biochemical Techniques	
BIOC 6110	Seminar	
Plus 2 Advanced (Biochemistry 6000-level courses)		
BIOC 6723	Signal Transduction	
BIOC 6733	Functional Genomics	
BIOC 6740	Physical Biochemistry	
BIOC 6753	Epigenetics	
BIOC 6763	Nucleic Acids and Protein Synthesis	
BIOC 6773	Protein Structure and Enzyme Function	
BIOC 6783	Biomembranes and Bioenergetics	
BIOC 6793	Plant Biochemistry	
Electives		
BIOC 5723	Introduction to Bioinformatics	
BIOC 5102	Molecular Genetics	
BIOC 5824	Biochemical Laboratory Methods	
BIOC 5930	Advanced Biochemical Techniques	
BIOC 6820	Selected Topics in Biochemistry	
Other 6000-level BIOC courses		
Other Graduate-level courses approved by the Graduate Thesis Advisory Committee		
Additional Requirements		
The student's Graduate Committee must approve the written thesis and an oral exam on the context of the thesis must be passed.		
Hours Subtotal		**24**
Required Research		
BIOC 5000	Research	6
Hours Subtotal		**6**
Total Hours		**30**

1

Course to be taken 1 time each year prior to year of graduation.

Non-Thesis Option

1 Prerequisite for CPSY 5593.

2 Prerequisite for CPSY 5683/5693.

3 Prerequisite for either REMS 5373 or EPSY 5783.

4

Among the courses listed are CPSY 5323, CPSY 6223, CPSY 5663, CPSY 5173, CPSY 5533, and SPSY 5783.

Counseling: Mental Health Counseling Requirements

- Complete a minimum of 60 graduate credit hours of coursework for the Mental Health Counseling Option and the School Counseling Option.
- Nine (9) credit hours may be transferred from other recognized graduate programs. Tulsa students may transfer up to fifteen (15) credit hours from the University of Oklahoma-Tulsa campus.
- The last eight (8) hours must be taken at Oklahoma State University and taken for resident credit.
- As least 24 credit hours must be in 5000 level courses or above. (Students who choose to write a master's thesis for 6 credit hours must take at least 22 credit hours of 5000 level courses.) 4000 level courses taken for graduate credit will not be approved by the Oklahoma licensing board for professional counselors.
- A minimum overall grade point average of 3.00 is required in all academic coursework.
- A grade of B or better must be earned in CPSY 5473, 5553, 5593, and 5683/5693. Students who earn a grade below a B in any of these courses will be required to repeat the course or may be suspended from the program. Students will only be allowed to repeat a course one time to earn a higher grade.

CPSY 5593	Counseling Practicum	3
CPSY 5683	Internship In Counseling I	3
CPSY 5693	Internship In Counseling II	3
Hours Subtotal		**9**
Total Hours		**60**

1

Prerequisite for CPSY 5593.

Counseling: School Counseling Requirements

- Complete a minimum of 60 graduate credit hours of coursework for the Mental Health Counseling Option and the School Counseling Option.
- Nine (9) credit hours may be transferred from other recognized graduate programs. Tulsa students may transfer up to fifteen (15) credit hours from the University of Oklahoma-Tulsa campus.
- The last eight (8) hours must be taken at Oklahoma State University and taken for resident credit.
- As least 24 credit hours must be in 5000 level courses or above. (Students who choose to write a master's thesis for 6 credit hours must take at least 22 credit hours of 5000 level courses.) 4000 level courses taken for graduate credit will not be approved by the Oklahoma licensing board for professional counselors.
- A minimum overall grade point average of 3.00 is required in all academic coursework.
- A grade of B or better must be earned in CPSY 5473, 5553, 5593, and 5683/5693. Students who earn a grade below a B in any of these courses will be required to repeat the course or may be suspended

from the program. Students will only be allowed to repeat a course one time to earn a higher grade.

Twelve hours from:		12
ENGL 5000	Master's Thesis [12 hours limited to MFA]	
Hours Subtotal		**12**
Total Hours		**42**

Other Degree Requirements

- **Creative Writing Requirements**: As the defining focus of work toward the MFA degree, creative writing coursework makes up the majority of credit hours, in a combination of ENGL 5730: Seminar in Fiction Writing, ENGL 5740: Seminar in Poetry Writing, ENGL 6130: Studies in Fiction Writing, ENGL 6140: Studies in Poetry Writing, ENGL 6160: Studies in Creative Nonfiction, ENGL 5723: Craft and Forms of Poetry Writing or ENGL 5763: Craft and Forms of Fiction Writing, as well as thesis hours.
- **Literature Coursework Requirement**: MFA students are required to take six hours of literature course work at the 5000- or 6000-level.
- **Electives**: Students choose the remaining hours of coursework in consultation with their advisory committees. Course selection should take into account the student's thesis genre, artistic interests, and academic and professional goals. For instance, students interested in going on to PhD work at Oklahoma State University upon completion of the MFA would normally include courses to assist in preparing them for the first-year exam for PhD students.
- **Required Hours at 5000/6000 Level**: All MFA students must complete their coursework at the 5000/6000 level.
- **Thesis Hours**: Only MFA students may use up to 12 hours of ENGL 5000 on their Plan of Study.

Hours Subtotal		**3**
Total Hours		**36**

[1]

Most of the courses have prerequisites that can be waived with instructor's consent.

Retention Requirements

- The student will complete a Progress Report every semester in consultation with the mentor clearly highlighting previous achievements and immediate expectations, indicating how well the student is progressing towards degree completion.
- Enrollment in minimum of one course per semester or an approved leave of absence.

Graduation Requirements

- Completion of a capstone project to the satisfaction of the student's committee along with a written report
- No pending Incomplete ("I") grades in the coursework contributing towards the professional master's degree. A student can take more than 36 credit hours of course work. However, only 36 credit hours of coursework will be counted towards degree completion.

Code	Title	Hours
Core Requirements		
Students are required to take three core graduate level studio courses—Graphic Design Studio; Motion Design Studio; and Interaction Design Studio-- three times for a total of 27 credit hours. Faculty will provide students with different design projects for each time they take a Studio. Three (3) additional Studio credits may be taken depending on the student's Plan of Study (POS).		27
ART 5420	Graduate Graphic Design Studio	
ART 5450	Graduate Motion Design Studio	
ART 5460	Graduate Interaction Design Studio	
Hours Subtotal		**27**
Graphic Design History		
ART 5423	Graduate Study in Graphic Design History	3
Graphic Design Seminar		
ART 5440	Graduate Special Topics in Graphic Design	3
Teaching Practicum		
ART 5413	Graduate Teaching Practicum in Graphic Design	3
Thesis		
Six hours from:		6
ART 5400	Graduate Study: Graphic Design Thesis	
Art History		
Select 3 hours		3
Students will choose among the many graduate-level classes that are available in the Department of Art, Graphic Design and Art History, including Art 5920, Art History Seminar, Art 5613, Art Since 1960, Art 5833, History of Chinese Art, Art 5763, etc.		
Hours Subtotal		**18**
Electives		**15**
Elective courses may include the following depending on the student's Plan of Study:		
Three (3) to six (6) credit hours of Graduate Level Courses: in Department of Art, Graphic Design and Art History; College of Education; Department of Design, Housing and Merchandising; Department of Computer Science		
Three (3) to six (6) credit hours of Graphic Design internship		
ART 5410	Graduate Graphic Design Internship	
Additional three (3) credit hours in Graduate Studio Class (Graphic Design, Motion Design and Interaction Design)		
ART 5420	Graduate Graphic Design Studio	
ART 5460	Graduate Interaction Design Studio	
Three (3) hours of thesis or Studio credits		
Hours Subtotal		**15**
Total Hours		**60**

Hospitality and Tourism Management Requirements

- 50% of coursework must be in Hospitality and Tourism Management (HTM).
- No fewer than 27 semester hours of 5000-level courses.
- A student can only take a maximum of 3 credit hours of independent study (HTM 5870).
- All coursework must be approved by the committee.
- A Hospitality Internship is required of all students (can be waived with appropriate industry experience by graduate admission committee).
- Students may transfer a maximum of nine graduate credit hours with a grade of "B" or better to OSU with the approval of their advisory committee and the Dean of the Graduate College.
- All requirements must be completed within 7 years. No course on plan of study may be more than 10 years old at the time of graduation.
- None of the leveling credit hours can be included in the plan of study.
- Students entering the MS degree program must have a BS/BA degree in hospitality and tourism management or a related field and relevant work experience. Prerequisite courses will be required for students with other degrees and limited professional experience.

3-6 hours of IEM 5020 and/or IEM 5030 plus additional electives to equal 9 hours		
Hours Subtotal		**9**
Total Hours		**33**

Graduate College Master's Program Requirements

Learn more about Graduate College 2025-2026 Master's Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Integrative Biology, MS

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Thesis Option

Total Hours: 30

Code	Title	Hours
Seminar		
Select a minimum of two one-hour approved seminar classes.		2
5000-level or 6000-level courses		
Select a minimum of 22 hours of 5000-level courses or seminars, not including BIOL 5000. [1]		22
Thesis		
BIOL 5000	Research for Master's Thesis	6
Total Hours		**30**

1

Select a minimum of 15 hours of 5000-level courses or seminars, not including BIOL 5000 from one of the following prefixes: BIOL, MICR, PBIO, NREM, PSYC, ANSI, GEOG, GEOL, RES, ITOX, VBSC, VMED, ENTO, STAT, SMED, REMS, BIOC, MATH, ENVR, CHEM, BIOM, AGEC, AGED, NSCI, PLP, PLNT, HS, HDFS

Formal Report Option

Total Hours: 32

Code	Title	Hours
Seminar		
Select a minimum of two approved seminar classes.		2
5000-level or 6000-level courses		
Select a minimum of 28 hours of 5000-level courses or seminars, not including BIOL 5000. [2]		28
Report		
BIOL 5000	Research for Master's Thesis	2
Total Hours		**32**

2

Select a minimum of 19 hours of 5000-level courses or seminars, not including BIOL 5000 from one of the following prefixes: BIOL, MICR, PBIO, NREM, PSYC, ANSI, GEOG, GEOL, RES, ITOX, VBSC, VMED, ENTO, STAT, SMED, REMS, BIOC, MATH, ENVR, CHEM, BIOM, AGEC, AGED, NSCI, PLP, PLNT, HS, HDFS

Graduate College Master's Program Requirements

Learn more about Graduate College 2025-2026 Master's Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Interdisciplinary Studies, MS

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Thesis Option

Total Hours: 30

Code	Title	Hours
Thesis		
6 Hours of Thesis (i.e. 5000 Master's Research and Thesis)		6
Hours Subtotal		**6**
Other Requirements		
Select one graduate research methodology (quantitative, qualitative or mixed-methods related) course as approved by advisory committee		3
Select 21 graduate hours in at least two disciplines (prefixes) as approved by advisory committee		21
Hours Subtotal		**24**
Total Hours		**30**

Non-Thesis Option

Total Hours: 32

Code	Title	Hours
Required Coursework		
Select no more than 3 hours of research with a grade of "SR." [1]		1-3
Select one graduate research methodology (quantitative, qualitative or mixed-methods related) course as approved by advisory committee		3
Select 26-28 graduate hours in at least two disciplines (prefixes) as approved by advisory committee		26-28
Total Hours		**32**

1

May include a culminating experience (e.g., final report, internship, practicum, comprehensive exam, and portfolio or capstone project). Possible courses include such courses in the disciplinary foci the student and advisory committee have selected or GRAD 5990.

