History of Oklahoma State University

The story of Oklahoma State University began on Christmas Eve, 1890, at the McKennon Opera House in Oklahoma's territorial capital of Guthrie when Territorial Governor George W. Steele signed legislation establishing an Oklahoma Agricultural and Mechanical College (OAMC) in Payne County. OAMC's first students assembled for class on December 14, 1891, even though there were no buildings, no books, and no curriculum. The college's first students attended classes in the Stillwater Congregational Church. The original campus consisted of 200 acres of prairie that were donated by four local homesteaders. The college's first six graduates received their diplomas in 1896.

Visitors to the OSU campus often marvel at its beauty and consistency of architecture. Much of the credit goes to legendary president, Henry G. Bennett, who served from 1928-1951. Dr. Bennett's 25-year campus master plan envisioned some of the university's most famous and beautiful structures, including the Edmon Low Library and the OSU Student Union. Under the direction of OSU President Burns Hargis, a new campus master plan is guiding unprecedented construction that is making OSU more competitive in academics and athletics. Starting in the fall of 2008, OSU has opened the Multimodal Transportation Terminal, the North Classroom Building, the west end zone of Boone Pickens Stadium, refurbished Old Central, the Donald W. Reynolds Architecture Building, an upgraded Murray Hall, the Henry Bellmon Research Center, an updated and expanded Student Union, the Greenwood Tennis Center, the north wing to the College of Human Sciences building, an upgraded Atherton Hotel in the Student Union, the innovative University Commons residential complex and dining facility, the crescent-shaped business building, and the world-class ENDEAVOR facility for interdisciplinary research. In October 2019, OSU opened the magnificent McKnight Center for the Performing Arts with the New York Philharmonic. The next major facility opening will be the top-tier O'Brate Stadium for baseball. Hall of Fame Avenue on the north and University Avenue on the south, as well as core north-south artery Monroe Street, have all been significantly upgraded, and the university continues to update its campus landscape plan, including the addition of a Welcome Plaza southeast of the Student Union.

OSU grew quite rapidly following World War II. The post-war years were marked by a huge enrollment surge and the thriving "Veteran's Village" on the northwest edge of campus as veterans and their families moved into surplus military housing provided by the college. The mid-1940s also were a golden era for athletics at Oklahoma A&M. In a 90-day period in early 1945, OAMC teams won the Cotton Bowl, the NCAA championship in wrestling, and the NCAA championship in basketball. In 2016, the undefeated 1945 football team was retroactively awarded the national championship trophy by the American Football Coaches Association. In 1946, the wrestling and basketball teams repeated as national champions, and the football team won the Sugar Bowl.

Coaches and players from that era are now sports legends. Coach Henry Iba set a national standard in basketball and Edward Gallagher took OAMC wrestling teams to international prominence.

People often ask when OSU made the transition from college to university. By the 1950s the college had grown substantially and in 1957 OAMC became The Oklahoma State University for Agriculture and Applied Science. During the next three decades, OSU would build academic programs to match its new status. Enrollment more than doubled from 10,385 in 1957 to more than 23,000 in the 1980s. OSU became a statewide university system, adding branches in Okmulgee in 1946 and Oklahoma City in 1961. OSU merged with the Oklahoma College of Osteopathic Medicine in 1988, and OSU-Tulsa was born in 1999.

Today, OSU has 35,000 students across five campuses and a presence in every Oklahoma county through its extension offices and experiment stations. From six graduates in 1896, to 5,000 annually today, the small college on the prairie has grown and prospered far beyond the dreams of its founders. OSU teaching, research and graduates are making a bigger impact on the lives of people around the world than ever before. It's a great time to be a Cowboy!

MESSAGE FROM THE OSU ALUMNI ASSOCIATION PRESIDENT

To the Class of 2020,

On behalf of the Oklahoma State University Alumni Association and OSU graduates around the globe, I would like to welcome you to the alumni family!

Earning your degree from OSU is something to be extremely proud of under normal circumstances, but as you're well aware, the past semester has been anything but normal. As the Cowboy Code says, we finish what we start. You have persevered and proven that being a Cowboy isn't in our clothes; it's in our character.

It's important to remember your time as a Cowboy is really just beginning, and that's why the Alumni Association is here. We help new graduates secure employment, connect them with chapters of alumni throughout the nation and keep them informed on what's happening back home in Stillwater. We are also the proud presenters of Homecoming – a tradition you will love even more as a graduate.

All spring and summer 2020 graduates are receiving a complimentary membership from us to help with this transitional period. Use your membership to keep that OSU passion inside you burning bright orange.

Congratulations again, and Go Pokes!

The list of Spring 2020 degree candidates was prepared before final grades were reported, and inclusion herein does not constitute evidence of graduation. Final action to ensure an accurate listing of names of all persons qualified for degrees could not be compiled before this program went to print. The listing of a name in this program should not be construed as an indication that the person will in fact receive a Spring 2020 degree from Oklahoma State University. Conversely, the absence of a student's name from this list does not necessarily mean the person will not be awarded a degree. Final certification of degree and academic distinction will be made by the Colleges and the Registrar after candidates have completed all degree requirements.