Graduate College Master's Program Requirements

Learn more about Graduate College 2025-2026 Master's Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

International Agriculture, MAG

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Creative Component Option

Total Hours: 36

Code	Title	Hours
Core Requirements		
AGIN 5312	Applied Issues in International Agriculture and Natural Resources	2
AGIN 5313	Global Food Security and Sustainability	3
Select one of the following:		3
AGIN 5113	Global Agricultural Development Communications	
AGIN 5213	Global Agricultural Entrepreneurship	
AGIN 5333	Guided Reading in International Agriculture and Natural Resources	
AGIN 5353	Advanced Case Studies in Agricultural Marketing and International Development	
AGIN 5413	Overview of Global Development	
AGIN 5800	International Agriculture Internship Experience [1, 2]	4
AGIN 5102	International Agriculture Creative Component	2
Hours Subtotal		**14**
Focus Area [3]		
The student will create an international agriculture focus area in consultation with the graduate advisory committee and faculty/staff of the program. Example focus areas include but are not limited to: International Agricultural Development and Trade, Agricultural Entrepreneurship, Agricultural Outreach Education and Extension, or Production Agriculture and Food Security.		22
Hours Subtotal		**22**
Total Hours		**36**

1

International students may substitute another course for this requirement.

2

Must be a minimum four-week international experience.

3

Could include an additional international experience.

Professional Internship Option

Total Hours: 36

Code	Title	Hours
Core Courses		
Choose one of the following tracks:		18
Applied Track		
Select one of the following two courses:		
MATH 5023	Advanced Linear Algebra	
MATH 5043	Advanced Calculus I	
Select one of the following two courses:		
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
Select four of the following courses:		
MATH 5203	Intermediate Differential Equations	
MATH 5513	Introduction to Numerical Analysis	
MATH 5503	Introduction to Optimization	
MATH 5213	Fourier Analysis and Wavelets	
MATH 5233	Partial Differential Equations	
MATH 5243	Ordinary Differential Equations	
MATH 5253	Advanced Ordinary Differential Equations	
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
MATH 5563	Finite Element Methods for Partial Differential Equations	
MATH 5580	Case Studies in Applied Mathematics	
MATH 5593	Methods of Applied Mathematics	
Pure Track		
Option 1		
Required:		
MATH 5043	Advanced Calculus I	
MATH 5053	Advanced Calculus II	
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
MATH 5303	General Topology	
MATH 5273	Functions of a Complex Variable	
Option 2		
Required:		
MATH 5043	Advanced Calculus I	
MATH 5053	Advanced Calculus II	
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
Select two of the following courses:		
MATH 5143	Real Analysis I	
MATH 5153	Real Analysis II	
MATH 5283	Complex Analysis I	
MATH 5293	Complex Analysis II	
MATH 5313	Geometric Topology	
MATH 6323	Algebraic Topology I	
MATH 5613	Algebra I	
MATH 5623	Algebra II	
Math Education Track		
Required:		
MATH 5043	Advanced Calculus I	
MATH 5913	Introduction to Research in Mathematics Education	
Select one of the following courses:		
MATH 5713	Number Theory	
MATH 5753	Introduction to Cryptography	
MATH 5003	Abstract Algebra I	
MATH 5013	Abstract Algebra II	
MATH 5023	Advanced Linear Algebra	
Select three of the following (with exactly two in one area):		
Discrete Math		
MATH 5513	Introduction to Numerical Analysis	
MATH 5503	Introduction to Optimization	
MATH 5673	Combinatorics	
MATH 5543	Numerical Analysis for Differential Equations	
MATH 5553	Numerical Analysis for Linear Algebra	
CS 5723	Artificial Intelligence I	
Geometry		
MATH 5423	Geometry and Algorithms in Three-Dimensional Modeling	
MATH 5803	Groups and Representations	
CS 5143	Computer Graphics	
Statistics		
STAT 5543	Applied Regression Analysis	
STAT 5123	Probability Theory	
STAT 5223	Statistical Inference	
STAT 5013	Statistics for Experimenters I	
STAT 5023	Statistics for Experimenters II	
STAT 5043	Sample Survey Designs	
STAT 5063	Statistical Machine Learning with R	
STAT 5303	Experimental Designs	
Hours Subtotal		**18**
Additional Graduate Courses		
Electives		
Select 9 hours of electives (no more than 6 hours can be outside MATH, STAT or CS).		9
Thesis/Report		
MATH 5000	Master's Research and Thesis	6
Hours Subtotal		**15**
Total Hours		**33**

Medical Sciences, MS

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 32

Code	Title	Hours
Program Core		
Select 2 credit hours of a capstone project completed towrad the end of the program from the following:		2
BIOM 5010	Special Topics in Biomedical Sciences	
FRNS 5990	Special Topics in Forensic Sciences	
HCA 5010	Special Topics in Health Care Administration	
GLHE 5052	Directed Readings in Global Health	
Electives		
30 customized credit hours of courses from either BIOM, FRNS, HCA, or GLHE. The ratio of coursework among the disciplines would be the ratio of the academic specialty of the three members of the faculty advisory committee. BIOM course are cross-listed with COM foundations and systems courses (PCME prefix) and clinical course (CLME prefix). HCA and GLHE courses are cross-listed and interchangeable.		30
Biomedical Sciences (including but not limited to the following courses)		
BIOM 5116	Clinical Anatomy	
BIOM 6762	Foundations in Medical Biochemistry	
BIOM 6743	Foundations in Medical Genetics, Molecular Biology and Development	
BIOM 6752	Foundations in Medical Cell and Tissue Biology	
BIOM 6771	Foundations in Medical Pharmacology	
BIOM 6781	Foundations in Medical Immunology	
BIOM 6793	Foundations in Medical Microbiology	
BIOM 6810	Structure and Function of the Human Cardiovascular System	
BIOM 6820	Structure and Function of the Human Gastrointestinal/Hepatic System	
BIOM 6830	Biomedical Perspectives on Human Hematology	
BIOM 6840	Structure and Function of the Human Musculoskeletal System	
BIOM 6850	Structure and Function of the Human Renal System	
BIOM 6860	Structure and Function of the Human Reproductive Systems and Reproductive Biology	
BIOM 6870	Structure and Function of the Human Respiratory System	
BIOM 6880	Biomedical Perspectives on Psychiatry	
BIOM 6900	Structure and Function of the Human Endocrine System	
BIOM 6910	Structure and Function of the Human Nervous System	
Or additional BIOM courses with faculty advisor and instructor approval.		
Forensic Sciences (including but not limited to the following courses)		
FRNS 5013	Survey of Forensic Sciences	
Or additional FRNS courses with faculty advisor and instructor approval.		
Health Care Administration (including but not limited to the following courses)		
HCA 5013	Survey of Health Care Administration	
Or additional HCA courses with faculty advisor and instructor approval		
Global Health (including but not limited to the following course)		
GLHE 5030	Problems and Issues in Global Health	
Or additional GLHE courses with faculty advisor and instructor approval		
Total Hours		**32**

Other Requirements

- Must maintain a GPA of 3.0 in all courses applicable to the MSMS
- Student must not earn a grade lower than a "C"

Microbiology, Cell and Molecular Biology, MS

Physics: Optics and Photonics, MS

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Thesis Option

Total Hours: 30

Code	Title	Hours
Required Courses		
PHYS 5453	Mathematical Methods for Physicists	3
PHYS 5613	Quantum Mechanics I	3
Select 9 hours of Photonics core courses from the following with advisor approval:		9
PHYS 5123	Geometrical Optics	
PHYS 5163	Lasers	
PHYS 5303	Physical Optics	
ECEN 4843	Design of Lasers and Systems	
ECEN 5833	Fiber-Optic Communication Systems	
Hours Subtotal		**15**
Electives		
Select 9 hours from the two groups of electives with a minim of one course and a maximum of two from Group I. Courses at the graduate level from other departments may be substituted for electives in Group II with Physics Department permission, but alternate courses must have a strong connection to optics and photonics.		9
Group I		
PHYS 4813	Electromagnetic Radiation	
PHYS 5313	Electromagnetic Theory	
PHYS 6713	Advanced Electromagnetic Radiation	
ECEN 5613	Electromagnetic Theory	
Group II		
PHYS 5133	Laser Spectroscopy	
PHYS 5663	Solid State Physics I	
PHYS 6313	Quantum Mechanics II	
PHYS 6413	Nonlinear Optics	
PHYS 6423	Quantum Optics	
ECEN 4823	Design of Optical Systems	
ECEN 5843	Microelectronic Fabrication	
ECEN 5853	Ultrafast Optoelectronics	
ECEN 5793	Digital Image Processing	
Hours Subtotal		**9**
Thesis/Research		
Select 6 hours (or more) of supervised research with submission of an approved thesis.		
PHYS 5000	Master's Thesis Research or Report (Or equivalent)	6
Hours Subtotal		**6**
Total Hours		**30**

Non-Thesis Option

Total Hours: 32

Graduate College Master's Program Requirements

Learn more about Graduate College 2025-2026 Master's Degree Program Requirements (p. 2927). Check the General Graduate College academic regulations for minimal GPA, language proficiency and other general requirements.

Plant and Soil Sciences, MS

Requirements for Students Matriculating in or before Academic Year 2025-2026. Learn more about Graduate College Academic Regulation 7.0 (p.).

Total Hours: 30

Code	Title	Hours
Course Requirements		
Select 24 hours from the following:		24
A minimum of 15 hours of 5000-level or higher courses that include:		
PLNT 5020	Graduate Seminar	
or SOIL 5020	Graduate Seminar	
SOIL 5131	Professional Development Colloquium in Plant and Soil Sciences	
PLNT 5110	Problems and Special Study	
or SOIL 5110	Problems and Special Study	
9 hours of MATH (including at least 3 hours of STAT in combined BS and MS programs):		
No more than 9 credit hours of 3000- or 4000-level coursework approved for graduate credit.		
Recommended courses at the discretion of the graduate committee that students emphasizing soil science should complete 4 of the 5 courses listed below (or equivalent) during their undergraduate or graduate programs:		
SOIL 5353	Advanced Soil Genesis and Classification	
SOIL 5234	Soil Nutrient Management	
SOIL 5223	Soil Chemical Processes and Impact on Environmental Quality	
SOIL 5683	Soil, Water, and Weather	
or SOIL 6583	Soil Physics Theory	
SOIL 5383	Advanced Soil Microbiology	
A student may take a maximum of 3 research credit hours. Research hours are to be taken to document student effort in areas not associated with the students thesis. All students must indicate on their Plan of Study whether or not their research will involve human subjects. If human subjects are to be used, approval must be received from the Institutional Research Board (IRB) prior to the beginning of the research.		
PLNT 5230	Research	
or SOIL 5230	Research	
Hours Subtotal		**24**
Thesis		
PLNT 5000	Master's Thesis	6
or SOIL 5000	Master's Thesis	
Hours Subtotal		**6**
Total Hours		**30**

CENTER FOR HEALTH SCIENCES

College Administration

Johnny Stephens, PharmD—President
Jeffrey Stroup, PharmD—Provost and Vice President, Senior Associate Dean, Academic Affairs
Dennis Blankenship, DO—Dean of College of Osteopathic Medicine
Eric Polak, MBA—Vice President for Administration and Finance
Randall Davis, PhD—Associate Dean and Director for Biomedical Sciences
LeRoy Young, DO—Senior Associate Dean for Clinical Affairs
Christopher C. Thurman, DO—Associate Dean for Clinical Education and Simulation Medicine
Kent Smith, PhD—Associate Dean, Office for the Advancement of American Indians in Medicine and Science
Natasha Bray, DO—Dean, OSU College of Osteopathic Medicine, Cherokee Nation, Associate Dean of Accreditation
Jeff Hackler, JD—Associate Dean of Academic Affairs and Enrollment Management
Mousumi Som, DO—Designated Institutional Official, GME Programs
Ashley L. Adkins, MS—Assistant Vice President for Operations
Carrie Gilstrap, DO—Associate Dean, Curriculum and Academic Success, and Clinical Professor of Medical Education
Denna Wheeler—Executive Director, Center for Rural Health
Angela Bacon, ABD, MS—Assistant Dean of Student Life and Wellness

E-mail: admissions@chs.okstate.edu

College of Osteopathic Medicine

As health care grows more sophisticated, the supply of primary care physicians will continue to be a challenge. The OSU College of Osteopathic Medicine is helping to address that challenge and to fulfill a critical need in Oklahoma, and beyond, by training physicians who are qualified to treat every member of the family and enhance the health care process by applying his or her knowledge to treat the whole person. The mission of the OSU College of Osteopathic Medicine is to educate osteopathic primary care physicians with an emphasis on serving rural and underserved Oklahoma.

The majority of graduates of the OSU College of Osteopathic Medicine practice in the primary care fields—family medicine, pediatrics, internal medicine and obstetrics/gynecology. The remaining graduates do their postdoctoral training in other specialties and subspecialties—anesthesiology, neurology, psychiatry, radiology, surgery, dermatology and oncology, to name a few. Regardless of the field they pursue, our students are trained to be excellent physicians, beginning with a strong background in general osteopathic medicine.

The college was founded in 1972 in response to a physician shortage in the small towns and rural areas of Oklahoma. The college opened its doors in 1974 and graduated its first class in 1977. In 1988, the college was merged with Oklahoma State University and confirmed its mission to prepare students to be primary care physicians with emphasis in rural medicine. In 2001, the Oklahoma legislature added another designation by creating the OSU Center for Health Sciences—the umbrella organization for the College of Osteopathic Medicine; and graduate programs in biomedical and forensic sciences, health care administration, athletic training and physician assistant program.

The OSU Center for Health Sciences is located on 16 acres along the west bank of the Arkansas River with an impressive view of downtown Tulsa. Modern buildings house conference facilities, a hospital simulation center, new anatomy lab, dedicated neuroanatomy lab, state-of-the-art research facility, expanded classroom and study space, wellness center, a medical bookstore and a forensic sciences and biomedical research facility. The OSU Medical Center, located a half-mile north of campus, is the primary teaching hospital for the college. The medical center serves Tulsa and the surrounding communities, and serves as both a teaching clinic for medical students, interns and residents, and a health care resource for residents of Tulsa and the surrounding area. The medical center is a state entity operated by the Oklahoma State University Medical Authority, with management by Saint Francis Health System. The hospital provides comprehensive and specialized health care and is staffed by licensed physicians and other health care professionals who supervise students in the care of patients. The OSU combined clinic system covers a wide variety of specialties. The clinics provide essential health care to the community.

The OSU College of Osteopathic Medicine at the Cherokee Nation is an additional teaching site located in Tahlequah, Oklahoma. The 84,000-square-foot facility includes an anatomy laboratory, clinical skills and OMM labs, standardized patient labs and a simulation center that features state-of-the-art computer programmable manikins. There are also lecture halls, classrooms, a gym, faculty offices and study carrels.

Promoting a patient-centered approach to health care, osteopathic physicians are concerned with the entire patient. The doctor of osteopathic medicine is a fully-trained and licensed physician who selectively utilizes all accepted scientific modalities to maintain and restore health. Osteopathic physicians and surgeons are licensed in every state to practice all phases of medicine, and offer their patients the added dimension of health care through osteopathic manipulation, a hands-on technique that uses palpation and manipulative procedures of the musculoskeletal system to diagnose and treat illness.

Minimum Academic Requirements

Prior to matriculation, the applicant must have an overall grade-point average of at least 3.00 (on a 4.00 scale), a pre-professional science GPA of at least 2.75, and a minimum score of 492 on the Medical College Admissions Test (MCAT). All applicants must take the MCAT within three years of the deadline for submitting the AACOMAS application for the application cycle. The last MCAT test date accepted for each application cycle is January in the year of matriculation. Under special circumstances, the College may use discretion to admit students who do not meet these minimum requirements.

At the time of entry, the applicant must have completed:

- Completion of at least three years (90 semester hours) and not less than 75 percent of the courses required for a baccalaureate degree at a regionally accredited college or university.
- Satisfactory completion of the following courses with no grade below "C" (2.0 on a 4.0 scale):
  - English, 2 semesters
  - Biology, 2 semesters (including laboratory)
  - Physics, 2 semesters

  - General Chemistry, 2 semesters
  - Organic Chemistry, 2 semesters
- At least one upper-division (3000-4000) level science course, including but not limited to:
  - Human Anatomy or Comparative Anatomy
  - Biochemistry
  - Microbiology
  - Molecular Biology
  - Histology
  - Cellular Biology
  - Embryology
  - Physiology

The annual AACOMAS application deadline is February 28. The deadline for supplemental application materials is March 30.

An on-campus interview with the Applicant Interview Committee is by invitation only. Interviews are conducted by clinical and adjunct faculty members, as well as alumni. Applicants must participate in the interview to qualify for further consideration. Interview results and other data submitted will be considered when determining which applicants have demonstrated appropriate levels of scholarship, aptitude and motivation for admission to the program. Class size is approved for 165 students (in 2022).

Selection Factors

The College considers applications for admission from all qualified candidates. The Oklahoma State University Center for Health Sciences provides equal employment and/or educational opportunity on the basis of merit and without discrimination because of age, race, ethnicity, color, religion, sex, sexual orientation, genetic information, gender, gender identity or expression, national origin, disability, protected veteran status, or other protected status in any of its policies, practices, or procedures. Preference is given to Oklahoma residents. Applicants must be U.S. citizens or permanent residents of the U.S. Non-U.S. citizens must have a permanent resident visa ("green card") at the time of application in order to be considered for admission.

College Curriculum

The four-year program emphasizes the integration of biomedical sciences with clinical systems. The curriculum includes early hands-on clinical experiences with patients, patient models, and simulations. Instructional methods are student-centered and include traditional lecture, and small group and team-based learning. Problem-solving and information retrieval skills are emphasized to produce and develop skills that support lifelong learning.

The culture of the OSU College of Osteopathic Medicine encourages students to establish an academic relationship with faculty members and community-based physicians. The curriculum emphasizes integration of biomedical with clinical and behavioral sciences to permit the full comprehension of the clinician's work and promote a holistic approach to the care of patients and their families. Students receive training in all areas of medicine, with additional emphasis on osteopathic manipulative medicine.

Incorporated within the OSU-COM curriculum is a Rural Medical Track, Tribal Medical Track, Global Medical Track and Urban and Underserved Medical Track. Each of these stresses the unique nature and characteristics of a rural practice, provides a pathway for student matriculation into a rural primary care residency, and supports residency graduates in the establishment of a practice in a rural or underserved Oklahoma location.

The first semester focuses on the foundations of biomedical and clinical sciences along with an introduction to patient care. Starting in the second semester and continuing through the end of the second year, students are introduced to a total of 11 clinical systems that systematically prepare students for addressing conditions typically seen in the primary care environment. The third and fourth years are comprised of clinical rotations, which are community-based, consisting of clerkship experiences in hospitals and clinics where students observe patient care and participate in the evaluation and treatment of patients under physician faculty supervision.

In the Clerkship Program, students are required to complete 22, four-week rotations in the core areas of family medicine, osteopathic manipulative medicine, pediatrics, internal medicine, surgery, obstetrics-gynecology, psychiatry and emergency medicine. In addition to the core rotations, students are also required to complete three rotations at affiliated teaching sites in rural communities, two of which are focused on gaining experience in a rural hospital setting. Students must also complete two primary care electives, seven general electives and one required vacation. Many rotations are completed at the OSU Medical Center in Tulsa, one of the largest osteopathic hospitals in the United States.

Furthermore, students enrolled in the Rural Medical Track Program take our mission to serve rural Oklahoma to new heights. The Rural Medical Track Program is designed to allow students to complete, whenever possible, the core rotations in rural communities. In addition to the core rotations, the Rural Medical Track students must also complete at least two sub-internships with rural residency programs, as well as two sub-specialty electives.

All medical students will be dually-enrolled in the Graduate College and transfer 30-credit hours to cross-listed courses allowing them to earn a Doctor of Osteopathic Medicine degree and M.S. degree upon graduation. Although more than half of graduates enter primary care, graduates are prepared to enter residencies in all medical specialty fields. This training period lasts a minimum of three years with several specialties requiring up to five years of postgraduate education. To see a full list of residency programs our recent graduates have entered and residency acceptance data, along with OSU-COM's pass rate on the COMLEX-USA, please visit: https://medicine.okstate.edu/com/admissions/graduates.html (https://health.okstate.edu/com/admissions/graduates.html).

Accreditation

The college is accredited by the Commission on Osteopathic College Accreditation (COCA) of the American Osteopathic Association, the recognized accrediting agency for institutions that educate osteopathic physicians. The Oklahoma State Regents for Higher Education are empowered by the Oklahoma Constitution to prescribe standards for higher education applicable to each institution in the Oklahoma State System of Higher Education.

Financial Aid

Financing a medical education should be seriously considered. The primary responsibility for meeting your educational costs rests with the student and his or her family; however, the Office of Student Financial Aid makes every attempt to assist prospective students as they navigate this process.

The Office of Student Financial Aid supports the mission of the University by enabling students and families to reduce or eliminate financial barriers that might prohibit their participation in the programs offered by OSU Center for Health Sciences. The office administers financial aid programs funded by federal, state, University and private sources in the form of Federal Stafford loan (Unsubsidized), Graduate PLUS loan, employment, as well as need- and merit-based scholarships.

Tuition and fees at the College of Osteopathic Medicine (for the 2024-2025 school year) average $28,884.00[1] per year for Oklahoma residents and $56,388.00[1] per year for out-of-state residents.

Most financial aid is renewable on an annual basis, provided there is adequate funding and the student remains eligible (enrolled in a matriculated program, in good academic standing and with continued need for need-based aid). To qualify, each student should file the Free Application for Federal Student Aid (FAFSA).

Office of Financial Aid - OSU College of Osteopathic Medicine
1111 West 17th Street
Tulsa, OK 74107-1898;

Students may apply online at www.fafsa.ed.gov/ (http://www.fafsa.gov/) (School code is G11282).

Graduate Education

The Center for Health Sciences offers graduate degree programs in Biomedical Sciences, Forensic Sciences, Health Care Administration, Athletic Training and Physician Assistant studies.

The Biomedical Sciences Graduate Program offers PhD, MS, DO/MS and DO/PhD degree programs. These programs provide students with a foundation in biomedical sciences that is broadly applicable to many disciplines, including anatomy, biochemistry, cell biology, microbiology, pathology, pharmacology and physiology.

The Master of Science in Biomedical Sciences offers a thesis and non-thesis option, with both programs designed to be completed in two years with a minimum of 30 credit hours (thesis) and 32 credit hours (non-thesis). The PhD program is designed to be completed in four years with a minimum of 60 credit hours. The DO/PhD program is designed to be completed in a minimum of seven years. The first two years are the basic science years of the program. The middle three years are graduate study, research and dissertation of the PhD program. The final two years are the clinical sciences years of the DO program. The DO/MS program is designed to be completed in a minimum of five years. The first year is primarily the graduate portion of the program. The last four years consist of the medical portion of the degree, with any remaining graduate work completed during the first year of medical school and subsequent summers.

The Master of Science in Forensic Sciences requires a minimum of 30 credit hours for a thesis track and 32 credit hours for a non-thesis track. For full-time students, the M.S. in Forensic Sciences may be completed in two years. Specializations designed for students from a variety of backgrounds include the areas of Forensic Biology/DNA, Forensic Chemistry/Toxicology, Forensic Investigative Sciences and Forensic Psychology. Specializations designed for practitioners with related professional experience include Arson, Explosives, Firearms and Toolmarks Investigations, and Forensic Science Administration. Working professionals may complete the M.S. degree online, usually over three to four years while maintaining full-time careers. The Master of Science in Forensic Sciences degree is designed for individuals pursuing many professional avenues, including careers in federal agencies, crime labs, investigative agencies, or research institutions.

The Master of Science in Health Care Administration consists of 32 total hours with a creative component or thesis including six hours of general graduate level electives. The program has an option in healthcare leadership and entrepreneurship or an option in administration. The curriculum provides exposure to management concepts, processes and techniques associated with administration and entrepreneurship functions in a variety of health care organizations. This degree is ideal for those individuals working in health care who wish to move into management or executive positions; however, healthcare experience is not required. This degree offers on-site courses at OSU-Stillwater and OSU-Tulsa as well as distance learning opportunities. This degree can be completed in-class or fully online. The DO/MS program is designed to be completed in five years. The first year is the graduate portion of the program and the last four years consist of the medical portion of the degree.

The Doctorate in Health Care Administration (DHA) consists of 62 total credit hours. This is a doctoral program, and as such, no thesis or research is required. The curriculum provides exposure to management concepts, processes and techniques associated with administration and entrepreneurship functions in a variety of health care organizations. This degree is ideal for those individuals working in health care who wish to move into management or executive positions; however, health care experience is not required. This degree is offered entirely online, and the majority of courses are asynchronous. Those who have completed the MHA at OSU or a similar degree may be eligible to count up to 30 of their credit hours towards the program. Transcripts are evaluated after admission and on a case-by-case basis.

The DO/MBA is an accelerated program that allows DO students to gain their MBA through the Spears School of Business in a single year. Six hours of elective credit can be shared from the DO coursework or business electives of the student's choice. The DO/MPH is an accelerated program that allows DO students to gain their M.P.H. in one calendar year, by allowing DO coursework to serve as elective coursework for the MPH degree. This 42-hour program captures 27 hours of the MPH's core coursework in the fall and spring semesters with six elective hours taken in the summer.

The Master of Athletic Training Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). Once accepted into the program, students are assigned to a Board of Certification (BOC) Certified Athletic Trainer (AT) where they are responsible to provide for the overall health care of patients over the course of their respective seasons or occupation. Clinical instruction of students is achieved through direct supervision by health care providers. The curriculum is based in the human sciences with anatomy, physiology, biomechanics, pathology, pharmacology, nutrition and psychology providing the theoretical foundation of student inquiry. Students learn how to apply these theoretical concepts while in the clinical setting learning under licensed physicians, athletic trainers, physical therapists and other allied health care professionals. This balance of theory and practical application prepares students to sit for the Board of Certification examination where upon successful completion, may earn the credentials ATC. Additional information about these programs can be found at:

https://medicine.okstate.edu/athletic-training/index.html (https://medicine.okstate.edu/athletic-training/).

The on-campus Physician Assistant Program recruits, educates and mentors a diverse group of students to increase competent and compassionate health care with an emphasis on increasing access to healthcare in rural and medically underserved Oklahoma. The Program places an importance on fostering collegial relationships among students within the Physician Assistant, Osteopathic Medicine and Athletic Training disciplines to provide professional, flexible, team-based, health care. The Master of Science in Physician Assistant Studies is designed for students to be eligible for certification as a Physician Assistant. The PA program has a directed curriculum of 124 hours. All students are required to be enrolled full-time. Students will spend 13 months in the didactic phase of education where they will receive traditional lectures as well as many hands-on experiences in laboratory and simulation settings. The second phase of training includes 15 months of clinical rotations. Students are required to have experiences in family medicine, internal medicine, emergency medicine, OBGYN, pediatrics, psychiatry, and surgery. Students will also have a minimum of two (2) rotations in a rural location. For additional information regarding admissions requirements please visit https://medicine.okstate.edu/pa/index.html (https://medicine.okstate.edu/pa/).

Honor and Service Organizations

The College emphasizes community service, and many students volunteer their time in giving school and athletic physicals, visiting nursing homes, working with school children and working at College-sponsored health fairs or the annual Osteopathic Scrub Run. Listed below are official student organizations.

American College of Osteopathic Emergency Physicians (ACOEP)
American College of Osteopathic Pediatricians (ACOP)
American College of Osteopathic Surgeons-Medical Student Section (ACOS-MSS)
American Indians in Medicine and Science (AIMS)
American Medical Student Association (AMSA)
American Medical Women's Association (AMWA)
American Muslim Medical Student Association (AMMSA)
American Osteopathic College of Physical Medicine and Rehabilitation (AOCPMR)
Anesthesiology Student Interest Group (ASIG)
Asian Pacific American Medical Student Association (APMSA)
Association of Native American Medical Students (ANAMS)
Biomedical Sciences Graduate Student Association (BSGSA)
Business & Leadership in Medical Practice (BLiMP)
Christian Medical Association (CMA)
Dermatology Interest Group (DIGA)
Forensic Science Organization (FSO)
Global Medicine Club (GMC)
Gold Humanism Honor Society (GHHS)
International Student Ministries (ISM)
Latino Medical Student Association (LMSA)
Medical Ethics Using Secular Humanism (MESH)
Medical Interdisciplinary Specialty Club (MISC)
Medical Students for Choice (MSC)
National Marrow Donation Program Campus Chapter (NMDP)
Native American Students in Osteopathic Medicine (NASOM)
Oklahoma Osteopathic Obstetrics and Gynecology Student Association (OOOGSA)
Pediatrics Club
Physician Assistant Student Association
Sexuality and Gender Alliance
Sigma Sigma Phi (SSP)—honor society
Society for Advancement of Chicanos/Hispanics & Native Americans in Science (SACNAS)
Sports Medicine Club
Student American Academy of Osteopathy (SAAO)
Student American Osteopathic Academy of Orthopedics (SAOAO)
Student Association of Military Osteopathic Physicians & Surgeons (SAMOPS)
Student Association of the American College of Osteopathic Family Physicians (SAACOFP)
Student American Osteopathic Academy of Sports Medicine (SAOASM)
Student Government Association (SGA)
Student Interest Group in Neurology (SIGN)
Student National Medical Association (SNMA)
Student Osteopathic Association of Radiology (SOAR)
Student Osteopathic Internal Medicine Association (SOIMA)
Student Osteopathic Medical Association (SOMA)
Student Osteopathic Psychiatry Association (SOPA)
Student Osteopathic Rural Medicine Club (StORM)
Student PAs in Rural Communities (SPARC)
Student Political Action Committee
Wilderness Medicine Club (WMS)

Faculty

Center for Health Sciences

President of the Center for Health Sciences—Johnny Stephens, PharmD
Dean of the College of Osteopathic Medicine—Dennis Blankenship, DO
Provost of the Center for Health Sciences and Senior Associate Dean of Operations—Jeffrey S. Stroup, PharmD

Biomedical Sciences and Graduate Studies

Randall Davis, PhD—Associate Dean and Director, Biomedical Sciences

Anatomy and Cell Biology

Nedra Wilson, PhD—Associate Professor and Chair
Professors—Holly Ballard, PhD; Kent Smith, PhD
Clinical Assistant Professor—Ian D. Browne, PhD
Associate Professors—Eric Snively, PhD; Dolores Vazquez Sanroman, PhD; Anne Weil, PhD
Assistant Professors—Daniel Barta, PhD; Vikram Gujar, PhD; Zachary Klukkert, PhD

Athletic Training

Jennifer L. Volberding, PhD—Professor and Chair
Professor—Matthew O'Brien, PhD; Aric Warren, PhD

Biochemistry and Microbiology

Gerwald A. Kohler, PhD—Professor and Chair
Professors—Rashmi Kaul, PhD
Assistant Professors—Subhas Das, PhD; I-Hsiu (George) Huang, PhD; Crystal Nicole Johnson, PhD
Clinical Assistant Professors—Malabika Maulik
Professors Emeritus—Martin W. Banschbach, PhD; Frank Champlain, PhD; Charles G. Sanny, PhD

Emergency Medicine

Aaron Lane, DO—Chair and Clinical Professor
Clinical Professor—Dennis Blankenship, DO-Dean, College of Osteopathic Medicine; Michael Cannon, DO; Gavin Gardner, DO; David Gearhart, DO; Kelly A. Murray, PharmD
Clinical Associate Professors—Bobby Abernathy, DO; Tyson Bryant, DO; Linden Cowley, DO; Anastasia Fisher, DO; James Herrington, DO
Clinical Assistant Professor and Section Chief - Jason Moore, DO
Clinical Assistant Professors—Kenneth Argo, DO; Mary Asal, MD; Yakiji Bailey, DO; Joshua Baker, DO; Michelle Bates, DO; David Behm, DO; William Bickell, DO; Jennifer Briggs, DO; Jamin Brown, DO; John Carlson, DO; Cass Cherry, DO; Levi Duetham, DO; Tyler G. Evilsizer, DO; Gary Fennema, DO; Steven Gearhart, DO; Shane Hnatusko, DO; Johnathon Lowe, DO; Rebecca Massey, DO; Curtis Mayz, MD; Mary K. Moore, DO; Jonathan Peaster, DO; Roy Reed, DO; Jonathan D. Robins, DO; William T Rockwell, DO; Brianne Roepke, DO; Sarah Shelton, MD; Matthew Sims, DO; Matthew E. Stiger, DO

Family Medicine

Lora D. Cotton, DO—Professor, Director and Chair
Steffen Carey, DO—Clinical Associate Professor, Vice Chair and Director
Professor—Sarah Hall, DO; Regina Lewis, DO
Clinical Associate Professors—Amanda Carey, DO; Crystal David, PharmD; Chelsey D. Griffin, DO; Erin Kratz, DO
Clinical Assistant Professors—Kristin Browning, DO; Thomas Dewey, DO; Matt Fowler, DO; John Miller, DO; Sherrita Polk, DO; Marinn Rank, DO; Rachel Ray, DO; Glennda Tiller, DO

Forensic Sciences

Jason Beaman, DO—Chair, Clinical Associate Professor
Professor and Director—Jarrad Wagner, PhD
Clinical Assistant Professor—Jun Fu, PhD; Matthew Green, PhD
Assistant Professor and Director—John J. Frucci, EdD

Health Care Administration

Bavette Miller, PhD, MHA—Chair and Assistant Professor
Clinical Professor—Zack Varughese, PhD
Clinical Assistant Professor—Ashley Keener, PhD
Adjunct Professors—Andrew Hill, JD; Barrett Hunter, JD

Internal Medicine

Damon L. Baker, DO—Professor, Chair and Chief Medical Officer for OSUMC
Professor/DIO—Mousumi Som, DO;
Professor—Katherine Cook, DO
Clinical Professor—Jay Johnson, DO
Associate Professor—Justin Chronister, DO, John Carabello, DO; Arash Karnama. DO; Steve Kim, DO; Daniel Wildes, DO; William Woods, DO; Shane Yamane, DO
Clinical Assistant Professors—Bradley Anderson, DO; Amanda Bozell, PharmD; Bryan Bozell, PharmD; Kryston Boyer, DO; Rachel Cobbs, DO; Jennifer Cox, DO; Andrew Hale, DO; Alessandra Gearhart, MD; Thomas Palmer, DO; Kristina Smith, DO

Medical Education

Nicole Farrar, DO—Clinical Assistant Professor and Chair
Professor—Tony Alfrey, DO; Shawna Segraves Duncan, DO
Clinical Professor and Director—Laurie Clark, DO
Clinical Professor and Associate Dean—Carrie Gilstrap, DO
Clinical Associate Professor—Tamar Baruch-Finkel, DO; Stacy Chronister, DO; Eric Harp, DO; Kelly Rudd, DO
Clinical Assistant Professors—Leah Bailey, DO; Amanda Cain, DO; Zachary Fowler, DO; Janel Johnson, DO; Jenny Lessley, DO; John Vogel, DO

Obstetrics and Gynecology

Erin E. Brown, DO—Clinical Associate Professor and Chair
Clinical Professor—William Po, MD; Katherine Moxley, MD
Clinical Associate Professor—Carlos M. Guevera, DO
Clinical Assistant Professors—Sarah Bradley, DO; Michelle Brotherton, MD; Justin Parks, DO; Lauren D. Thomas, DO

Osteopathic Manipulative Medicine

Jennifer Wilson, DO—Associate Professor and Chair
Julie Dionne, DO—Clinical Assistant and Vice Chair
Clinical Professor/Executive Director—Mark Thai, DO
Clinical Associate Professor—Leslie Ching, DO
Clinical Assistant Professors—Kim Barron, DO; David Cook, DO; Cameron Henderson, DO; Darci Coffman, DO; Janell Largent, DO; Philip Ridgway, DO; Courtney Thompson, DO

Pathology

Anthony Alfrey, MD—Associate Professor and Chair
Clinical Associate Professor—Eric Harp, DO

Pediatrics

Amanda Foster, DO—Clinical Professor and Chair
Laura Bode, DO—Clinical Associate Professor and Vice Chair
Clinical Professor—Travis Campbell, DO; Christine Clary, DO; Colony S. Fugate, DO; Heather Rector, DO
Clinical Associate Professors—Christel Dixon, DO; Binh Phung, DO
Clinical Assistant Professors—Baylee Arreola, DO; Terri Reed, DO, Philip Tolentino, DO

Pharmacology and Physiology

David R. Wallace, PhD—Chair and Professor
Professors—Craig Stevens, PhD; W. Kyle Simmons, PhD
Clinical Professor—Hugo Arias, PhD
Clinical Associate Professors—Alexis Jones, PhD; Dusti Sloan, PhD
Clinical Assistant Professor—Sheri Core, PhD;
Assistant Professor—Bart Ford, PhD; Swarup Mitra, PhD

Physician Assistant

Amy Harrison, MHS, PA-C—Director, PA Program and Clinical Assistant Professor
Ashley McCrary, MPAS, PA-C—Clinical Assistant Professor and Director
Clinical Assistant Professors—Courtney Abernathy, MMSc, PA-C; Jennifer Stauffer, MHS, PA-C; Rebecca Stephen, MHS, PA-C

Psychiatry and Behavioral Sciences

Sara Coffey, DO—Clinical Associate Professor and Chair
Professor and CIRCA Director—Jennifer Hays Grudo, PhD
Professor—Vivian Stevens, PhD
Clinical Professor—Aaron Pierce, DO
Clinical Assistant Professor and Director—Brian Goetsch, PsyD

Clinical Associate Professor—Swapna Deshpande, MD; Alicia Ford, PhD; Jeffrey Grantham, MD; Samuel Martin, MD; Anna Mazur, PhD; Matt Vassar, PhD
Clinical Assistant Professors—Trevor Anderson, MD; Joshua Day, DO; Kelly J. Dunn, MD; Reagan Gill, DO; Amy Gordon, PA-C; Jennifer Hale, PhD; Micah Hartwell, PhD; Tvli Jacob, PhD; Desiree Lyon, MD; Kaelyn Lu, DO; Heath Mueller, MD; Sara Rich, PhD; Osekpamen Wickliffe, MD; Rachel Wirginis, DO
Clinical Director—Christina Brent, MA, LPC
Director—Lana Beasley, PhD

Rural Health

Denna Wheeler, PhD—Chair and Clinical Professor
Professor and Executive Director—Julie M. Croff, PhD, MPH;
Clinical Associate Professor—Wenjie Sun, PhD
Clinical Assistant Professor—Chao Li, PhD

Surgery

Michael Thomas, MD—Clinical Professor and Chair
Brian C. Diener, DO—Professor and Vice Chair
Clinical Professor—Laurie Duckett, DO; Brent Norris, DO; Hal H. Robbins, DO
Clinical Associate Professor—Adam Bradley, DO
Assistant Professors—Clint Basener, DO; Trevor Bright, DO; Garrett Decker, DO; Chad Hanson, DO; Bryan Hawkins, DO; Katie Mettler, DO; Aaron Relic; DO; Wesley Stotler, DO; Brad White, DO

COLLEGE OF PROFESSIONAL STUDIES

College Administration

Jeanette Mendez, PhD—Provost and Senior Vice President for Academic Affairs
Craig Freeman, JD—Vice Provost and Dean
Gina Noble, MS—Director, College of Professional Studies
Zach Litwack—Filmaker in Residence and Director, Entertainment Media
Beverly Morris, MS—Director of Academic Advising

Campus Address and Phone

Address: 700 N. Greenwood Ave., Tulsa, OK 74106-0702
Phone: 918-594-8271
Website: https://tulsa.okstate.edu/cps (https://tulsa.okstate.edu/cps/)

College Description

The OSU College of Professional Studies, housed at OSU-Tulsa, is designed to address the workforce needs of local industries and agencies in Tulsa with a special emphasis on working adults with some college credit but no degree.

The College of Professional Studies offers flexible bachelor's degree programs to help working adults complete a bachelor's degree that adds value to their current career. The Bachelor of Professional Studies is adaptable, with a flexible credit for prior learning, transfer credit and military credits.

From an employer's perspective, these degree programs are a new form of workforce development, providing a clear pathway to overcome the college degree barrier and enable employees to advance within their organization. Curricula are designed to meet the needs of students and the companies who employ them. Tulsa-area employers who have partnered with OSU-Tulsa on these degree programs include the Tulsa Police Department and TTCU Federal Credit Union.

Academic Programs

The Bachelor of Professional Studies in Organizational Leadership (p. 3328) is a practical, comprehensive degree option for professionals seeking to advance in their current career by earning a bachelor's degree. In many companies and organizations, advancement opportunities are tied to educational attainment. The Bachelor of Professional Studies in Organizational Leadership is designed to help earn a raise, get a promotion, or meet career goals.

The Bachelor of Professional Studies in Public Safety (p. 3329) is a practical, comprehensive degree option for public safety professionals. Students will gain the knowledge and skills to take on a variety of roles in the public safety sector. The coursework emphasizes essential human skills to successfully work in public safety, including cultural awareness, conflict resolution and effective communication.

The Bachelor of Professional Studies in Health Care Administration (https://tulsa.okstate.edu/undergraduate-academics/healthcareadministration.html) equips a student with the knowledge and skills to develop a career in leading health care organizations such as hospitals, physician offices, care facilities and other health care organizations. Students will learn the aspects of leadership and organizational development to prepare them for service in both small and large healthcare environments.

The Bachelor of Professional Studies in Entertainment Media (https://tulsa.okstate.edu/undergraduate-academics/entertainment-media.html) offers a comprehensive understanding of the entertainment industry. This degree is ideal for those seeking to build or advance careers in filmmaking, television production, digital storytelling, public relations, advertising, music production, and brand management. Students will learn valuable skills from a curriculum that keeps pace with the latest trends and best practices in this ever evolving and rapidly expanding landscape.

Transfer Student Success Center

Students who complete degrees in the College of Professional Studies often start their coursework elsewhere and transfer credits to OSU-Tulsa to complete their degree. Academic advisors play an important role in helping prospective students understand how their previous coursework will transfer to meet degree requirements. Students can meet with an advisor in the Transfer Student Success Center before they apply and are admitted. After admission to OSU, students will be assigned an advisor who will help them navigate the enrollment process throughout their academic career. Professional academic advisors are invested in the student's success and help students to develop an academic plan to complete their educational goals with their other commitments in mind. In addition to helping students with enrollment and educational goals, advisors also guide and encourage students and connect them to various campus resources.

Undergraduate Programs

COLLEGE VETERINARY MEDICINE

College Administration

Jerry W. Ritchey, DVM, PhD, DACVP—Professor and Interim Dean
Jennifer Rudd, DVM, PhD, DACVM—Interim Associate Dean Academic and Student Affairs
Jerry Malayer, PhD—Sr. Associate Dean for Research and Graduate Education
Martin Furr, DVM, PhD, MA Ed, DACVIM—Assistant Dean for Professional Programs

Campus Address and Phone

Address: 205 McElroy Hall, Stillwater, OK 74078
Phone: 405.744.6648
Website: www.vetmed.okstate.edu (https://vetmed.okstate.edu/)

College of Veterinary Medicine

The College of Veterinary Medicine (CVM) is the premier provider of animal care in the state of Oklahoma and for the region. The CVM provides quality educational opportunities to prepare our graduates for varied careers within the veterinary profession. The veterinary medical profession is rewarding, exciting, and one that touches the environment as well as the lives of humans and animals alike. The career options available to graduates with a Doctor of Veterinary Medicine (DVM) degree are as varied as the people who make veterinary medicine their life-long commitment. The College of Veterinary Medicine at Oklahoma State University offers a program designed to prepare new graduates for a variety of biomedical careers including private practice, post-DVM clinical training, research, industry, military, and government.

Mission: Innovation in animal and human health.
Vision: To be innovative world leaders in healthcare, research, and professional education.

Core Values:

- Communication: Understanding the importance of good communication for the proper functioning of the team and advancing our common goals.
- Integrity: We will demonstrate at all times, and expect of our colleagues, the highest standards of personal integrity.
- Accountability: We will be accountable for our own actions, work, and words
- Teamwork: Understanding that a team is stronger than the sum of its parts, and that we perform better as a team.
- Leadership: Recognizing that we can all be leaders.

Accreditation

The College is fully accredited by the Council on Education of the American Veterinary Medical Association. Accreditation is based on an assessment of 11 essential factors: the college's organization, its finances, facilities and equipment, clinical resources, library and learning resources, enrollment, admissions, faculty, curriculum, continuing and post-graduate education, and research.

High School Preparation

Preparation for a career in veterinary medicine includes understanding the profession. Volunteering or working with a veterinarian is essential. Students should develop emotional maturity and become aware of how medical decisions include patient, client, and financial issues. Professionalism and ethics are fundamental for veterinarians. Although the OSU DVM Program does not use an applicant's high school information to determine eligibility, K-12 students are strongly encouraged to take advanced placement math and science classes to prepare for more difficult college level coursework.

Admission and Application Requirements

Earning a DVM degree requires dedication and hard work, but the rewards are returned for a lifetime. In general, students must complete three to four years of pre-veterinary undergraduate coursework followed by four years of a professional veterinary medical program.

Students can select any accredited college/university to complete their pre-veterinary coursework. Choosing an undergraduate major related to the student's interest in science and animals is advised. The College requires all applicants to be within 1 year of completing specific required courses to be eligible for application. Other factors can contribute to an applicant's eligibility to the Oklahoma State University DVM Program, so students are encouraged to review all eligibility requirements.

Early Admission Program

Students pursuing careers in the health sciences often make their career decision prior to undergraduate enrollment. The goal of the Early Admission Program is to aid pre-veterinary students with strong academic ability and guide them in their pursuit of a veterinary medical career. The Early Admission Program strives to provide direction, mentorship, and provisional admission for students with superior academic achievement and interpersonal skills that are well-suited to the missions of the veterinary profession. The application opens August 1st to freshman enrolled in the fall in an Oklahoma Institution which confers bachelor's degrees. Eligible applicants must have recently graduated high school by the end of the spring semester prior to August 1st.

Scholarships

The College has a variety of scholarships available to currently enrolled veterinary medical students. The scholarship application portal opens at the end of the fall semester.

Selection Factors

The Admissions Committee seeks to admit students with excellent records of academic achievement, in addition to backgrounds that help predict potential success in a variety of veterinary medical careers. Because the veterinary medical profession is constantly changing, the faculty supports the concept of achieving diversity in each entering class. The College of Veterinary Medicine typically admits 106 students annually of which 69 are Oklahoma residents and 37 are out-of-state.

In selecting applicants for admission, the Admissions Committee will consider both quantitative (grade point averages) and qualitative factors (veterinary experience, background, personal statement, and letters of recommendation).

The CVM requires a minimum of three letters of recommendation, one of which must come from a veterinarian. Strong applications will include

letters of recommendation from individuals who have had recent working or mentorship experiences with the applicant.

An out-of-state applicant's qualitative score is based on their application materials evaluated by members of the Admissions Committee. An in-state applicant's qualitative score is also based on their application materials in addition to a personal interview conducted by members of the Admissions Committee. Interviews are administered to in-state applicants by invitation only and not automatically granted. Personal interviews are not available for out-of-state applicants.

College Curriculum

The Oklahoma State University College of Veterinary Medicine offers a rigorous, hands-on curriculum designed to prepare students for the wide-ranging and evolving demands of the veterinary profession. Spanning four years, the program integrates foundational biomedical sciences with clinical training, emphasizing all common domestic species, especially companion, equine, and food animal medicine. From day one, students are immersed in real-world learning experiences through state-of-the-art facilities, clinical skills labs, and extensive exposure to primary care, specialty services, and rural veterinary practice. The curriculum also fosters critical thinking, ethical decision-making, and professional development to equip graduates for careers in private practice, public health, research, industry, and beyond. Through its comprehensive approach and commitment to excellence, the college ensures that graduates are not only clinically proficient but also compassionate, collaborative, and ready to serve both animals and society.

Graduate Program

Comparative Biomedical Sciences

Jerry R. Malayer, PhD—Professor and Senior Associate Dean for Research and Graduate Education

The comparative biomedical sciences (CBSC) graduate program is a multidisciplinary program intended to provide students with a broad base of research areas to address individual student interests. The program is administered within the College of Veterinary Medicine but may involve faculty from other colleges. Programs of research and study leading to the degrees of Master of Science and Doctor of Philosophy are available within the broad areas of focus: infectious diseases, pathobiology, and physiological sciences. The program is designed to prepare individuals for careers in teaching and research, and specialization is possible within each area dependent upon student and faculty interests and available funding.

Current areas of research focus include molecular, cell and developmental biology, clinical sciences (including laser applications and oncology); infectious and parasitic diseases (including vector-borne diseases, bacterial and viral diseases in wild and domestic animals); pathobiology; and toxicology. Faculty and their specific areas of interest are available through the graduate coordinator (cbsc@okstate.edu (vbsc@okstate.edu)) or online at https://vetmed.okstate.edu/students/comparative-biomedical-sciences/index.html (https://vetmed.okstate.edu/students/comparative-biomedical-sciences/).

Prerequisites

Candidates for admission must possess a bachelor's degree or equivalent, with a background in biological or physical sciences. Although there are no absolute performance level requirements, applicants with GPAs of 3.0 (out of 4.0) or greater, will receive the strongest consideration.

The Master of Science Degree

The MS may be earned with 30 credit hours beyond a bachelor's degree or 21 hours beyond the DVM degree, including not more than six credit hours for the thesis. The plan of study is designed to meet the student's needs and interests and typically includes two credits of seminar, one course in statistics, and courses in molecular or cell biology and pathophysiology. The student must also pass a final oral examination covering the thesis and related course work.

The Doctor of Philosophy Degree

The PhD requires a minimum of 60 credit hours beyond the bachelor's degree or DVM degree, including up to 45 credit hours for research and dissertation. The plan of study is designed to meet the student's needs and interests and typically includes courses in cell and molecular biology, pathophysiology, statistics, and seminar. Written and oral qualifying examinations are required. Students must prepare a research proposal and complete and defend a dissertation based on original research.

Application Procedure

Applications are made to the Graduate College (http://gradcollege.okstate.edu/apply (http://gradcollege.okstate.edu/apply/)) and are accepted at any time; however, all documents should be received before March 15th for admission to the fall semester and August 15th for admission to the spring semester. Applicants are required to submit transcripts of all college-level work. International applicants are required to take an English proficiency exam, unless a student completed a baccalaureate or graduate degree from an accredited institution of higher learning at which English is the primary language of instruction, located in a country in which English is a recognized primary language. For students seeking graduate teaching assistantships, a score of 22 or greater on the speaking part of the internet-based TOEFL (ibT) or 7.0 on the speaking portion of the IELTS is required. In addition, the applicant will submit a statement of purpose stating their preparation for graduate study as well as how earning a graduate degree will further their educational and career goals and will have three persons knowledgeable of their preparation for graduate study write and submit letters of reference.

Information about faculty research interests is available upon request to the graduate coordinator (cbsc@okstate.edu (vbsc@okstate.edu)). After acceptance to the graduate program, students select a major professor and an advisory committee and develop a plan of study consistent with the CBSC graduate program requirements and subject to the approval of the dean of the Graduate College.

Assistantships

A limited number of graduate teaching and research assistantships are available.

Internship and Residency Programs

Internships and residency programs in clinical medicine and surgery are offered through the Department of Veterinary Clinical Sciences. Residency programs in pathology are offered through the Department of Veterinary Pathobiology.

Veterinary Clinical Sciences

*Julia B. Montgomery, Med Vet, PhD, DACVIM (LAIM)—Professor and VCS Department Head

The Department of Veterinary Clinical Sciences (VCS) is one of three academic departments at the CVM. The Veterinary Clinical Sciences faculty are an integral part of the Boren Veterinary Medical Teaching Hospital. The faculty train veterinary students through didactic teaching and hands-on clinical training and provide the highest quality of care to clients and patients. In addition to training veterinary students, there are several residents and interns in various sections of the hospital who are guided by the VCS faculty.

Visit the Veterinary Medical Teaching Hospital webpage (https://cvhs.okstate.edu/veterinary-medical-hospital/) to learn more about the faculty and staff and the services they provide.

Internship and Residency Programs

The VCS department offers graduate professional programs (internships and residencies). Internships are one-year post-DVM clinical training programs.

Internships are designed in part to prepare DVM graduates for residencies or graduate academic programs. Currently, internships are offered in mixed animal rotating, equine internal medicine and surgery rotating, small animal emergency and critical care, small animal internal medicine, equine surgery & sports medicine, food animal medicine & surgery, shelter medicine and surgery, ophthalmology, theriogenology, and avian, exotics, and zoological medicine.

Residencies are three-year clinical programs in various disciplines designed in part to prepare for specialty board certification. Currently, residencies are offered in equine internal medicine, equine surgery, food animal medicine and surgery, ophthalmology, theriogenology, and avian, exotics, and zoological medicine.

Graduate academic programs may be available in association with residencies.

Application Procedure

Most open positions are listed in the Veterinary Internship/Residency Matching Program at www.virmp.org (http://www.virmp.org) and applications are submitted through the VIRMP. Some programs may be offered outside the match.

Burba, DVM, DACVS, and McCasland Endowed Chair; *Ana Costa, DVM, PhD, DACVIM and Tracy Kyle Chair; *Lyndi Gilliam, DVM, DACVIM, and Jack and June Jacobs Chair; G. Reed Holyoak, DVM, PhD, DACT, Regent's Professor and Bullock Professor; *Michael D. Lorenz, DVM, DACVIM, and Regents Service Professor (emeritus); Amanda Samuels, VMD, PhD, and McCasland Professorship; *Michael J. Schoonover, CVM, MS, DACVS, DACVCMR and Ricks-Rapp Professorship; *Lara Sypniewski, DVM, DABVP, and Henthorne Clinical Professorship
Professors: *Joseph Alexander, DVM, DACVS (President, CIED) (emeritus); *Kenneth Bartels, DVM, MS (emeritus); *Melanie Boileau, DVM, MS, DACVIM; *Joao Manuel Lemos Brandao, LMV, MS, DECZM, DACZM; *Daniel J. Burba, DVM, DACVS; *Lionel J. Dawson, BVSc, MS, DACT; *Lyndi Gilliam, DVM, DACVIM; *Margi A. Gilmour, DVM, MS, DACVO (emeritus); *G. Reed Holyoak, DVM, PhD, DACT; *John P. Hoover, DVM, MS, DACVIM, DABVP (emeritus); *Charles G. MacAllister, DVM, DACVIM (emeritus); *Julia B. Montgomery, Med Vet, PhD, DACCVIM (LAIM); *Mark Neer, DVM, DACVIM (emeritus); *Carlos Risco, DVM, DACT (emeritus); *Michael J. Schoonover, DVM, MS, DACVS, DACVSMR; *Richard Shawley, DVM, MS, DACVA (emeritus)
Associate Professors: *Robert J. Bahr, DVM, DACVR (emeritus); *Mary H. Bowles, DVM, DACVIM (emeritus); *John Kirkpatrick, DVM, DABVP (emeritus); Carolynn T. MacAllister, DVM (emeritus); *Gregor L. Morgan, MVSc, PhD, DACT (emeritus); *Megan Williams, DVM, DACVS
Assistant Professors: Gianluca Bini, DVM, MRCVS, DACVAA; Rosslyn Biggs, DVM; Giovana Catandi, DVM, PhD, DACT; Andreza Conti Patara, DVM, MS, PhD, DACVECC; Myriam Jimenez, DVM, MS, PhD; *Dale Kelley, DVM, MS, PhD, DACT; Shari Kennedy, DVM, DACVIM-LIAM; Arianna Negrin, DVM, PhD, MES, DECVN; Jenny Wyrick, DVM
Clinical Professors: *John Gilliam, DVM, MS, DAVBP, DACVIM; *Marjorie Gross, DVM, MS, DACVA (emeritus); *Robert Streeter, DVM, MS, DACVIM (emeritus); *Lara A. Sypniewski, DVM, DABVP
Clinical Associate Professors: Kimberly D. Carter, DVM; Ana Costa, DVM, PhD, DACVIM; *Paul DeMars, DVM, DABVP; Katrina Meinkoth, DVM (emeritus); Sarah Peakheart, DVM; Chase Whitfield, DVM, MS, DACVS-LA
Clinical Assistant Professors: David Bailey, DVM; Kelli Beavers, DVM; *Allison Biddick, DVM, MS, DACVECC; Brandy L. Close, PhD, MEd; Emilia Terradas Crespo, LV, MS, DACVESS; Leandro Fadel, DVM, MSc; Leticia Fanucchi, DVM, PhD; Taylor Farris, DVM; Katharine Hausmann Farris; DVM; Alexis Jennings, DVM; Dana Liska, DVM; Marco Magliacano, DVM; *A.J. Manship, DVM, DACVIM; *Emily McCool, DVM, MS, DACVO; Julianne McCready, DVM; Ariana Merari, DVM; M. Blake Murray, DVM; Franciele Panato Back, MV; Marcelo Rodrigues de Oliveira, MV; Brandon M. Raczkoski, PhD; Melissa Raymond, DVM; Amanda Samuels, VMD, PhD; Isabelle Soga, DVM; *Kelsey Walker, DVM, MS, CVA, DACVIM
Teaching Assistant Professors: Nancy Henslee, DVM; Kaitlin Mielnicki, DVM
Adjunct Associate Professors: *Drew Hanzlicek, DVM, DACVIM; *Cheryl Lopate, DVM, MS, DACT
Adjunct Assistant Professors: Jason Anton, DVM; *Kay Backues, DVM, DACZM; Derek Burney, DVM; *Brent Hague, DVM, DACVS; Gretchin Cole, DVM
Adjunct Clinical Instructors: Kyle Abbott, DVM; Chad Baumwart, DVM; Corynn Cackler, DVM; Laura Embry, DVM; Mika Ford, DVM; Ashley French, DVM; Beverly Fritzler, DVM; Kathy Graf, DVM; *Tiffany Granone, DVM, DACVAA; Mark Higgins, DVM; David Hille, DVM; Steven Hodges, DVM; Tracei Holder, DVM; Ron Hooley, DVM; Mike Jones, DVM; Lauren Lamb, DVM; Joseph Landers, DVM; Aimee Lenz, DVM; Kevin Long, DVM; Troy McNamara, DVM; Jarrod Roach, DVM; Angie Semple DVM; Mark Shackelford, DVM; Kerry Shafer-Ray, DVM; Andrew Willis, DVM
Lecturers: Daneeya Guthrie, DVM; David Wallace, DVM
Residents: Rebecca Abanto, DVM, Equine Medicine (2023-26); Greta Doden, DVM, Zoological Medicine (2024-2027); Amber Hampton, DVM, Theriogenology (2024-2027); Nicholas Lani, DVM, Equine Surgery (2023-26); Barbara da Silva Andrade, BA, Theriogenology (2025-2028); Madelaine Frendberg, DVM, Food Animal Internal Medicine (2025-2028); Martin Garces, DVM, Theriogenology (2025-2028); Chiara Morelli, DVM, Equine Internal Medicine (2025-2028); Sarah Winkler, DVM, Equine Surgery (2025-2028)
Interns: Sydney Barnes, DVM, SA IM and ECC; Donovan David, DVM, Equine Medicine and Surgery; Taylor Fidler-Jarzyiecki, DVM, Zoological Medicine; Usman Khalid, DVM, Mixed Animal Rotating; Cheyenne

Schmidt, DVM, Equine Medicine and Surgery; Taylor Sommer-Kohrt, DVM, Mixed Animal Rotating; Ernest Yeu, DVM, SA IM and ECC

***Board Certification in Specialty Area**

Veterinary Pathobiology

Theresa E. Rizzi, DVM, DACVP—Clinical Professor and Department Head

The Department of Veterinary Pathobiology delivers state-of-the-art research, instruction, and diagnostic service for the disciplines of bacteriology, mycology, virology, immunology, parasitology, pathology, epidemiology and public health. The Pathobiology Department is the proud home of the National Center for Veterinary Parasitology, and the academic home of the Director and faculty of the Oklahoma Animal Disease Diagnostic Laboratory. Departmental faculty participate in research sponsored by the NIH, USDA, and other government-sponsored research units as well as private industry focused on infectious diseases important in animals and people. The department is actively engaged in training the next generation of veterinarians, veterinary specialists, and scientists, publishing basic and applied scientific works and presenting findings at scientific and educational platforms throughout the world.

Residency Programs

Residency Coordinators: Dr. Valerie McElliott, Anatomic Pathology, and Dr. James H. Meinkoth, Clinical Pathology

Residency programs in anatomic and clinical veterinary pathology are offered. Candidates must have a DVM or equivalent degree. The anatomic and clinical pathology residency programs are three years with options to enter the PhD program. The programs are designed for those interested in diagnostic veterinary pathology and board certification by the American College of Veterinary Pathologists. Residency training occurs through the Veterinary Medical Teaching Hospital and the Oklahoma Animal Disease Diagnostic Laboratory. The program involves extensive diagnostic casework primarily of domestic animals and includes weekly case conferences and seminars. In addition, abundant archived materials are available for the specialty board preparation.

Application Procedure

Usually, one new residency training position is available each year in anatomic pathology and one new residency position every 1-2 years in clinical pathology. Open positions are listed at the ACVP website (https://www.acvp.org/).

Faculty

Regents Professors and Endowed Chairs: Clinton J. Jones, PhD, Regents Professor and Sitlington Endowed Chair
Professors: *James H. Meinkoth, DVM, PhD, DACVP; *Akhilesh Ramachandran, BVSc & AH, PhD, DACV; *Jared Taylor, DVM, MPH, PhD, DACVIM, DACVPM
Clinical Professor: *Theresa Rizzi, DVM, DACVP
Associate Professors: *Fernando Vicosa Bauermann, DVM, PhD, and Sitlington Endowed Chair in Veterinary Medicine; Rudragouda Channappanavar, DVM, MVSc, PhD; Tom Oomens, PhD; Joy Scaria, PhD, Associate Professor and Sitlington Endowed Chair in Infectious Disease; *Lindsay Starkey, DVM, PhD, DACVP
Clinical Associate Professor: *Susan E. Fielder, DVM, MS, DACVP
Assistant Professors: *Kathryn Duncan, DVM, PHD, DACVM-P; Kelly Harrison, PhD; Jeff Ostler, PhD; Mayara Maggioli, DVM, PhD; *Sunil More BVSc & AH, MVSc, PhD; Jeff Ostler, PhD; *Jennifer Rudd, DVM, PhD, DACVM; *Ruth C. Scimeca, BVSc, MS, PhD, DAVM-P
Clinical Assistant Professor: *Alexandra Ford, DVM, DACVP; *Valerie McElliott, DVM, PhD, DACVP; *Brianne Taylor, DVM, MS, DACVP
Assistant Research Professor: Fouad Elmayet, PhD
Residents: Kelsey Duensing, DVM; Hailey Furman, DVM; Sarah Myers, DVM; *Daniel Barrantes Murillo, DVM, DACVP; Sai Narayanan, BVSc & AH, MVSc, PhD; Garija Regmi, BVSc, PhD; Adriana Villasenor, DVM; Erin Willis, DVM, PhD
Graduate Teaching Associates: Sree Varsha Kuduvaa Sankar Babu, MS; Patil Basavaraju, BVSc; Lariane de Silva Barcelso, PhD; Ryan Carson, DVM/MS; Debarai Chanda, PhD; Amal Cheemadan, PhD; Roshan Ghimire, PhD; Sachithra Gunasekara, BS; Sankha Hewawasam, PhD; Tanim Islam, PhD; Kaushalya Jayathilake, PhD; Paige Johnson, DVM; Chiranjeevi Mishra, MS; Shalabh Mishra, PhD; *Daniel Barrantes Murillo, DVM, DACVP, PhD/ PhD Resident; Jeeviya Murugesan, BVSc, PhD; Sarah Myers, PhD/ Resident; Hafez Sadeghi, PhD; Shoroq Shatnawi, PhD; Rakshya Shrestha, PhD; Rachel Smith, PhD; Vishnu Thyil Valappil, PhD; Binta Varghese, PhD; Jonna Whetsel, PhD; Cody Whitley, PhD
Graduate Research Associate: Rakshya Shrestha, PhD

***Board Certification in Specialty Area**

Physiological Sciences

Jefferson Frisbee, Ph.D. FAHA, FAPS—Department Head

The Department of Physiological Sciences at Oklahoma State University contributes substantially to the teaching, research and service components of the College of Veterinary Medicine.

The department currently has 18 tenure/tenure-track, one adjunct and four research track faculty members, six postdoctoral fellows and approximately 28 graduate students.

Teaching responsibilities within the department include the areas of veterinary morphology, physiology, pharmacology and toxicology, providing professional coursework leading to the DVM degree and graduate coursework leading to the Masters and Doctor of Philosophy degrees. Departmental faculty have a wide range of research interests including neurotoxicology, lung biology, enzymology of drug metabolism, exercise physiology, reproductive physiology, therapeutics, comparative aging, and cardiovascular physiology. Extramural funding in support of research from agencies including NIH, DoD, USDA, American Cancer Society and others totals over $2 million annually.

Faculty

Jefferson Frisbee, PhD, FAHA, FAPS—Professor, Department Head
Regents Professors: Lin Liu, BS, PhD (Lundberg-Kienlen Professor of Biomedical Research); Carey N. Pope, PhD (Sitlington Chair in Toxicology) (emeritus)
Professors: Pratul Agarwal, PhD; Natarajan Aravindan, MS, MPhil, PhD, CCA; Nicholas L. Cross, PhD (emeritus); *Michael S. Davis, DVM, MS, PhD (Oxley Chair in Equine Sports Medicine); Martin Furr, DVM, Diplomate ACVIM, PhD; Veronique Lacombe, DVM, PhD, Diplomate ACVIM, Diplomate ECEIM; Jerry R. Malayer, PhD; Lara K. Maxwell, DVM, PhD; Charlotte L. Ownby, MS, PhD (emeritus); Alastair G. Watson, BVSc, PhD (emeritus)
Associate Professors: Jill Akkerman, DVM, PhD; Guangping Chen, MS, PhD; Henrique Cheng, DVM, MS, PhD; Myron Hinsdale, DVM, PhD; Sudahkar Jha, PS, MS, PhD; James W. Lish, MS, PhD (emeritus); Joseph P. McCann, PhD (emeritus); *Sandra E. Morgan, MS, DVM (emeritus); Larry E. Stein, PhD (emeritus); Madhan Subramanian, BVSc, PhD
Assistant Professors: Joshua Butcher, M.S., PhD; Xufang Deng, BS, MS, PhD; Neeraj Singh, BVSc, MVSc, PhD
Teaching Associate Professor: Deon van der Merwe, BVSc, MSc, PhD, ERT
Teaching Assistant Professor: Girish Patil, PhD
Research Associate Professor: Chaoqun Huang, MD, PhD
Research Assistant Professors: Yurong Liang, BS, PhD; Danny Maples, PhD; Kishore Vaddadi, PhD
Post-Doctoral Fellows: Firoz Ahmad, PhD; Benny Borin, PhD; Yosodha Kesavan, PhD, Ranabir Majumder, PhD; Loganayaki Periyasamy, PhD
Graduate Research Associates: Kainat Ahmed, BVSc, MVSc; Mohammad Asad, PhD; Xiang Chi, PhD; Quanjin Dang, BS; Mozafar Hajijafarianaraki, PhD; Nazmul Haque, PhD; Afsana Parveen Jahir Hussain, PhD; Prince Jhandai, PhD; Xueying Liang, PhD; Sreenidhi Mohanvelu, PhD; Dharanya Muthiah, PhD; Diani Nanayakkara, PhD; Sivasubramani Narayanan, PhD; Emily Nunan, BS; Nikhithasree Pullagura PhD; Sabir Salim, PhD; Danya Sankaranarayanan, PhD; Keerthana Santhosh, PhD; Adam Soriano, PhD; Yashaswi Raj Subedi, MS; Poorvi Subramanian, PhD; Akshaya Surendran, PhD; Gokul Tamilselvan, PhD; Elizabeth Varghese, PhD; UdayKiran Venugopal, PhD; Qianru Zhang, PhD; Xiaoming Zhang, PhD
Staff: Erin Langford-Loftis, BS; Christopher H. Pivinski, BS; Lana Schler, BS; Jessica Schultz, BS, MS; Kerrie Williams, AS
